Citizenship Affirmation	I am a U.S. Citizen
Residency Affirmation	I am a resident of the Commonwealth of Massachusetts
Statement of Intent	I intend to comply with and advance the policy established by this Act.
Statement of Interest	<p>I am a retired family doctor, age 71, and a concerned citizen, who voted in favor ballot question 2 last November. I have read the SCOTUS Citizens United decision, both the majority and minority opinions, with interest. I don't think that using legal precedent is a sufficiently compelling argument for overturning the decision. Rather, I think that the results going forward since 2010 have made it clear what a disaster this has caused. Intelligence agents from the Russian Federation and a Russian spy for the NRA have been indicted. The provision in the law that corporations must provide the dollar amount spent on donations only goes to show how a group like the NRA is successful in buying the votes of corrupt politicians who claim that Second Amendment rights trump the expressed will of the majority of Americans for serious gun control.</p> <p>I have no previous legal nor legislative experience, but I believe that participation on the citizens commission with others could quickly bring me up to speed.</p> <p>I would be honored to participate in this process.</p>
