

Eligibility Operations Memo 15-02
January 1, 2015

TO: MassHealth Eligibility Operations Staff
FROM: Amy Andrade, Director, Member and Provider Services
RE: **Average Cost of Nursing Facility Services**

Introduction

In accordance with 130 CMR 520.019(G)(1), MassHealth must impose a period of ineligibility for payment of nursing facility services when it has determined that a MassHealth applicant or member has made a disqualifying transfer of resources.

When calculating the period of ineligibility, MassHealth uses the average cost to a patient paying privately for nursing facility services in the Commonwealth. Periodically, this figure is revised to reflect increased costs.

Revised Average Cost of Nursing Facility Services

Effective October 1, 2014, the average cost to a patient paying privately for nursing facility services in the Commonwealth **increased** from \$300 to \$310 a day.

The date MassHealth **receives** the application or eligibility review form determines which of the following amounts to use when calculating the period of ineligibility for a disqualifying transfer of resources.

- If received before October 1, 2014, use \$300.
- If received on or after October 1, 2014, use \$310.

Questions
