Mixed Couple Payment Amounts

Eligible SSI couples may be in different payment categories; the Spouse payment amounts shown above are combined and divided by two in order to pay each member of the couple half of the total payment, shown below.

* **FLA-B** published Federal rate is the same as other SLAs, however, to reduce the benefit rate for in-kind support and maintenance, SSA increases the net countable unearned income in the SDX file by \$322.33 for individuals and \$241.66 for each member of an eligible couple (2025 amounts). Rates shown above are reduced by that amount and are the rates used to determine the cash benefits. This approach and the reduction amount are determined by SSA.

** **FLA-D:** The full federal payment amount is used to determine Medicaid eligibility; however, the lesser amount (Federal rate of \$30 [2025] + State rate of \$42.80) is used to determine the cash SSP benefit.
