Prisoners' Legal Services

To Whom it may Concern:

My name is Vicnel Simeon ID # 57163. Currently I am an inmate at the Plymouth County Correctional Facility. Address 26 Long Pond Road, Plymouth, MA 02360. Effectively the actual reason of this letter is to inform the Legal Services about our phone services in this jail. Eventually since I've been incarcerated, the best way I communicate with my love ones is by the phone, because they are living more than 30 miles from the jail. Precisely I do not have a lot of family members out there, except one Cousin, and my baby's mother; and they are not making enough money to support me while incarceration. Actually my baby's mother has been putting money on my phone account to call my children, but due to the high rates of the telephone services, I can only make one call a week to check on my kids, when I could call at least more than once, but exclusively I can't because of the high prices. On the other hand, she cannot afford to even put money on my CarTeen account. Likely if the prices of the phone wasn't too high, she would had be able to put

(204) Some money on my Canteen account.
Therefore I'm please asking the telephone
Company to lower the phone rates for
us, so we can get more privilege
to hear from our loves ones thanks.
Also most of the times I got disconnected
during my called, and to call back the
Company has charged another \$3 fee
for re-connect; from my perspective
I don't think it is fair for the inmates.
Nevertheless, we are in jail, making no money,
why charging \$7 "for" plus \$3 connection
fee for one phone call. However, if they
lower the phone services, inmate like me
will get more access to hear from my
love ones, and have money on my Canteen
account to use for my need while I'm
in here, thank you much.
