

# FY2019-2023 CIP update: Program Sizes and Spending

## CPC presentation

April 18, 2018

# Overview

- **Since last CPC meeting:**

- Conducted outreach to prioritized list of targeted stakeholders on our list
  - Initiated social media campaign
  - Identified locations and confirmed dates for CIP public meetings
- Reviewed and refined program size requests
  - CIP / STIP alignment will further influence program sizes with FHWA/FTA funded projects
  - TIPs due mid-April
- Reviewed and refined source assumptions
  - Bond Cap targets provided by ANF January 30 and further updated early April
  - MBTA carryover updated to reflect latest FY 18 spending assumptions (detail on slide 28)
  - Pay-go capital projections will be updated, as necessary to align with FY19 operating budget assumptions
- Geographic equity analysis
  - Cambridge Systematics analyzed 2018-2022 geocoded project list and results (geographic equity analysis) to identify issues and to adjust approach to be utilized for the 2019-2023 process
- Economic Impact
  - EDR working with MassDOT to develop methodology to score economic impact of our transportation investments
  - Initial results of work identified issues of importance to households and businesses
  - Results of EDR effort will be incorporated into the CIP update for 2020-2024

- **Today:**

- Need feedback on program size requests and proposed spending
- Discussion of significant changes to costs or ad schedule of proposed projects in 2019-2023 plan (as compared to 2018-2022 plan)
- FY 2018 Accomplishments

# Public engagement strategy update

## Phase 1: Focus on stakeholder education

- Focus on stakeholders – both established and newly identified, across all divisions and modes
- Direct outreach and meetings - in person and electronically – **effort has been ongoing and will continue with updates on public meeting locations and schedule**
- Outreach has focused on explaining the process and why participating in the CIP is relevant to the given group
- CIP engagement team has been in contact with stakeholder groups identified by the Divisions and other identified stakeholder groups

## Phase 2: Focus on input from general public

- Outreach will comply with MassDOT and MBTA Public Participation Plans
- Online commenting tool, consistent with past years – **will be available during the public comment period anticipated to start May 15**
- 10 public meetings across the Commonwealth, consistent with past years
- Social media strategy focuses on highlighting previous projects constructed through the CIP to show successes and request future ideas – **Initial social media posts commenced the week of April 16 and will advertise public meeting locations and schedule**

## Final Analysis: How we use what we hear

- Comments analyzed using qualitative data analysis software
- Relevant comments distributed to divisions and identified contact persons
- Major themes will be documented and published as part of final draft
- Letters and comments will be responded to directly, as appropriate

# Approach to considering program size requests

## Staff recommends accepting program size request

- Program size same or very similar to FY2018-2022 plan's program size
- Same strategy to addressing assets

## Program size is driven by mandated projects

- Project costs drive program size due to mandates

## Need discussion / guidance from CPC

### Brand new programs to be considered

- New programs to consider for inclusion in plan update
- Size of request associated with new program also under consideration

