Subject: COX COMMUNICATIONS- DTC 17-7

Dear Ms.Fazio-Eynullayeva:

Cox Communications requests an extension of time until November 21st in order to submit its responses to the Department's record requests. The Company has been working diligently on its responses, but more time is needed to complete an internal review of the responses before they are filed. Only recently has the Company received the hearing transcript. The need for an extension was communicated to me yesterday afternoon.

Thank you for your assistance,

Alan Mandl
