Federal Fiscal Year 2022
Nonprofit Security Grant Program
Application Instructions

Charles D. Baker
Governor

Karyn E. Polito
Lieutenant Governor

Terrence M. Reidy
Secretary

Kevin J. Stanton
Executive Director
Overview
The U.S. Department of Homeland Security’s (DHS) Federal Fiscal Year (FFY) 2022 Nonprofit Security Grant Program (NSGP) provides funding support for target hardening and other physical security enhancements to nonprofit organizations that are high-risk of terrorist attack.

In Fiscal Year (FY) 2022, multiple funding allocations have been appropriated for nonprofit organizations regardless of whether they are located within the Urban Area Security Initiative (UASI) designated urban areas. As in previous fiscal years, the Nonprofit Security Grant Program - Urban Area (NSGP-UA) will be a competitive grant program that funds nonprofits located in UASI-designated urban areas. In Massachusetts, the UASI Metro Boston area is Boston, Brookline, Cambridge, Chelsea, Everett, Quincy, Revere, Somerville, and Winthrop. Under the Nonprofit Security Grant Program - State (NSGP-S), each state will receive an allocation for nonprofit organizations located outside of the Urban Area Security Initiative (UASI)-designated urban areas.

As the State Administrative Agency (SAA), the Massachusetts Executive Office of Public Safety and Security’s Office of Grants and Research (OGR) is the ONLY entity in Massachusetts that may submit FFY 2022 NSGP applications (also referred to as Investment Justifications) directly to the Department of Homeland Security (DHS)/Federal Emergency Management Agency (FEMA). All applications from eligible nonprofits for FFY 2022 NSGP funding must be submitted to OGR. Final award decisions will be made by DHS/FEMA.

Eligible Applicants:
Nonprofit organizations (as described under section 501(c) (3) of the Internal Revenue Code of 1986) at high-risk of terrorist attacks.
Criteria for determining eligible applicants who are at high-risk of terrorist attacks include, but are not limited to:

- Identification and substantiation (e.g. police reports or insurance claims) of prior threats or attacks (from within or outside the U.S.) by a terrorist organization, network, or cell against the applicant or closely related organizations;
- Symbolic value of the site(s) as a highly recognized national or historical institution that renders the site as a possible target of terrorism;
- Role of the applicant in responding to or recovering from terrorist attacks;
- Findings from previously conducted risk assessments including threat or vulnerability.

An application submitted by an otherwise eligible non-federal entity (which for this program is the SAA) may be deemed ineligible when the person that submitted the application (for the applicant/SAA) is not: 1) a current employee, personnel, official, staff, or leadership of the non-federal entity; and 2) duly authorized to apply for an award on behalf of the non-federal entity at the time of application. Further, the Authorized Organization Representative (AOR) must be a duly authorized current employee, personnel, official, staff or leadership of the recipient and provide an email address unique to the recipient (SAA) at the time of application and upon any change in assignment during the period of performance. Consultants or contractors of the recipient are not permitted to be the AOR of the recipient.

**Unique Entity Identifier**
Effective April 4, 2022, the Federal Government transitioned from using the Data Universal Numbering System or DUNS number, to a new, non-proprietary identifier known as a Unique Entity Identifier or UEI. For entities that had an active registration in the System for Award Management (SAM) prior to this date, the UEI has automatically been assigned and no action is necessary. For all entities filing a new registration in SAM.gov on or after April 4, 2022, the UEI will be assigned to that entity as part of the SAM.gov registration process. UEI registration information is available on GSA.gov at: https://www.gsa.gov/about-us/organization/federal-acquisition-service/office-of-systems-management/integrated-award-environment-iae/iae-systems-information-kit/unique-entity-identifier-update

Grants.gov registration information can be found at: https://www.grants.gov/web/grants/register.html

**Application Requirements:**

1. **Investment Justification (IJ)**
   
   To apply for FFY2022 NSGP funds, applicants must submit an Investment Justification (IJ) utilizing the FFY 2022 NSGP IJ Template available at: https://www.mass.gov/how-to/apply-for-a-nonprofit-security-grant

   Only one IJ is permitted per site, for no more than 3 sites for a maximum of $450,000. The site must have a physical address (not a PO Box #) to be considered eligible. The nonprofit must occupy the location at the time of application.

