## GENERAL INFORMATION

This document is an evaluation of the Mortgage Lender Community Investment (CRA) performance of **First Guaranty Mortgage Corporation d/b/a goodmortgage.com (First Guaranty or Lender)** pursuant to Massachusetts General Laws chapter 255E, section 8 and the Division of Banks' (Division) regulation 209 CMR 54.00, prepared by the Division, the Lender's supervisory agency, as of **August 8, 2022**.

## SCOPE OF EXAMINATION

An evaluation was conducted using examination procedures, as defined by CRA guidelines. A review of the Division's records, as well as the Lender's public CRA file, did not reveal any complaints related to CRA.

The CRA examination included a comprehensive review and analysis, as applicable, of First Guaranty's:

- (a) origination of loans and other efforts to assist low- and moderate-income (LMI) residents, without distinction, to be able to acquire or to remain in affordable housing at rates and terms that are reasonable considering the mortgage lender's history with similarly situated borrowers, the availability of mortgage loan products suitable for such borrowers, and consistency with safe and sound business practices;
- (b) origination of loans that show an undue concentration and a systematic pattern of lending resulting in the loss of affordable housing units;
- (c) efforts working with delinquent residential mortgage customers to facilitate a resolution of the delinquency; and
- (d) other efforts, including public notice of the scheduling of examinations and the right of interested parties to submit written comments relative to any such examination to the Commissioner of Banks (Commissioner), as, in the judgment of the Commissioner, reasonably bear upon the extent to which a mortgage lender is complying with the requirements of fair lending laws and helping to meet the mortgage loan credit needs of communities in the Commonwealth of Massachusetts (Commonwealth or Massachusetts).

CRA examination procedures were used to evaluate First Guaranty's community investment performance. These procedures utilize two performance tests: the Lending Test and the Service Test. This evaluation considered First Guaranty's lending and community development activities for the period of January 1, 2020 through December 31, 2021. The data and applicable timeframes for the Lending Test and the Service Test are discussed below.

The Lending Test evaluates the mortgage lender's community investment performance pursuant to the following six criteria: geographic distribution of loans, lending to borrowers of different incomes, innovative and flexible lending practices, loss mitigation efforts, fair lending, and loss of affordable housing.

Home mortgage lending for 2020 and 2021 is presented in the geographic distribution, lending to borrowers of different incomes, and the minority application flow tables. Comparative analysis of the Lender's lending performance for 2020 and 2021 is also provided. The aggregate lending data is used for comparison purposes within the evaluation and is a measure of loan demand. It includes lending

information from all Home Mortgage Disclosure Act (HMDA) reporting mortgage lenders that originated loans in Massachusetts.

In addition to gathering and evaluating statistical information relative to a mortgage lender's loan volume, the CRA examination also reflects an in-depth review of the entity's mortgage lending using qualitative analysis. This analysis includes, but is not limited to, an assessment of the suitability and sustainability of the mortgage lender's loan products by reviewing the mortgage lender's internally maintained records of delinquencies and defaults as well as information publicly available through the Federal Reserve Banks, local Registries of Deeds, and through other sources available to the examination team. The examination included inspection of individual loan files for review of compliance with consumer protection provisions and scrutiny of these files for the occurrence of disparate treatment based on a prohibited basis.

The Service Test evaluates the mortgage lender's record of helping to meet the mortgage credit needs by analyzing the availability and effectiveness of a mortgage lender's systems for delivering mortgage loan products, the extent and innovativeness of its community development services, and, if applicable, loss mitigation services to modify loans and/or efforts to keep delinquent home borrowers in their homes.

## **MORTGAGE LENDER'S CRA RATING**

**This mortgage lender is rated “Satisfactory”**

### **Lending Test: “Satisfactory”**

- The geographic distribution of the Lender’s loans reflects an adequate dispersion in LMI census tracts.
- Given the demographics of Massachusetts, the loan distribution to borrowers reflects an adequate record of servicing the credit needs among individuals of different income levels.
- First Guaranty offers flexible lending products, which are provided in a safe and sound manner to address the credit needs of LMI individuals.
- The lending practices and products did not show an undue concentration or a systematic pattern of lending resulting in mortgage loans that were not sustainable.

### **Service Test: “Needs to Improve”**

- First Guaranty did not provide qualified community development activities within the Commonwealth during the evaluation period.
- Service delivery systems are reasonably accessible to geographies and individuals of different income levels in the Commonwealth.

