

Supervisor & Reviewer: Print Employees' Performance Reviews

The following steps guide a *supervisor* or *reviewer* through printing employees' performance reviews. Performance reviews should be printed following the completion of each stage. There are three ways to print reviews, either individually in your review task, from the performance review page, or via a report.

Option 1: Print within the Task

This information applies to supervisors or reviewers who are currently in their EPRS action item, who have not submitted, and have not exited out of their performance review. If you have submitted and exited out, please refer to option 2 or 3 below.

STEP 1. While in the task, click the **Options** button in the top right corner of the screen.

STEP 2. Select the **Print Review** button. This will create a PDF document that will automatically save to your downloads folder.

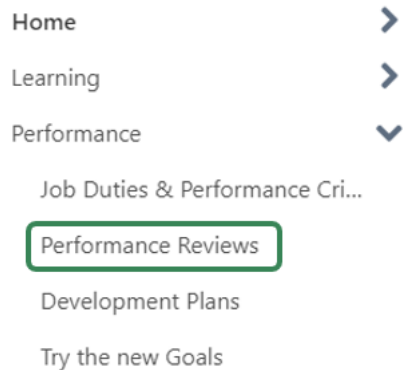

STEP 3. To locate the PDF, access your file folder and select the downloads folder.

Option 2: Print Outside of the Task

If you forgot to print while in your open EPRS action item, you can still access this information for print by following the steps below. This option is useful if you are attempting to print one or multiple reviews from the same review period.

STEP 1. Sign in to your **MyPath** account at **mass.csod.com** (Login is your employee ID).

STEP 2. From the homepage, click the navigation menu in the top right corner of the screen. Click **Performance** dropdown menu and then select **Performance Reviews**.

STEP 3. To access a performance review, select the **My Assigned Reviews** tab.

STEP 4. Select the review you are looking for from the list that appears below.

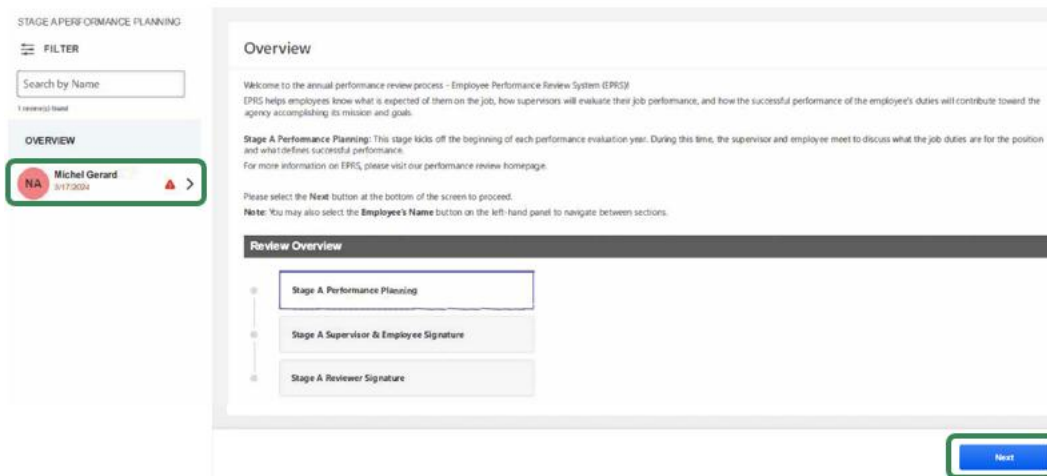

Note: If you are not seeing the performance review you are seeking, try filtering the results by title and/or status.