   Each applicant must develop an IJ that addresses the investments it will make with their proposed funding. The IJ must address an identified risk, including threat and vulnerability, and build or sustain a core capability identified in the National Preparedness Goal. The IJ must demonstrate the ability to provide enhancements consistent with the purpose of the NSGP program and guidance provided by DHS/FEMA.

   NSGP projects must be: 1) both feasible and effective at reducing the risks for which the project was designed; and 2) able to be fully completed by December 31, 2024.

   Applicants must ensure that their IJ is consistent with all applicable requirements outlined in the FFY 2022 NSGP Notice of Funding Opportunity (NOFO) available at https://www.mass.gov/how-to/apply-for-a-nonprofit-security-grant as well as support the National Preparedness Goal available at https://www.fema.gov/sites/default/files/202006/national_preparedness_goal_2ndEdition.pdf

3
2. Applicant Signature Page  
Each applicant must include with its application the Signature Page signed by the nonprofit organization’s representative and emailed to the NSGP program coordinator.

3. Vulnerability Assessment  
In order to be eligible for this grant funding, each applicant must submit with its application a vulnerability assessment unique to the site the IJ is being submitted for as a separate attachment in a PDF or Word format.

4. Mission Statement  
Each applicant must include with its application its Mission Statement in a PDF or Word format. Recognizing the impact an organization’s ideology, beliefs, or mission may have on their risk of potential terror threats, SAA’s will use the Mission Statement along with information provided in the applicant’s IJ in order to validate the organization type. The central purpose of the organization described in the Mission Statement will be used to validate the organization’s type identified in the IJ as either 1) Ideology-based/Spiritual/Religious; 2) Educational; 3) Medical; or 4) Other. The organization type is a factor when calculating the final score of the application.

5. Sub-grantee Risk Assessment Form- Federal regulations included in 2 CFR §200.331 require OGR to evaluate each sub-recipient's risk of noncompliance with Federal statutes, regulations, and the terms and conditions of the sub-award for purposes of determining the appropriate sub-recipient monitoring. NSGP applicants must complete this form and submit it with the applications. The form may be download from https://www.mass.gov/how-to/apply-for-a-nonprofit-security-grant

Allowable Costs
Funds must be spent in compliance with applicable rules and regulations noted in the FFY 2022 NSGP NOFO.

1. Equipment  
Funding may be used for the acquisition and installation of security equipment on real property owned or leased by the nonprofit organization, specifically to prevent or protect against a terrorist attack. Equipment is limited to two categories of items on the Authorized Equipment List (AEL):
   - Physical Security Enhancement Equipment (Category 14)
   - Inspection and Screening Systems (Category 15)
   - Notification and Warning Systems
   - Radios and Public Address Systems

   Additionally, recipients that are using NSGP funds to support emergency communications equipment activities must comply with the SAFECOM Guidance on Emergency Communications Grants, including provisions on technical standards that ensure and enhance interoperable communications.

   The equipment categories are listed on the web-based AEL located on the DHS/FEMA site at www.fema.gov/authorized-equipment-list.

2. Planning  
Funding may be used for security or emergency planning expenses and the materials required to conduct planning activities. Planning must be related to the protection of the facility and the people within the facility and should include those with access and functional needs as well as those with limited English proficiency.

3. Training/Exercises  
Nonprofit organization security personnel may use NSGP funds to attend security-related training courses, exercises and programs in the United States. Allowable training-related costs under NSGP are limited to attendance fees for the training, and related expenses, such as materials, supplies, and/or equipment. Overtime, backfill, and/or travel expenses are not allowable costs. Allowable training topics are limited to the protection of
Critical Infrastructure/Key Resources (CI/KR), including physical and cyber security, target hardening, and terrorism awareness/employee preparedness programs such as Community Emergency Response Team (CERT) training, Active Shooter training and emergency first aid.

