Instructions

After clicking Apply Today, you will be redirected to the Instructions page that will help in getting started with your Grant Application.

Welcome to the Massachusetts Child Care Stabilization Grant application. All licensed child care programs open and enrolling children at the time of application are eligible, including programs that do not accept state child care subsidies. Funded programs may also be eligible if run by a private school.

Getting started with your grant application

Each program site must complete an individual application to be considered for funding. Multi-site agencies are able to use their existing LEAD login to submit program applications, but an application must be completed for each individual program site. Programs should complete the full application to request funds and then must confirm application information each month to continue receiving monthly payments for the duration of the grant period. Programs are able to update information on a monthly basis as needed and monthly funding may be adjusted based on new information provided. For information about payment schedules, please click here.

If you have trouble completing the application, please contact support.

Who is Eligible for the EEC Child Care Stabilization Grants?

* All licensed programs open to serve children at the time of the application are eligible for this funding. Programs will not be penalized for a temporary COVID-related emergency closure that occurs during the grant period. Programs that do not offer services for families over the summer will be eligible during the month they open for services.
* Funded programs approved by EEC and run by private schools that otherwise meet the conditions above will also be eligible for this funding.

Staff Information

EEC would like to understand how this funding is being used to invest in staff. The only answer that will affect your grant award is the number of educators working directly with children. All salary information will be used to evaluate the impact of the grant across the Commonwealth.

Please report on the total number of Full-time Equivalent staff (FTE) currently working in a given role and the salary ranges by role.

Note: Please consider full time as >30 hours/week; for staff working fewer than full time hours calculate their FTE as the percentage of full time worked (i.e. if full time is 35 hours/week, someone working 20 hours would be counted as 0.5 FTE). If a staff member is working in multiple roles, please divide their time accordingly across the two roles (i.e. if Teacher/ Director is full-time but works half their time as a teacher and half their time in the director role, each of those roles would be assigned a 0.5 FTE for this person). Note: We are not asking for the number of people in each role. For example, if you have two half-time Assistant Teachers, this would count as 1 FTE.

Do you have any other staff working directly with children and families you would like us to know about? If so, please describe here.
