

Massachusetts' Roadmap to a Net-Zero 2050: Webinar on Climate Change Planning in the Commonwealth

Please join the Executive Office of Energy and Environmental Affairs (EEA) for a public webinar on the Commonwealth's planning efforts thus far to address climate change and reduce greenhouse gas emissions. EEA will soon release several reports on pathways to a net-zero emissions future as well as a Clean Energy and Climate Plan for 2030. This webinar will be an opportunity to learn about the research process and provide feedback on the state's outreach plan around policies for 2030.

Webinar link below. Meeting updates will be made at www.mass.gov/2050Roadmap.

Monday, December 7th, 12:00-1:30pm
