If you get 4 or more replacement EBT cards within 12 months you will receive notice that you must talk with a case manager or investigator before getting a new card. Based on this discussion, DTA may investigate to ensure that no fraudulent activities have occurred.

Selling your Card or your Benefits is illegal and can result in disqualifying you from benefits.

EBT Card Replacement Fee

- If someone else uses your card to access benefits, those BENEFITS WILL NOT BE REPLACED.
- If you enter the wrong PIN, the machine will deny your transaction. After 4 wrong attempts, your card will not work until the next day.

## What to Do If EBT Is Not Working or the Store Has No Card Reader

If the EBT system is down or the store does not have a point of sale device, also known as a card reader machine, you can still buy food with SNAP benefits. The clerk may fill out a manual voucher for your food purchases only.

This voucher will list:

- your card number; and
- the amount of your purchase.

After the clerk fills in the voucher, the clerk will call to see if you have enough SNAP benefits to buy the food. Before you sign the voucher, make sure the amount on it is correct. You will be given a copy of the voucher to keep.

Remember that it may take a few days before the amount is subtracted from your SNAP account.

## Fees

Before you use your card, look for a notice telling you about possible surcharges on the ATM screen, or near the POS machine. Surcharges are in addition to the 75 cent fee charged for each ATM withdrawal over three in a calendar month.

Occasionally an EBT system error occurs during a cash or SNAP transaction resulting in a mistake being made in the account balance. Some examples of EBT system transactions errors are:

- if you made a SNAP purchase and the SNAP account was incorrectly charged twice for the same purchase; or
- if an ATM only gave you \$20 when you requested \$40 but your cash account was still charged the \$40.

If you think a system error has reduced your account incorrectly, you may file a claim for an account adjustment by calling Customer Service 1-800-997-2555. You have 90 days from the date of the suspected transaction error to file your claim.

- SNAP account claims are usually resolved within 15 days after reported to Customer Service.
- Cash account claims may take up to 30 days to resolve after reported to Customer Service.
- If the claim is approved, you will receive a letter from DTA.
- If the claim is denied, you will receive a letter from DTA explaining why it was denied.
- If you disagree with a claim's denial, you have the right to appeal and request a fair hearing. To appeal, fill out and submit the form you receive with the letter from DTA.
- Your account may also be adjusted to fix an error. If an adjustment is needed, you will be mailed a notice that explains the reason and your rights.
