### Memorandum

To: Vaccine Providers  
From: Shumethia Seal, MPH, Vaccine Manager  
Immunization Division  
Rattana Bip, VFC Coordinator  
Immunization Division  
Date: December 2020  
Subject: **2021 Annual Re-Enrollment to receive state-supplied vaccine**

In order to continue to receive state-supplied vaccines from the Massachusetts Department of Public Health (MDPH) Immunization Division/Vaccines for Children Program (VFC), providers are required to re-enroll annually. This year the enrollment period will begin January 4, 2021 and end January 29, 2021. All providers must re-enroll online using the Massachusetts Immunization Information System (MIIS). If your site is registered but you are not an authorized user of the MIIS, please contact the MIIS Helpdesk at 617-983-4335 or [miishelpdesk@state.ma.us](mailto:miishelpdesk@state.ma.us).

Continued enrollment in the MDPH Immunization Division/VFC Program will enable providers to continue receiving vaccines at no cost. MDPH provides routinely recommended childhood vaccines universally to children through 18 years of age regardless of insurance status, except for meningococcal B (MenB) vaccines. MenB vaccines are only available for specific high-risk individuals 10-18 years of age and may be considered for healthy VFC-eligible 16-18 years olds (see Childhood Vaccine Availability Table).

Use of VFC vaccine for individuals that do not qualify for the VFC Program constitutes fraud and abuse and is punishable by law (Medicaid regulation: 42 CFR §455.15). Please keep your privately purchased vaccines separate from the state-supplied vaccines.

#### VFC Compliance Training

To continue to receive vaccine from the MDPH Immunization Division/VFC Program, you must do the following:

1. Complete the Provider Re-enrollment process online by **January 29, 2021**.
2. Ensure that the Primary and Back-up Vaccine Coordinators have received a VFC Compliance and Storage and Handling training certificate during 2020. You may take the required [VFC Compliance Training Webinar](#).

If the re-enrollment is not submitted by **January 29, 2021**, you will be unable to order state-supplied vaccine.

The documents listed below are the programmatic requirements and tools to support your success in the State Vaccine Program. Please review all these documents which can be found at <https://www.mass.gov/info-details/vaccine-program>.

1. Guidelines for Compliance with Federal Vaccine Administration Requirements
2. Provider Agreement to Comply
3. Vaccine Restitution Policy
4. SOP for Vaccine Management
5. Quick Reference Guide – Provider Enrollment
6. Vaccine Management Troubleshooting Log
7. Childhood and Adult Availability Tables
8. Vaccine Replacement Worksheet

If you have any questions about re-enrolling or other aspects of the MDPH Immunization Division/VFC Program, please contact the Vaccine Management Unit at (617) 983-6828.