### Program sizes for greater discussion

- Program size deviates from FY2018-2022 plan's program significantly

# Summary of program size requests *(as requested)*

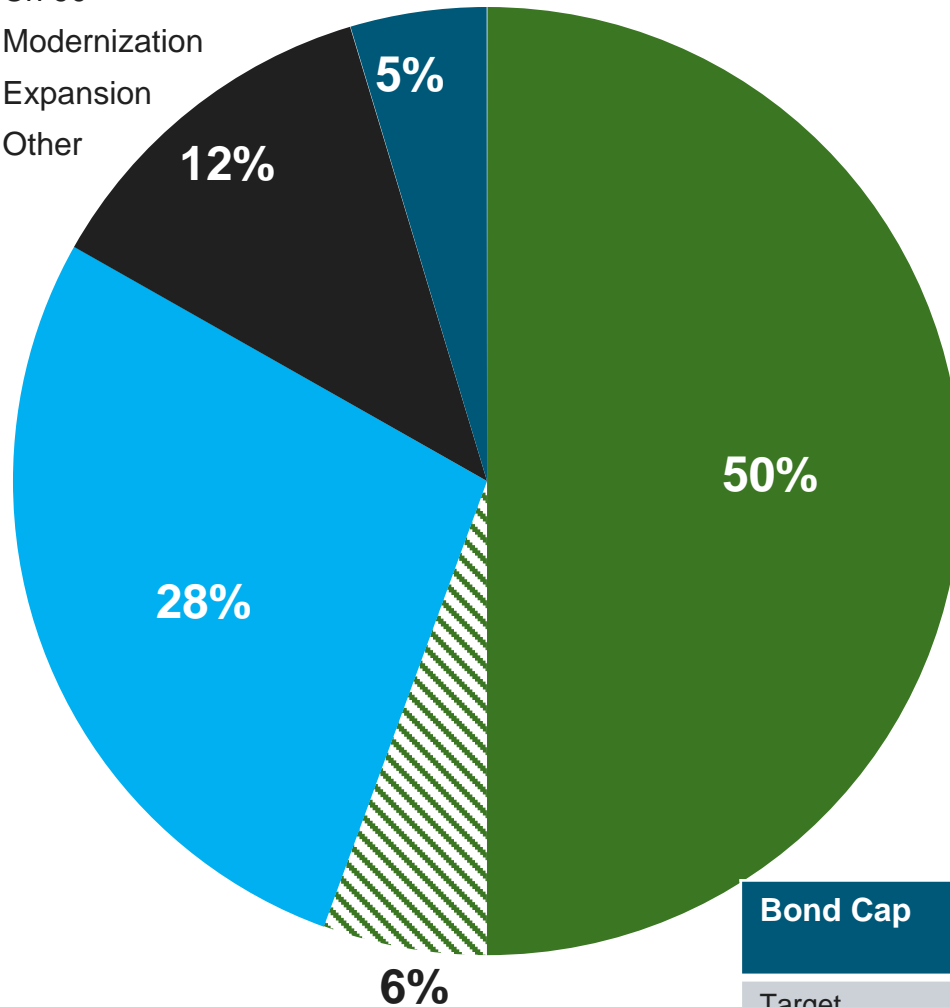

■ Reliability

▨ Ch 90

■ Modernization

■ Expansion

■ Other

<i>millions</i>	FY18-22	FY19-23
Reliability	\$9,790.2	\$8,943.7
Modernization	\$3,280.5	\$4,941.4
Expansion	\$2,213.4	\$2,169.0
Chapter 90	\$1,000.0	\$1,000.0
Other	\$ 915.1	\$ 832.4
<i>Five-year total</i>	<b>\$17,199.2</b>	<b>\$17,886.5</b>

## Bond Cap target\* and estimated committed amounts

Bond Cap	2019 <i>millions</i>	2020	2021	2022	2023
Target	\$879.1	\$895.4	\$890.5	\$912.5	\$857.5
Committed	\$748.5	\$360.6	\$236.7	\$197.8	\$150.2

\*2019 target does not include additional bond cap for South Coast Rail (see slide 16)

# Projects as new major programs

The proposed FY2019-2023 CIP will include six new investment programs for both MassDOT and the MBTA that represent large (>\$500M), complex, cross-cutting projects tied to specific strategic goals or outcomes

## Allston Multi-Modal

- **Goal:** reconstruction and realignment of the Allston interchange to improve safety for all transportation modes: walking, cycling, driving, transit
- **Investments:** Viaduct, Multi-modal Bus and Rail Station, Rail Layover & Yard, Connector Roadways, and Pedestrian / Open Space

## South Coast Rail

- **Goal:** to meet the existing and future demand for public transportation between Fall River/New Bedford and Boston, and to enhance regional mobility while supporting smart growth planning and development strategies in the affected communities
- **Investments:** Vehicles, Signals, Rail, Stations, Infrastructure

## Green Line Extension

- **Goal:** Extend the Green Line from Lechmere to College Ave and Union Square
- **Investments:** Stations, Infrastructure, and Vehicles

## Red Line/Orange Line Improvements

- **Goal:** Replace the Red and Orange Line fleets and build the infrastructure necessary to meet three minute headways goals
- **Investments:** Vehicles, Signals, Infrastructure

## AFC 2.0

- **Goal:** Implement a new integrated, reliable, and convenient fare payment and collection system to replace CharlieCards/Tickets
- **Investments:** Systems Integrator, Technology, Infrastructure

## Commuter Rail Resiliency and Safety (PTC)

- **Goal:** Meet and exceed federal requirements to install PTC and Automatic Train Control (ATC) systems while improving overall resiliency of the Commuter Rail network
- **Investments:** PTC Implementation, ATC Implementation, fiber installation, vegetation management

