Average Cost of Nursing Facility Services RE:

Introduction	In accordance with 130 CMR 520.019(G)(1), MassHealth must impose a period of ineligibility for payment of nursing facility services when it has determined that a MassHealth applicant or member has made a disqualifying transfer of resources.
	When calculating the period of ineligibility, MassHealth uses the average cost to a patient paying privately for nursing facility services in the Commonwealth. Periodically, this figure is revised to reflect increased costs.
Revised Average Cost of Nursing Facility Services	Effective April 1, 2013, the average cost to a patient paying privately for nursing facility services in the Commonwealth increased from \$279 to \$300 a day.
	The date MassHealth receives the application or eligibility review form determines which of the following amount to use when calculating the period of ineligibility for a disqualifying transfer of resources.
	• If received before April 1, 2013: use \$279.
	• If received on or after April 1, 2013: use \$300.