Training conducted using NSGP funds must address a specific threat, vulnerability and/or consequence, as identified in the nonprofit’s Investment Justification. Proposed attendance at training courses and all associated costs leveraging the FY 2022 NSGP must be included in the nonprofit organization’s Investment Justification. Proposed attendance at training/exercises and all associated costs using NSGP must be included in the IJ.

4. **Nonprofit Management and Administration (M&A)**
   Nonprofit organizations that receive an award under this program may use and expend up to five percent (5%) of their FY 2022 NSGP funds for M&A purposes.

5. **Indirect (Facilities & Administrative [F&A]) Costs**
   Indirect costs are allowable under this program as described in 2 C.F.R. § 200.414. With the exception of recipients who have never received a negotiated indirect cost rate as described in 2 C.F.R. § 200.414(f). Recipients must have an approved indirect cost rate agreement with their cognizant federal agency to charge indirect costs to this award.

6. **Construction and Renovation**
   Any applicant considering submitting an application that involves construction and renovation cost must contact OGR prior to submission. All recipients of NSGP funds must request and receive approval from DHS/FEMA before any funds are used for construction or renovation.

7. **Maintenance and Sustainment**
   Funding may be used for maintenance contracts, warranties, repair or replacement costs, upgrades, and user fees as described in DHS/FEMA Policy FP 205-402-125-1.

8. **Contracted Security**
   The recipient must be able to sustain this capability in future years without NSGP funding, and a sustainment plan will be part of the closeout package for any award funding this capability. NSGP funds may not be used to purchase equipment for contracted security. Contracted Security costs described in the IJ should include the hourly/daily rate, the number of personnel, and anticipated number of hours/days the personnel will work over the course of the period of performance.

   Additionally, NSGP recipients and subrecipients may not use more than 50% of their award to pay for personnel activities unless a waiver is approved by FEMA.

**Unallowable Costs:**
Examples of unallowable costs are listed below:

- Hiring of public safety personnel. NSGP funds may not be used to support sworn public safety officers for the purposes of fulfilling traditional public safety duties or to supplant traditional public safety positions and responsibilities.
- Grant Writers.
- General-use expenditures. Expenditures for items such as general-use software (word processing, spreadsheet, graphics, etc.), general-use computers and related equipment (other than for allowable M&A activities, or otherwise associated preparedness functions), general-use vehicles, licensing fees.
- Overtime and backfill.
- Weapons, weapons systems and accessories, and ammunition.
- Initiatives that do not address the implementation of programs/initiatives to build prevention and protection-focused capabilities directed at identified facilities and/or the surrounding communities.
- The development of risk/vulnerability assessment models.
- Initiatives that fund risk or vulnerability security assessments or the development of the Investment Justification.
• Initiatives in which Federal agencies are the beneficiary or that enhance Federal property.
• Initiatives that study technology development.
• Proof-of-concept initiatives.
• Initiatives that duplicate capabilities being provided by the Federal government.
• Organizational operating expenses.
• Reimbursement of pre-award security expenses.

Prohibitions on Expending Grant or Cooperative Agreement Funds for Certain Telecommunications and Video Surveillance Services or Equipment
Guidance is available in FEMA Policy #405-143-1, Prohibitions on Expending FEMA Award Funds for Covered Telecommunications Equipment or Services issued May 10, 2022.

Effective August 13, 2020, FEMA recipients and subrecipients may not use any FEMA funds under open or new awards to:
(1) Procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;

(2) Enter into, extend, or renew a contract to procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system; or

(3) Enter into, extend, or renew contracts with entities that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

Definitions
Per section 889(f)(2)-(3) of the FY 2019 NDAA and 2 C.F.R. § 200.216, covered telecommunications equipment or services means:
i. Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation, (or any subsidiary or affiliate of such entities);
ii. For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);
iii. Telecommunications or video surveillance services provided by such entities or using such equipment; or
iv. Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the People’s Republic of China.

Examples of the types of products covered by this prohibition include phones, internet, video surveillance, and cloud servers when produced, provided, or used by the entities listed in the definition of “covered telecommunications equipment or services.” See 2 C.F.R. § 200.471.

