

I have lived directly across the street from the LMH parking lot on Governors Avenue, Medford for twenty years and the lack of information put forth on this project to those residents that will be impacted has been absent (I'm being kind here) until very recently.

As a very concerned retiring resident (traffic, parking, noise, property value etc.) I am asking that you please reject or delay approving this project until a **full plan** (including directly addressing the topics mentioned previously) of this site is presented and we are afforded the opportunity to be part of the process.

Thank You,
Ellie Feeley
