From: Lara Szent-Gyorgyi, Determination of Need Program

Subject: Annual Adjustments to Determination of Need (DoN) Expenditure Minimums

Date: January 25, 2022

---

Each year, pursuant to M.G.L. c.111, § 25B½, the DoN Program issues an informational bulletin on annual adjustments to the DoN expenditure minimums to adjust the Substantial Capital Expenditure dollar amount for inflation.

Section 25B½ specifies the use of an inflation index established by the U.S. Department of Health and Human Services. In place of a federal index such as the Consumer Price Index, the DoN Program has historically performed annual adjustments to DoN expenditure minimums using Marshall & Swift indices for capital expenditures involving construction and equipment. These indices are the basis for the adjustment of expenditure minimums for the period from October 1, 2021 through September 30, 2022.

Effective October 1, 2021, DoN expenditure minimums are adjusted as shown below. The adjustment factors used to update the expenditure minimums are provided in Attachment 1.