## **PERFORMANCE CONTEXT**

### **Description of Mortgage Lender**

First Guaranty has been licensed in Massachusetts as a mortgage lender since 2002. First Guaranty is licensed in all 50 states and the District of Columbia. The Lender's corporate headquarters is in Dallas, Texas.

On June 30, 2022, First Guaranty filed for bankruptcy protection and ceased originating loans. During the examination period of 2020 and 2021, First Guaranty offered both fixed and adjustable products. The Licensee originated conventional, Federal Housing Administration (FHA), Department of Veterans Affairs (VA), and United States Department of Agriculture (USDA) loans in Massachusetts. The Licensee maintained servicing rights and services a portfolio of Massachusetts loans through a third-party loan servicer.

During 2020 and 2021, First Guaranty originated 1,395 loans totaling approximately \$487 million in Massachusetts.

### **Demographic Information**

The Division's regulation 209 CMR 54.00 requires mortgage lenders to be evaluated on their performance within the Commonwealth. Demographic data is provided below to offer contextual overviews of the economic climate along with housing and population characteristics for Massachusetts.

DEMOGRAPHIC INFORMATION OF THE COMMONWEALTH						
Demographic Characteristics	Amount	Low %	Moderate %	Middle %	Upper %	N/A %

2020 HUD Adjusted Median Family Income	\$104,900		2021 HUD Adjusted Median Family Income			\$106,200
Source: 2015 ACS Census; * Bureau of Labor Statistics as of 12/31/2021						

Based on the 2015 American Community Survey (ACS), the Commonwealth's population was above 6.7 million people with a total of 2.8 million housing units. Of the total housing units, 1.6 million or 56.4 percent are owner occupied, 966,054 or 34.5 percent are rental units, and 9.1 percent are vacant units.

According to the 2015 ACS data, there are 2.5 million households in the Commonwealth with a median household income of \$74,527. Over 41 percent of households are classified as LMI. Twelve percent of the total number households are living below the poverty level. Individuals in these categories may find it difficult to qualify for traditional mortgage loan products.

Households classified as “families” totaled slightly over 1.6 million. Of all family households, 23.3 percent were low-income, 16.4 percent were moderate-income, 19.4 percent were middle-income, and 40.9 percent were upper-income. The median family income reported by the 2015 ACS data was \$93,145. The Department Housing and Urban Development (HUD) adjusted median family income was \$104,900 in 2020 and increased to \$106,200 in 2021. The HUD adjusted median family income is updated yearly and takes into account inflation and other economic factors.

The Commonwealth contains 1,478 census tracts. Of these, 181 or 12.2 percent are low-income; 282 or 19.1 percent are moderate-income; 555 or 37.5 percent are middle-income; 431 or 29.2 percent are upper income; and 29 or 2.0 percent are NA or have no income designation. The tracts with no income designation are located in areas that contain no housing units and will not be included in this evaluation since they provide no lending opportunities. These areas are made up of correctional facilities, universities, military installations, and uninhabited locations such as the Boston Harbor Islands.

Low-income is defined as individual income that is less than 50 percent of the area median income. Moderate-income is defined as individual income that is at least 50 percent and less than 80 percent of the area median income. Middle-income is defined as individual income that is at least 80 percent and less than 120 percent of the area median income. Upper-income is defined as individual income that is more than 120 percent of the area median income.

The median housing value for Massachusetts was \$358,764 according to the 2015 ACS data. The unemployment rate for Massachusetts as of December 31, 2021, stood at 4.6 percent, which was a significant decrease from December 31, 2020, at which time it stood at 8.4 percent according to the Bureau of Labor Statistics. Employment rates would tend to affect a borrower’s ability to remain current on mortgage loan obligations and also correlate with delinquency and default rates.

## **CONCLUSIONS WITH RESPECT TO PERFORMANCE TESTS**

### **LENDING TEST**

The Lending Test evaluates a mortgage lender's record of helping to meet the mortgage credit needs of the Commonwealth through its lending activities. Lending performance is rated under six performance criteria: geographic distribution, borrower characteristics, innovative or flexible lending practices, loss mitigation efforts, fair lending, and loss of affordable housing. The following information details the data compiled and reviewed, as well as conclusions on the mortgage lending of First Guaranty.

First Guaranty's Lending Test performance was determined to be **"Satisfactory"** at this time.

#### **I. Geographic Distribution**

The geographic distribution of loans was reviewed to assess how well First Guaranty is addressing the credit needs throughout Massachusetts' low-, moderate-, middle-, and upper-income census tracts. The table below shows the distribution of HMDA-reportable loans by census tract income level. Lending activity is compared with the percent of owner-occupied housing units based on the 2015 ACS demographics and is also compared to aggregate lending performance in 2020 and 2021.

