HELPFUL TIPS FOR COMPLETING YOUR ACTIVITY REPORTS

- Provide a printout or electronic version of the activity report to your officers before they conduct shifts and have them fill it out and return it back to you.
 - ✓ Traffic Enforcement Activity Form
 - ✓ Pedestrian and Bicyclist Enforcement Activity Form
- Entering shift activity into Cognito as completed. (Utilize the “SAVE” feature so you can go back into the report to make edits)
- Before submission, double check your report to make sure all shifts listed on the Monthly Expenditure Report (Excel) correspond to the Activity Reports (Cognito) are the same.
- Be specific on the activities conducted and explain in detail what was completed.

MONTHLY EXPENDITURE REPORT

- Every month you will upload your monthly expenditure report through Cognito, which is then sent to your designated grant manager.
 - ✓ Be sure that this report includes all spending year-to-date (YTD) for previous months on the YTD tab.
- If reporting zero expenditures for a given month, a report submission is **required** indicating \$0 was expended, while uploading a signed \$0 Expenditure Report.
- Most departments have received their authorization email to begin implementing their programs and are approved to be spending.
 - ✓ If you have not received authorization, we are still waiting for the signed contract from our Executive Director or waiting for updates to your department's contracting documents.

Tips for Completing Your Expenditure Report

- Before submitting your reports through Cognito each month, please ensure that it has all the required components completed:
 - ✓ Budget Summary Sheet (signed and dated)
 - ✓ Monthly Cash Expenditures Page (YTD breakdown)
 - ✓ Activity Line-Item Subtotal/Total Pages (all).
- Double check your monthly cash expenditure page (YTD tab) each month to ensure that it matches what you have submitted to us in prior months.
- Track and maintain previous months spending on your expenditure report.
 - ✓ It should show all spending that has occurred during the grant period to date.
 - ✓ Adhere to your approved budget and do not overspend!
- Maintain all records/emails in case you are required to re-submit a report for any reason.

Electronically Signing the Excel Workbook

- Departments are allowed (and encouraged) to electronically sign the monthly reporting forms
- Within the Excel Financial Reporting Form, and the Ribbon (top row of tabs and icons), click **Draw**. If you do not have this tab on your Ribbon, please refer to the instructions found to the left of this text box.
- - Choose the black pen in the Draw Tools section.
- - After selecting the pen option, the mouse/cursor will turn from an arrow to a black dot. (To revert to the mouse cursor, simply select that option / icon)
- - You should now be able to sign the *Budget Summary* page. To complete a signature, use the draw/pen function to sign your name.

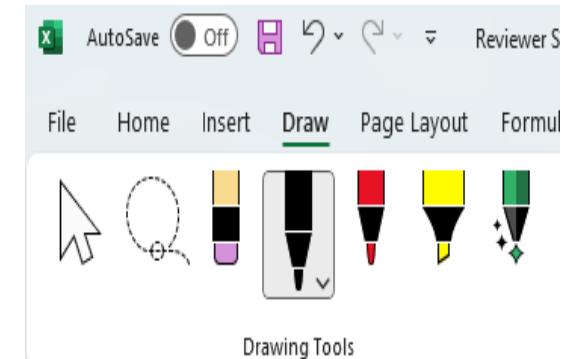

Be sure to click back to the mouse when you are done.

To add the Draw ribbon in Excel, follow these steps:
1. Launch Excel and click the File tab.
2. Click Options, then select Customize Ribbon.
3. Enable the Draw tab by checking the Draw tab checkbox.
4. Click OK to enable the Draw tab on the menu bar ¹. Alternatively, you can right-click the Ribbon, select Customize the Ribbon, check the box next to Draw, and click OK ².

SITE VISITS

- Throughout the grant period, subrecipients are subject to compliance monitoring, which includes site visits, where OGR staff will request grant records to be reviewed.
- If OGR perceives issues relating to any of the grant requirements, appropriate action will take place, including, but not limited to, a site visit, file reviews, non-reimbursement, and suspension of funding.
- Subrecipients that do not observe reporting deadlines, submit incomplete or inaccurate reports, fail to follow the timeline promised in the grant application, underperform, or engage in other practices outside of the grant's limitations will be at risk of losing OGR grant funding and may become ineligible to receive future OGR grant funding.

