The Steamship Authority

SEAPORT TMA

- State subsidized Regional Transit Authority providing connectivity without a preference for any one mode.
- Water transportation focused Authority receiving no State Subsidy. Local governance responsible for operating efficiently and balancing revenues with expenses while meeting regulatory constraints to meet service demands.
- Offers a transit-like service to the riding public, but fully funded by private section partners and focused on getting employees to work.

Models to Learn from

**WATER EMERGENCY
TRANSPORTATION AUTHORITY**

- Operated separately from regional transit authority
- Direct State DOT operation, car carrying ferry investment made instead of bridges
- Agency mission:
 - Transit/transportation
 - Economic development
 - Emergency services