# Program size requests recommended by staff to accept

Reliability	FY 2018-2022 program size <i>(five-year total)</i>	FY 2019-2023 program size <i>(five-year request)</i>	Notes
IT / Cyber/ Information Security	\$9.6 million	\$15.0 million	Compliance with Article 87 – EOTSS initiatives
Transit / RTA facility and vehicle maintenance	\$10 million	\$17.45 million	Increased costs to address asset condition; funds reprioritized from other CIP programs
Transit / RTA vehicle replacement	\$58 million	\$92.3 million	Increased costs to address asset condition; funds reprioritized from other CIP programs
Rail / Facility reliability	\$15 million	\$16.7 million	Increased need to address asset conditions
Rail / Vehicle reliability	\$5.3 million	\$4.7 million	Adjusted program size to shift funds to other programs since bond cap funds level with last plan
MBTA / Facilities	\$112.6 million	<b>\$355.0 million</b>	Additional investments for bus maintenance facilities and fleet/facilities plan
MBTA / Revenue vehicles	\$1,702.7 million	\$1,289.9 million	Investments for Red/Orange Line Vehicles transferred to own separate program
MBTA / System Upgrades	\$390.9	<b>\$235.0</b>	Updated program size to focus on core systems and equipment reliability
MBTA / Track, signals and power	\$1,285.6	<b>\$950.0 million</b>	Investments related to RL/OL transferred to own separate program

# Program size requests recommended by staff to accept

Reliability	FY 2018-2022 program size <i>(five-year total)</i>	FY 2019-2023 program size <i>(five-year request)</i>	Notes
Highway / All-electronic tolling	\$66.6 million	\$0.0 million	Project complete; to be closed out
Highway / Bridge	\$2,028.2 million	\$2,281.7 million	Includes \$253.5 million design/PM costs
Highway / Design, ROW & environmental	\$660.0 million	\$0 million	Costs reallocated to appropriate CIP Programs
Highway / Facilities	\$161.5 million	\$181.7 million	Includes \$20.2M design/PM costs
Highway / Interstate pavement	\$281.7 million	\$316.9 million	Includes \$35.2M design/PM costs
Highway / Non-Interstate pavement	\$543.9 million	\$611.9 million	Includes \$68M design/PM costs
Highway / Pre-apprenticeship	\$4.6 million	\$0.0 million	Programmed transferred to ODCR* (under OTP & Shared Services)
Highway / Retainage and utility payments	\$50.0 million	\$0 million	Costs reallocated to appropriate CIP programs
Highway / Roadway improvements	\$150.0 million	\$168.8 million	Includes \$18.8M design/PM costs
Highway / Safety improvements	\$235.8 million	\$265.3 million	Includes \$29.5M design/PM costs
Highway / Tunnels	\$350.0. million	\$393.8 million	Includes \$43.8M design/PM costs

\*Office of Diversity and Civil Rights

# Program size requests recommended by staff to accept

Modernization	FY 2018-2022 program size <i>(five-year total)</i>	FY 2019-2023 program size <i>(five-year request)</i>	Notes
Rail / Facility Modernization	\$10.5 million	\$13.25 million	Delay in Platform "C" for Springfield Union Station
RMV / ATLAS	\$102.1 million	\$61.5 million	Reflects remaining spending on project; funded by MassIT bond cap
Transit / RTA facility and system modernization	\$36.8 million	\$ 26.3 million	RTAs reallocated / reprioritized funds to focus on asset conditions in facility and vehicle maintenance and vehicle replacements
Transit /RTA replacement facilities	\$55.8 million	\$16.4 million	Bond cap funds in program were dedicated in 2017-2021 plan for new PVTA maintenance facility; project will be complete in 2019
Highway / ADA retrofits	\$19.4 million	\$21.8 million	Includes \$2.4 million design/PM costs
Highway / Intelligent transportation systems	\$72.5 million	\$81.6 million	Includes \$9.1 million design/PM costs
Highway / Intersection improvements	\$160.7 million	\$180.8 million	Includes \$20.1 million design/PM costs
Highway / Roadway reconstruction	\$1,261 million	\$1,418.6 million	Includes \$157.6 million design/PM costs

# Program size requests recommended by staff to accept

Expansion	FY 2018-2022 program size <i>(five-year total)</i>	FY 2019-2023 program size <i>(five-year request)</i>	Notes
<b>MBTA / Expansion Projects – non-GLX</b>	\$81.0 million	\$59 million	Reflects remaining spending on non-GLX programs
<b>MBTA / Green Line Extension</b>	\$1,506.0 million	\$1,364.5 million	Reflects current project cash flows; tied to approved finance plan for GLX ; was part of MBTA Expansion Projects program
<b>Highway / Bicycle and Pedestrian</b>	\$220.5 million	\$180.6 million	Includes allocation of \$20.1M in design/project management costs and reflects transfer of \$60M to new program under OTP
<b>Rail / Track &amp; ROW Expansion</b>	\$100.0 million	\$0.0 million	Program reflects transfer of funding for SCR project to new program; no projects currently programmed for 2019-2023

