MARY TRUONG
 Executive Director

October 3, 2019

Dear Community Partners, Service Recipients and Friends:

We are very pleased to present to you our second edition of: The English Language Resource Directory. In my travels throughout the Commonwealth I have met with residents, community based organizations, and our partners who have expressed a need for greater access to ESL classes for refugees and immigrants statewide. This project arose from MORI's desire to meet the unique needs of Massachusetts refugee and immigrant populations that our office serves. As a former refugee, I have experienced firsthand the importance of accessible English classes as a key component to a successful New American experience. My hope is that this English Language Resource Directory will serve as a tool to further achieve this goal.

I want to take this opportunity to thank each of the organizations that provide these very important services. I would also like to thank the ORI volunteers who have worked to create this directory: Courtney Griffin, Tom Fenu, Andrea Vidal, Tenzin Tseyang, Katherine Auspitz, and Junhyung Yoon as well as ORI staff for their hard work on this project. Please share this Directory with your networks, visit us online at www.mass.gov/ORI to learn more about our programs and services.

We welcome your feedback, and your continued partnership. Thank you.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Mary Truong'.

Mary Truong
 Executive Director

Notes About This Directory

Featured Cities:

This directory was created with the ORI's constituents in mind. As we have outlined in our annual report, many of the refugees and immigrants that use our services, are resettled into seven main cities in Massachusetts: Boston, Lynn, Lowell, Worcester, Springfield, West Springfield, and Westfield. In an effort to create a resource that is useful to this population, this directory has been organized according to those seven cities. With the goal of accessibility of ESL/ESOL classes in mind, we chose to include resources in towns and cities that were within a reasonable distance (approximately 10 miles) from the main city listed. We chose to reduce overlap by assigning a town to only one main city rather than listing any town multiple times. Each of the main cities has its own cover page within this directory that provides a list of the towns that were included in our search.

Finding a Resource:

While all of the resources outlined in this directory are organized by city, we encourage those who are searching for an ESL class to consider resources that are listed in other city sections. This is most helpful for those who live in Boston, Lynn and Lowell and might want to consider resources in all three cities, as well as those who live in Springfield, West Springfield, and Westfield.

Are you an ESOL Provider?

We have done our best to create a detailed and thorough list of ESL resources central to these seven cities. If you or your organization is a provider of ESL/ESOL services, and there is no entry in this directory for your program, please do not hesitate to contact our office so that we may add your program to this directory.

bukia.chalvire@MassMail.State.MA.US

Updating the Directory:

We hope to keep the information in this directory accurate and up to date, so that it remains a useful tool for our clients. If you are a provider listed in this directory and any information is inaccurate, or changes in the future, please reach out to our office so that we can update the information.
