For Master Contract Record with Request for Response (RFR), see [Master Blanket Purchase Order PO-25-1080-OSD03-SRC3-36568](#).

## Benefits and Cost Savings

Statewide Contracts offer numerous benefits that can help your organization save money, reduce risk, and streamline operations. Vendors participating in WMR001 may offer a variety of discounts and value-added services, which can vary by vendor. Complete details on available discounts can be found in the [vendor list](#) table and the pricing files within each vendor's Master Blanket Purchase Order (MBPO) or Master Contract Record MBPO.

Here are some of the key advantages available on this contract:

- **Milk-Run Discounts for Multi-Site Pickups:** Several vendors in Categories 1, 3, and 7 offer discounts for consolidated pickups across multiple locations, providing additional savings for organizations with several sites.

## Who Can Use the Contract

The following is a complete list of the types of organizations generally allowed to use Operational Service Division's (OSD's) Statewide Contracts (SWCs). Some SWCs may be open to additional organizations, and some are more restricted in usage.

- Cities, towns, districts, counties, and other political subdivisions
- Executive, Legislative, and Judicial Branches, including all departments and elected offices therein
- Independent public authorities, commissions, and quasi-public agencies
- Local public libraries, public school districts, and charter schools
- Public hospitals owned by the Commonwealth of Massachusetts
- Public institutions of higher education
- Public purchasing cooperatives
- [Non-profit](#), Uniform Financial Report (UFR)-certified organizations that are doing business with the Commonwealth
- Other states and territories and their cities, towns, districts, counties, other political subdivisions, and public institutions of higher education without prior approval from the State Purchasing Agent
- Other entities when designated in writing by the State Purchasing Agent

## Pricing Options

WMR001 price files are accessible through public view in COMMBUYS; therefore, buyers can access the price files without needing to sign into a COMMBUYS account.

This contract employs a Ceiling/Not-to-Exceed price structure, meaning the contract's published pricing, including discounts, is a maximum price or 'not-to-exceed' limit and can be subject to further negotiation.

**Note:** Product pricing may be found on the [vendor information](#) page, where links to all the vendors' Master Blanket Purchase Order (MBPOs) are provided.

## Quote Response and Requirements

Buyers should refer to the following when soliciting quotes from awarded vendors:

- For purchases of \$10,000 and above, Buyers are required to solicit quotations from all eligible vendors and obtain a minimum of three (3) responses. This ensures a competitive bidding process and helps the Buyer find the best possible value for their purchase. A “no bid” response is considered an acceptable response.
- For purchases under \$10,000, soliciting quotes is at the discretion of the Buyer. However, before making a purchase, Buyers should consult with their Chief Purchasing Officer or equivalent authority.
- Category 9: Emergency Response Services (ERS) and Immediate Response Action (IRA) requires price quotes.

## Purchase Options

WMR001 focuses on the delivery of individual services, and payment will be made on a fee-for-service basis.

This contract provides for multiple methods of purchase:

- **Direct Purchase of Fixed Price Items on COMMBUYS:** Used for products and services with fixed pricing and is viewable in vendor catalogs or price files. See the [Vendor MBPO Listing](#) for a list of eligible vendors. The buyer can submit a request for goods and services from a Statewide Contract (SWC) or a Departmental Contract. This option is for users with Basic Purchaser or Department Access privileges in COMMBUYS. Once the requisition is approved, a Purchase Order (PO) is generated and can be sent to the vendor. Requisitions are documents used to request goods and services. A requisition is the first document used to generate a PO.

See the [How to Make a Statewide Contract Purchase in COMMBUYS](#) job aid for more details.

- **Quote Solicitation:** Buyers can solicit quotes from multiple vendors (see the [Vendor MBPO Listing](#), award vendors, and place orders through COMMBUYS. A solicitation-enabled contract allows the buyer to solicit quotes from vendors who have Master Blanket Purchase Orders (MBPOs) or Statewide Contracts in COMMBUYS. The buyers can create a solicitation-enabled bid using a release requisition, converting the requisition to a bid, and then requesting quotes from eligible vendors.

See the [How to Request Quotes from Vendors on Statewide Contracts](#) job aid for more

details.

- **Document Items in COMMBUYS That Have Already Been Purchased:** This contract enables buyers to retroactively record a previously made contract purchase within the COMMBUYS system. This is done through a Request for Payment Authorization (RPA) Release Requisition, which also allows MMARS users to easily keep track of spending.

For a description on how to complete this purchase in COMMBUYS, see the [How To Record a Contract Purchase Previously Made \(RPA Release\)](#) job aid.

**Note:** MMARS and COMMBUYS do not interface. Payment request and invoice must be reported in both MMARS and COMMBUYS.

## Extend Beyond (Performance and Payment That Goes Beyond Contract End Date)

All agreements for services entered into during the duration of this Contract and whose performance and payment time frames extend beyond the duration of this Contract shall remain in effect for performance and payment purposes (limited to the time frame and services established per each written agreement). No written agreement shall extend more than one (1) year beyond the final termination date of this Statewide Contract. No new agreements for services may be executed after the Contract has expired on **June 30, 2030**.

The extend beyond period is primarily used to aid the transition between an expiring contract and its replacement by allowing time for new agreements to be established with newly awarded vendors.

## Setting Up a COMMBUYS Account

COMMBUYS is the Commonwealth of Massachusetts' official e-procurement platform, serving as a central marketplace for state agencies to procure goods and services connecting government buyers and businesses. It aims to streamline the purchasing process, ensuring transparency, efficiency, and accessibility in the procurement process.

While COMMBUYS use is not mandated for Non-Executive Agencies, it is highly recommended to streamline the procurement process and make informed purchasing choices. Eligible entities should follow their internal guidelines for COMMBUYS use.

- All contracts by a state agency or state-assisted contracts for design, construction, reconstruction, installation, demolition, maintenance, or repair **must** contain Workforce Participation Goals for minorities and women. This is required by M.G.L. c. 149, § 44A(2)(G).
- The Office of the Attorney General’s Fair Labor Division is responsible for enforcing the prevailing wage laws. Visit [www.mass.gov/prevailing-wage-enforcement](http://www.mass.gov/prevailing-wage-enforcement) for more information.

## Appendix: Truck Safety Standards Issued by RMV

The RMV enacted new regulations (540 CMR 4.10 to 4.13) that apply to certain registered motor vehicles, trailers, semi-trailers and semi-trailer units classified as class 3 or above by the Federal Highway Administration, with a gross vehicle weight (GVW) rating of 10,001 pounds or more (“Heavy Vehicles”). Heavy Vehicles that are (1) leased or purchased by the Commonwealth on or after January 1, 2023, or (2) operated under contracts with the Commonwealth executed on or after January 1, 2025, that require the use of Heavy Vehicles in writing or by necessary implication, must be equipped with the following truck safety devices:

- Lateral protective devices (LPD), commonly called “Side Guards”
- Convex mirrors
- Crossover mirrors
- Back-up cameras

For snow and ice management and removal services and towing services, these regulations apply to Heavy Vehicles operated under contracts with the Commonwealth that were executed on or after July 1, 2025. Heavy Vehicles affected by the RMV regulations must be certified as compliant with these requirements beginning 12/31/2025 using the RMV portal. Please refer to MassDOT’s guidance here for information about updates on truck safety devices, the certification and waiver process, and guidance for vendors. Further guidance will soon be available on the OSD website.
