

Apply to the ECE Scholarship

The Early Childhood Educator (ECE) Scholarship deadline has been expanded to January 15, 2025. The scholarship helps early education staff pay for more degrees and majors than ever before.

The ECE Scholarship helps members of the early childhood, out-of-school time, and residential workforce seeking degrees in higher education. Eligible majors include early childhood and elementary education, specialties such as social work, special education and many others. You can choose from a long list of eligible schools across Massachusetts.

For more information on how to apply, please visit the [EEC ECE Scholarship webpage](#).

You can also watch a [recorded information session](#) outlining the application process.