# Program size requests for mandated spending

Modernization	FY 2018-2022 program size <i>(five-year total)</i>	FY 2019-2023 program size <i>(five-year request)</i>	Notes
<b>MBTA / Accessibility</b>	\$224.2 million	<b>\$265.0</b> million	20% additional investment for PATI
<b>MBTA / Risk management and mitigation</b>	\$538.8 million	<b>\$177.1</b> million	Renamed program; includes investments in OSHA and security upgrades

# Program size requests for new programs

Modernization	FY 2018-2022 program size (five-year total)	FY 2019-2023 program size (five-year request)	Notes
Highway / Allston Multi-Modal	\$0.0 million	\$16.0 million	Funding the continued design (no construction or other early action items) for reconstruction of the viaduct and other multi-modal investments
MBTA / Commuter Rail Safety and Resiliency	\$0.0 million	\$637.5 million	Includes investments to improve safety and resiliency of Commuter Rail network (including PTC)
MBTA / Capacity enhancements*	\$622.25 million	\$0.0 million	Program eliminated for 2019-2023 and investments included in other programs
MBTA / Process Improvements & innovation*		\$25.0 million	Includes investments in innovations to enhance productivity/quality of MBTA services including FMIS
MBTA / AFC 2.0*		\$160.0 million	Program to focus solely on AFC 2.0 and future technologies
MBTA / Customer Experience and Technology		\$104.0 million	Program to focus on modernization of the system and enhancing customers' experience
MBTA / Red Line/Orange Line Improvements	\$0.0 million	\$1,565.7 million	Includes vehicle and infrastructure investments to modernize the fleet and achieve 3 minute headways

\* Combined as System Improvements for 2018-2022 plan

# Program size requests for new programs

Expansion	FY 2018-2022 program size <i>(five-year total)</i>	FY 2019-2023 program size <i>(five-year request)</i>	Justification <i>(see appendix for detail)</i>
<b>MBTA / Green Line Extension</b>	\$1,506.0 million	\$1,364.5 million	Reflects current project cash flows; tied to approved finance plan for GLX; was originally included as part of MBTA Expansion Projects program
<b>OTP / Bicycle and Pedestrian Modal Implementation</b>	\$0 million	\$60 million	Transfer of program's funds and scope from Highway division to new program
<b>Rail / South Coast Rail Program</b>	\$0.0 million	\$165.8 million	Program reflects funding for SCR project; 2019 funding provided as separate ANF bond cap target for MassDOT; program size reflects additional funds for 2019 only and prior 2018-2022 funding levels; discussions ongoing with ANF regarding additional funding for 2020-2023; Program was originally included under Rail / Track and ROW Expansion program for 2018-2022

# Comparison of program sizes 2018-2022 vs 2019-2023 (\$millions)

Division	2018-2022*	2019-2023*	Increase / (Decrease)*
Aeronautics	\$294.3M	\$294.3M	\$ -
Highway	\$6,710.7M	\$6,669.1M	(\$41.6M)
Information Technology	\$97.8M	\$103.2M	\$5.4M
Rail	\$439.7M	\$508.5M	\$68.8M
Registry of Motor Vehicles	\$110.5M	\$68.6M	(\$41.9M)
Transit	\$217.0M	\$212.6M	(\$4.4M)
MBTA*	\$7,409.6M	\$8,133.2M	\$723.6M
Chapter 90	\$1,000.0M	\$1,000.0M	\$ -
Planning & Shared Services	\$794.6	\$749.5M	(\$45.1M)
Commonwealth Projects	\$125.0	\$147.5M	(\$22.5M)
<b>TOTAL</b>	<b>\$17,199.2M</b>	<b>\$17,886.5M</b>	<b>\$687.3M</b>

\*Totals may not add due to rounding

---

# FY2019-2023 CIP update: Program spending and sources

April 18, 2018

# Bond Cap Targets for MassDOT and MBTA

(\$ millions)	FY2017 Plan	FY2018 Plan	FY2018 Estimated	FY2019	FY2020	FY2021	FY2022	FY2023
<b>MassDOT</b>	<b>\$581.8</b>	<b>\$525.1</b>	<b>\$526.7</b>	<b>\$584.1</b>	<b>\$568.0</b>	<b>\$591.0</b>	<b>\$615.3</b>	<b>\$597.5</b>

