RE: **Medex Premium Rate Change**

**Correction**

A correction is being made to a quarterly rate in the chart in EOM 16-01, issued on January 1, 2016. Blue Cross/Blue Shield has informed us that the quarterly rates for Medex Gold and Medex Bronze have been changed. Medex Gold has been changed from \$2,433.63 to \$2,421.06. Medex Bronze has been changed from \$558.96 to \$546.60. The new monthly amounts are listed in the chart below.

**Introduction**

Blue Cross and Blue Shield of Massachusetts has received approval from the Division of Insurance on the following premium rates for all of its nongroup Medex plans: Medex Gold, Medex Silver, Medex Standard, Medex Basic, Medex Bronze, Medex Core, Medex Core Plus, Medex Basic without Pharmacy, and Medex Core Plus without Pharmacy, effective January 1, 2016.

**Rate Changes and PACES Codes**

The Medex plans, PACES codes, old and new quarterly rates, and new monthly premiums appear in the chart below. The new monthly premium is the amount allowed as a patient-paid amount (PPA) deduction after other deductions that get priority under MassHealth regulations at 130 CMR 520.026. Fees for special billing arrangements that cause a premium to exceed these amounts are not allowable PPA deductions.

### **Rate Changes and PACES Codes (cont.)**

**Important:** The correct use of PACES codes prevents values greater than the maximum premium amount from being entered. Workers can enter an amount that is less than the current maximum premium amount to calculate retroactive PPA.

Medex Basic, Gold, Silver, Core Plus, Standard, Basic without Pharmacy, and Core Plus without Pharmacy are closed to new members.

### **System Changes**

**Community MassHealth cases** with Medex coding will be updated with the new premium amounts for both MA21 and PACES.

**Long-term-care MassHealth cases** with Medex coding will also be updated with the new premium amounts by the system. MassHealth will recalculate the PPAs for these cases in early January 2016.
