**NOTICE OF MEETING**

In accordance with the provisions of G.L. c. 30A § 20, notice is hereby given that a meeting of the *Energy Advisory Committee (EAC) of the Board of Building Regulations and Standards* will be held on:

Tuesday, September 4<sup>th</sup> beginning @ 2 p.m. and ending @ approximately 4:30 p.m.

*National Grid Offices*  
40 Sylvan Road in Waltham

*It is anticipated that the topics shown below will be discussed at the aforementioned hearing and meeting:*

**Roll Call.**

Michael Andelman, Vice-chair     present     absent  
Robert Anderson or designee     present     absent  
Michael Browne     present     absent  
Fran Boucher     present     absent  
Ian Finlayson     present     absent

Isabel Kaubisch     present     absent  
Don Vigneau     present     absent  
Peter Ostroskey or designee     present     absent  
David Weitz     present     absent  
*Open*     present     absent

**Agenda:**

1. Interpretation of general ventilation requirements of 780 CMR, Section 1203.1 – This is an issue that was raised by Rocky Edwards and Board members referred to the EAC for review.
2. Consideration of 3<sup>rd</sup> party testing requirements for duct testing from AHRI/Sheet metal board.
3. Update on the MA amendments to IECC2018 – voted by the BBRS to public hearing this Fall, but with minor technical updates:
  - a. Updated EV readiness language from the EV subcommittee.
  - b. Updated language for C406 (tall timber construction, integration of heat pump water heating).
  - c. Updated language for *Passivehouse* performance pathway.
4. Consider amended language for residential roof venting requirements in R806.
5. Other business not reasonably anticipated within 2 business days of the meeting.
