Step 3. To upload your documentation (*documents and images can be no larger than 50 MB*), click the “Browse” button.

The screenshot shows a web form titled "Attach Documents". Below the title, it states "The maximum file size allowed is 50 MB." There is a table with columns: Name, Type, Size, Latest Update, Description, and Action. The table is currently empty, showing "No records found." Below the table, there are three buttons: "Browse" (blue), "Continue Application »" (blue), and "Save and resume later" (blue).

Step 4. A pop-up will let you choose a file from your computer and tell you when the document has loaded. Click “Continue”.

The screenshot shows a "File Upload" pop-up window. It has a close button (X) in the top right corner. Below the title, it states "The maximum file size allowed is 50 MB." There is a list of files being uploaded, showing "zombietest.pdf" with a progress bar at 100%. Below the list, there are four buttons: "Continue" (blue), "Browse" (blue), "Remove All" (blue), and "Cancel" (light blue). An orange arrow points from the "Continue" button to the "Browse" button, and another orange arrow points from the "Browse" button to the "Remove All" button.

Step 5. The pop-up will close and you will be returned to your permit page. It will show that your document is uploaded to the system. There will be 2 fields that will need to be filled out; “Type” and “Description”. The dropdown menu will have the correct documentation choice for your permit, and you can add a brief description. You MUST click “Save” before continuing with your application.

The screenshot shows a web interface for uploading documents. It contains two identical forms stacked vertically. Each form has a 'Type' dropdown menu (currently showing '--Select--'), a 'File' field (showing 'AQ14_Approval.rpt' and '100%'), and a 'Description (Maximum 50 characters)' text area (showing 'A maximum of 50 characters.'). Orange arrows point to the 'Type' dropdown and the 'Description' text area in both forms. At the bottom of the interface are buttons for 'Save', 'Add', 'Remove All', 'Continue Application >', and 'Save and resume later'.

Step 6. Your documents will show up in your application with title, type, and description. Click “Continue Application” to move on to the next step of completing your submission.

The screenshot shows a web dashboard. At the top is a 'Home' link. Below it is a 'DCR Applications' button. A green success message box states: 'The attachment(s) has/have been successfully uploaded. It may take a few minutes before changes are reflected.' Below this is a 'Special Use Permit Application' section with a progress bar showing five steps: '1 Event Information', '2 Documents' (highlighted), '3 Applicant Information', '4 Review', and '5 Record Submitted'. Below the progress bar, it says 'Step 2: Documents > Page 1 of 1' and 'Please upload all applicable documents below. Permit applications cannot be submitted without all required documents either uploaded or sent by mail.'
