

List of licensed Hazardous Waste (HW) Transporters who can provide Emergency Response Services

This list is provided by MassDEP to assist parties responsible for releases of Oil and/or Hazardous Materials (OHM) which pose an Imminent Hazard or Public Safety Threat, or for other situations that require the immediate retention of an emergency response contractor. Note that contractors listed below in **bold** are contractors who are contractually pre-qualified to undertake necessary response actions on behalf of the MassDEP if the responsible party is unable or unwilling to do so. There may be other companies that are qualified to complete necessary response actions. **MassDEP Personnel cannot recommend or endorse any specific contractor.**

Responsible parties have additional options for obtaining other qualified cleanup contractors, subject to approval by MassDEP, who can conduct response actions within required timeframes. Options include, but are not limited to:

1. Consult your fuel provider;
2. Consult your insurance provider;
3. Conduct an internet search for Massachusetts “oil spill” or “environmental” cleanup contractors;
4. Massachusetts State-Wide Contract WMR001: Hazardous/Universal, Medical and Electronic Waste Disposal and Emergency Response <https://www.mass.gov/doc/wmr001/download>.
5. Hazardous Waste Transporters: [Hazardous Waste Transportation & Transporters | Mass.gov](#)

MassDEP reserves the right to reject a contractor who in MassDEP’s judgment is deemed unqualified or will not be able to provide necessary response actions within required timeframes.