MID-YEAR AND FINAL PROGRESS REPORTING

- All departments must report on progress toward each measurable target/goal for both Mid-Year and Final Progress reporting.
 - ✓ Mid-Year and Final Progress Reports are now integrated into the monthly Cognito reporting process.
 - ✓ Progress Reports will be required during April (due May 15th) and the August/September (due October 1st) reporting period.
- Please reference your department's **approved** goals and objectives that have been pre-filled in Cognito.
 - **Note:** Goals/objectives that lacked sufficient detail and/or structured were updated during application review to ensure alignment with program scope and statewide priority areas.
- Please contact OGR regarding questions, concerns, or any proposed adjustments to the current goals/objectives.

DE-OBLIGATION REPORT

- A De-obligation Report is due at the end of the grant year along with your final expenditure report.
- The report can be found within one of the tabs at the bottom of your Expenditure Report (Excel) and serves as confirmation of your department's expenses throughout the grant year.
 - ✓ **Note:** If there are any discrepancies in the auto-populated totals, please notify your program coordinator as soon as possible.
- You will sign this form electronically (the same way you sign the monthly summary sheet) or you may print it, sign it, and upload it with your final monthly report. And upload the excel workbook or scanned report into Cognito.
- If the de-obligation report is not received within 15 days of submitting your final campaign report, the grant may be marked final, and you may not have an opportunity to dispute the totals or submit missed reports.
- OGR will send reminder emails out in Fall 2026 regarding the De-Obligation process.

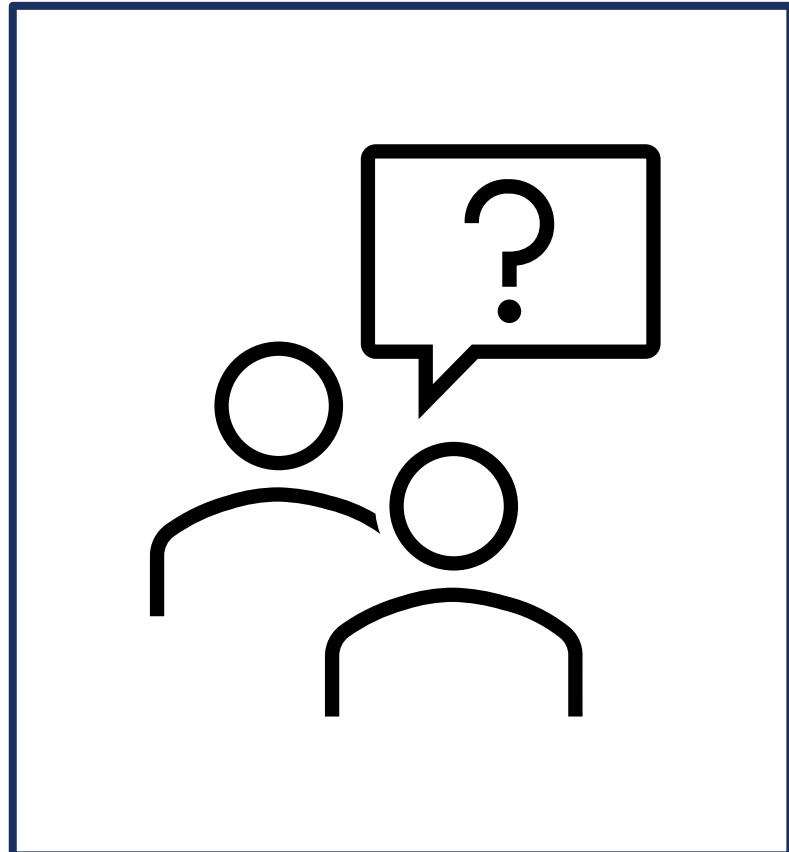

We would like to thank you all for participating in this Webinar and for all your future hard work throughout this grant year of FFY26. Your efforts affect change for road safety in your communities and for the Commonwealth.