As shown in the above table, First Guaranty's lending to low- and moderate-income geographies during 2020 and 2021 was above the performance of the aggregate. Data for 2021 showed an increase in volume and percentage of loans made in low- and moderate-income census tracts. The Lender's lending performance is considered adequate at this time.

## II. Borrower Characteristics

The distribution of loans by borrower income levels was reviewed to determine the extent to which the mortgage lender is addressing the credit needs of the Commonwealth's residents. The table below illustrates HMDA-reportable loan originations and purchases, categorized by borrower income level, that were reported by First Guaranty during 2020 and 2021, and compares this activity to the 2020 and 2021 aggregate lending data and the percentage of families by income level within Massachusetts using the 2015 ACS demographics.

Source: 2015 ACS Census; 1/1/2020- 12/31/2021 Lender HMDA Data, 2020 & 2021 HMDA Aggregate Data.						

As shown in the above table, First Guaranty's lending to moderate-income borrowers during 2020 and 2021 was above that of the aggregate. Data for 2021 showed an increase in the percentage of loans made in low-income census tracts that brought First Guaranty's lending above that of the aggregate. The Lender's overall lending performance to low- and moderate-income borrowers is considered adequate at this time.

### **III. Innovative or Flexible Lending Practices**

First Guaranty originated flexible lending products, which were provided in a safe and sound manner to address the credit needs of LMI individuals and geographies.

During the examination period, First Guaranty offered products insured by HUD through its FHA programs. Examples of FHA products that may have helped low- and moderate-income families included high-LTV offerings, including 97% LTV options, 3.5% down payment purchase, and streamline refinance transactions. During 2020 and 2021, First Guaranty closed 223 FHA loans in Massachusetts. Of these, 49 or 22% were made to low- and moderate-income borrowers and 81 or 36% were made in low- or moderate-income census tracts.

During the evaluation period, First Guaranty also originated products through the VA Home Loan Program to qualifying veterans. VA Home Loan Program offers veterans flexible terms such as low or no down payments and no monthly insurance premiums. During 2020 and 2021, First Guaranty originated 84 VA loans in Massachusetts. Five of these or 6% were made to low- and moderate-income borrowers and 19 or 23% were made in low- or moderate-income census tracts.

Additionally, First Guaranty originated loans through the USDA's rural development housing programs. These programs assist low-income applicants obtain decent, safe, and sanitary housing in eligible rural areas. During 2020 and 2021, First Guaranty originated 8 USDA loans in Massachusetts. Five of these or 63% were made to low- and moderate-income borrowers and 1 or 13% were made in a low- or moderate-income census tracts.

First Guaranty also offered several proprietary flexible loan programs. During the review period, First Guaranty closed 50 proprietary purchase and refinance loan products in Massachusetts totaling approximately 29 million. Examples of these products include the achiever, champion, pioneer, trailblazer, and visionary loan programs.

### **IV. Loss Mitigation Efforts**

The Division reviews a mortgage lender's efforts to work with delinquent home mortgage loan borrowers to facilitate a resolution of the delinquency, including the number of loan modifications, the timeliness of such modifications, and the extent to which such modifications are effective in preventing subsequent defaults or foreclosures.

Although First Guaranty retains the servicing rights for a portfolio of loans in Massachusetts, it utilizes a third-party servicer; therefore, this review did not include an evaluation of loan mitigation and modification efforts.

### **V. Fair Lending**

The Division examines a mortgage lender's fair lending policies and procedures pursuant to Regulatory Bulletin 1.3-106. The Lender's compliance with the laws relating to discrimination and other illegal credit practices was reviewed, including the Fair Housing Act and the Equal Credit Opportunity Act. The review included a review of written policies and procedures and individual file review.

## Minority Application Flow

Examiners reviewed First Guaranty's HMDA data to determine whether the mortgage application flow from various racial and ethnic groups was consistent with the area demographics. During 2020, First Guaranty received 1,003 HMDA-reportable mortgage loan applications from within the Commonwealth. Of these applications, 128 or 12.8 percent were received from racial minority applicants. For the same period, First Guaranty received 78 or 7.8 percent of HMDA-reportable applications from ethnic groups of Hispanic or Latino origin. This compares to the 12.1 percent of mortgage loans originated by the aggregate in Massachusetts to racial minorities and 6.2 percent to ethnic minorities in 2020.