See full FFY 2022 NSGP NOFO for other restrictions https://www.fema.gov/grants/preparedness/nonprofit-security/fy-22-nofo
Environmental Planning and Historic Preservation Compliance
DHS/FEMA is required to consider the potential impacts to the human and natural environment of projects proposed for DHS/FEMA funding. DHS/FEMA, through its Environmental and Historic Preservation (EHP) Program, engages in a review process to ensure that funded activities comply with various federal laws. A sub-recipient shall provide any information requested by DHS/FEMA to ensure compliance with applicable EHP requirements. An EHP review will be coordinated through OGR and must be completed before any grant-funded purchases may be made.

OGR will work with those awarded grants on the completion and submission of EHP forms (if completion of forms is deemed necessary). These forms are not due with the application.

Other Grant Requirements
Sub-recipients of FFY 2022 NSGP funding will be required, during their active contract periods, to submit quarterly financial and progress reports to OGR. OGR and DHS/FEMA reserve the right to conduct programmatic and financial site visits with sub-recipients during and after the contract period.

Sub-grant conditions: Sub-recipients will also be required to sign OGR General Sub-recipient Grant Conditions. Key applicable elements of this document will be reviewed with sub-recipients at the beginning of contract activity.

Application/Investment Justification Submission Information
Electronic applications are due no later than 4:00 pm on May 27th, 2022 and must be submitted to patricia.h.mcguirk@mass.gov with the subject line:

- FY 2022 UASI NSGP_UA <Nonprofit Name>.
- FY 2022 STATE NSGP_S <Nonprofit Name>.

Late applications will not be accepted.
Application documents must use the following file naming convention:

- For NSGP-UA: Investment Justifications: FY2022_NSGP_UA <MA> <Metro Boston> <Nonprofit Name>
- For NSGP-S: Investment Justifications: FY2022_NSGP_S <MA> <Nonprofit Name>

An application must be in the form of the FFY 2022 NSGP Investment Justification Template, available at https://www.mass.gov/how-to/apply-for-a-nonprofit-security-grant.

The application must be accompanied by a copy of the organization’s mission statement, vulnerability assessment, OGR risk assessment, applicant signature page, and an indirect cost rate agreement if applicable. These documents must be submitted in Word or PDF format. Any indirect cost rate document included must be in one of these formats.

Do not include letters of support with your application as they will not be reviewed or considered.

Application Review Information and Award Announcements
FFY 2022 NSGP applications will be reviewed through a two-phase state and federal review process for completeness, adherence to programmatic guidelines, feasibility, and how well the IJ (project description and justification) addresses the identified risk(s). For FFY 2022 NSGP-S, the state will make recommendations to DHS/FEMA based on their target allocation of $3,150,000. Priority will be given to nonprofit organizations that have not received prior NSGP funding.

With the assistance of outside reviewers, OGR will review all applications received by the above deadline and then submit eligible applications to DHS/FEMA for final review and award decisions. DHS/FEMA will inform OGR of any awards by late summer 2022. Upon receipt of this information, OGR will notify all applicants. DHS/FEMA will award OGR any NSGP funding by October, 2022 and OGR will aim to enter into contracts with successful applicants by November, 2022, contingent upon awardees providing all necessary signed contract documentation back to OGR in a timely manner.

Application Assistance
Written questions on general application process matters may be sent to patricia.h.mcguirk@mass.gov as this is a competitive grant process, questions on specific review processes, etc., will not be answered. The deadline for questions is **May 23, 2022**. Resulting Q&A will be posted as available at https://www.mass.gov/how-to/apply-for-a-nonprofit-security-grant.

We are pleased to announce a webinar for the FFY2022 NSGP to review changes/highlights, eligibility, allowable costs, an overview of the Investment Justification and a Q&A on **Friday, May 20th at 2pm**. See registration below:

Please register for FFY2022 Nonprofit Security Grant Program Information Session on May 20, 2022 2:00 PM EDT at:

https://attendee.gotowebinar.com/register/2980580732912371211

After registering, you will receive a confirmation email containing information about joining the webinar.
