NOTICE TO ALL AGENCIES WHO SUBMIT EVIDENCE TO THE MSPCL OR REQUEST LABORATORY PERSONNEL TO PROVIDE CRIME SCENE RESPONSE

Please be advised that if your agency is submitting evidence to the Massachusetts State Police Crime Laboratory (MSPCL) or requesting MSPCL personnel to provide crime scene response, you are agreeing to and hereby acknowledge the following terms and conditions:

1. The MSPCL is responsible for conducting all tests according to standard procedures unless otherwise communicated to the MSPCL upon submission or prior to testing.
2. By submitting to the MSPCL, or by requesting laboratory personnel to provide crime scene response, your agency is authorizing the MSPCL to make all decisions regarding scientifically necessary deviations from said procedures. This may include sending an item(s) to another laboratory for analysis. All procedural deviations shall be documented in the laboratory case record according to laboratory procedure, but notice of each such deviation need not be given to the agency in advance.
3. Information regarding test methods used, any deviations from the test method, and disposition of evidence, including items received, collected, created, or preserved for future testing, are maintained in the case record and are available upon request.

The information contained within this notice is posted at each MSPCL evidence intake window. If you have questions regarding this notice, please do not hesitate to contact the MSPCL at 978-451-3300 or mspcl@massmail.state.ma.us.