During 2021, First Guaranty received 1,419 HMDA-reportable mortgage loan applications from within the Commonwealth. Of these applications, 211 or 14.8 percent were received from racial minority applicants. For the same period, First Guaranty received 271 or 19.1 percent of HMDA-reportable applications from ethnic groups of Hispanic or Latino origin. This compares to the 13.3 percent of mortgage loans originated by the aggregate in Massachusetts to racial minorities and 7.2 percent to ethnic minorities in 2021.

Demographic information for Massachusetts reveals the total racial and ethnic minority population stood at 25.7 percent of total population as of the 2015 ACS data. At 15.2 percent, racial minorities consisted of 6.5 percent Black; 6.0 percent Asian/Pacific Islander; 0.1 percent American Indian/Alaskan Native; and 2.6 percent identified as Other Race. Ethnic minorities consisted of 10.5 percent Hispanic or Latino.

Refer to the following table for information on the Lender's minority application flow as well as a comparison to aggregate lenders throughout the Commonwealth. The comparison of this data assists in deriving reasonable expectations for the rate of applications the Lender received from minority applicants.

*Source: 1/1/2020 - 12/31/2021 Lender HMDA Data, 2020 & 2021 HMDA Aggregate Data*

First Guaranty's performance was above that of the aggregate for racial and ethnic minorities in 2020 and 2021. Overall loan volume increased in 2021, as well as applications from racial and ethnic minority applicants.

## **VI. Loss of Affordable Housing**

This review concentrated on the suitability and sustainability of mortgage loans originated by First Guaranty by considering delinquency and default rates of the Lender and those of the overall marketplace. Information provided by the Lender was reviewed, as were statistics available on delinquency and default rates for mortgage loans.

A review of information and documentation, from both internal and external sources as partially described above, did not reveal lending practices or products that showed an undue concentration or a systematic pattern of lending, including a pattern of early payment defaults, resulting in the loss of affordable housing units.

## SERVICE TEST

The Service Test evaluates a mortgage lender's record of helping to meet the mortgage credit needs in the Commonwealth by analyzing both the availability and effectiveness of a mortgage lender's systems for delivering mortgage loan products, the extent and innovativeness of its community development services, and loss mitigation services to modify loans or otherwise keep delinquent home loan borrowers in their homes. Community development services must benefit the Commonwealth or a broader regional area that includes the Commonwealth.

First Guaranty's Service Test performance was determined to be **"Needs to Improve"** during the evaluation period.

### Community Development Services

A community development service is a service that:

- (a) has as its primary purpose community development; and
- (b) is related to the provision of financial services, including technical services

The Commissioner evaluates community development services pursuant to the following criteria:

- (a) the extent to which the mortgage lender provides community development services; and
- (b) the innovativeness and responsiveness of community development services.

During the review period, First Guaranty did not conduct qualified community development activity in Massachusetts.

Should First Guaranty restart originating mortgage loans and retain its mortgage lender license, management is strongly encouraged to expand its commitment to community outreach activities that meet the definition of community development under the Division's regulation 209 CMR 54.00. Examples may include, but are not necessarily limited to, financial literacy education initiatives, homeownership promotion targeted to low- and moderate-income individuals, foreclosure prevention counseling throughout the Commonwealth, and/or technical assistance to community organizations in a leadership capacity

### Mortgage Lending Services

The Division evaluates the availability and effectiveness of a mortgage lender's systems for delivering mortgage lending services to LMI geographies and individuals.

First Guaranty provides an adequate level of mortgage lending services to LMI geographies and individuals through home purchase and refinance transactions in Massachusetts. During the examination period, First Guaranty provided mortgage lending services through the internet and over the telephone. Overall, the Lender provides an adequate delivery of mortgage lending services throughout the Commonwealth.

## **PERFORMANCE EVALUATION DISCLOSURE GUIDE**

Massachusetts General Laws Chapter 255E, Section 8, and the Division's regulation 209 CMR 54.00, the Mortgage Lender Community Investment (CRA) regulation, require all mortgage lenders to take the following actions within 30 business days of receipt of the CRA evaluation of their mortgage lender:

- 1) Make its most current CRA performance evaluation available to the public.
- 2) Provide a copy of its current evaluation to the public, upon request. The mortgage lender is authorized to charge a fee which does not exceed the cost of reproduction and mailing (if applicable).

The format and content of the mortgage lender's evaluation, as prepared by the Division of Banks, may not be altered or abridged in any manner. The mortgage lender is encouraged to include its response to the evaluation in its CRA public file.

The Division of Banks will publish the mortgage lender's Public Disclosure on its website no sooner than 30 days after the issuance of the Public Disclosure.
