REINSTATEMENT APPLICATION FOR
MASSACHUSETTS EMT-BASIC CERTIFICATION**OVERVIEW**

This application is **only for candidates who held Massachusetts EMT-Basic certification** (with or without National Registry of EMTs certification) that has expired and are applying to reinstate their certification.

Prior to submitting this application, you must submit a application and all required documentation to the National Registry of EMTs (NREMT) and complete the cognitive examination. You must enter your NR AppID on your application as confirmation that this step has been completed.

EMTs whose Massachusetts certification has expired (with or without NREMT certification) are eligible for Reinstatement by first obtaining EMT certification from the NREMT. The entry requirements for a previously state licensed EMT who is applying for NREMT certification can be found on the NREMT website, at www.nremt.org. (Please contact the NREMT at 614-888-4484 regarding the application process.) Please also reference the Department's Administrative Requirement (AR) 2-248, available at <https://www.mass.gov/orgs/office-of-emergency-medical-services>.

The NREMT requires that previously state licensed or certified EMTs applying for NREMT certification to complete specific education, take a cognitive examination and take a state approved psychomotor examination. In order to receive authorization to take the Department approved psychomotor exam, you must meet all of the requirements outlined in AR 2-248.

MDPH/OEMS will review and verify your eligibility for certification. Only those candidates who meet **ALL** eligibility requirements will be granted authorization to take the Massachusetts EMT-Basic psychomotor examination. Applications will be returned to those candidates who are not eligible for certification. Please fill out both sides of the form completely and legibly. Sign and date the application form as testimony that all of the information presented is accurate to the best of your knowledge.