Port Projects	-	55.0	55.5	35.0	40.0	35.0	37.5	0.0
<b>Total</b>	<b>\$820.8</b>	<b>\$884.1</b>	<b>\$931.5</b>	<b>\$879.1</b>	<b>\$895.4</b>	<b>\$890.5</b>	<b>\$912.8</b>	<b>\$857.5</b>
SCR (estimated)*	X	X	X	\$80.0	TBD	TBD	TBD	TBD

## Highlights :

### Roads/Bridges

- **\$404 M** in FY19 (\$2,030M over 5-year) for highway *plus*
- **\$200 M** per year for Ch. 90

### Rail/Transit

- **\$151 M** in FY19 (\$765 M over 5-year) for Rail/Transit:
  - **\$60M** per year for MBTA capital support
  - **\$34.3M** in FY19 (\$129 M over 5-year) for RTA cap support

### Rail/Transit - SCR

- **\$80 M** in FY19 for SCR *balance of funding under discussion with ANF*)

### Aeronautics

- **\$21 M** in FY19 (\$68 M over 5-year) for Aeronautics

### Registry

- **\$31 M in FY19** (\$68 M over 5-year) for RMV, including:
  - \$60M for Atlas system
  - \$8M for customer service improvements and alternate service channels

### Port of Boston

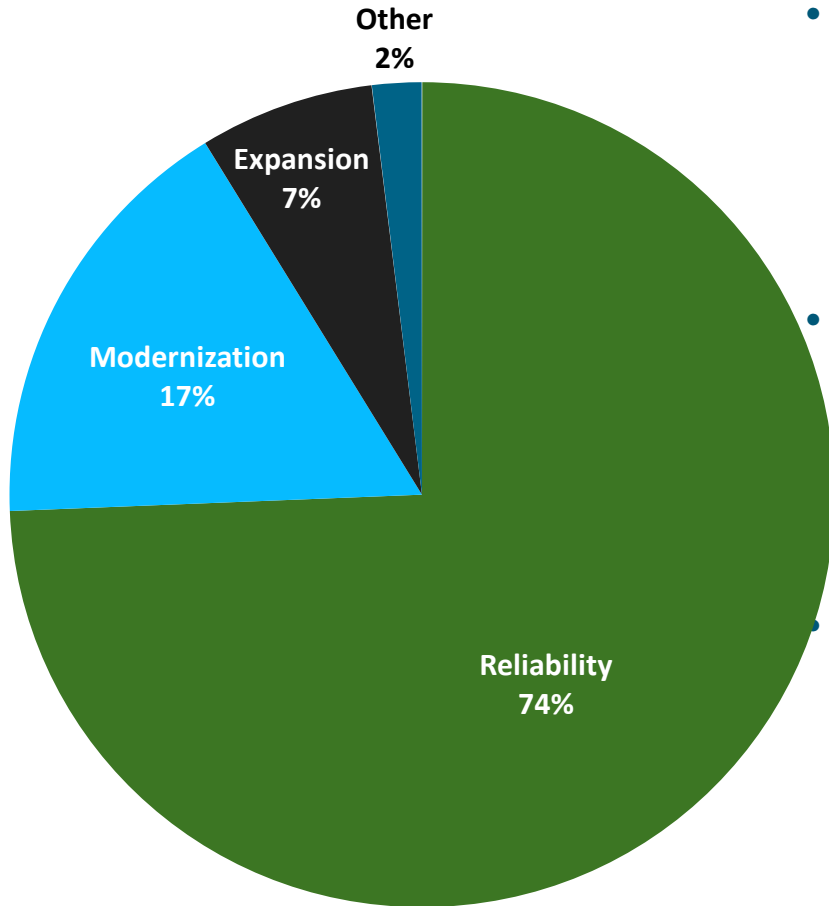

- **\$35 M** in FY19 (\$40 M over 5-year) for harbor dredging
- **\$107.5 M** over 5-year (starting FY20) for landside improvements

\*RMV Bond cap spending deducted from the MassDOT targets.

# MassDOT and MBTA Investment Strategy (Bond Cap only)

## FY2019-FY2023 Investment Strategy

- Recommendation continues to emphasize investments in state of good repair and a strong focus on improving the current system.

### • Reliability

- **\$735 M in FY19** (\$3,270 M over 5-year)
- State of good repair projects
- Improving asset condition to an acceptable standard
- Chapter 90
- MBTA capital support

### • Modernization

- **\$146 M in FY19** (\$747 M over 5-year)
- Improvements beyond state of good repair
- Compliance with federal mandates
- Safety and accessibility
- IT projects

### • Targeted Expansion

- **\$110 M in FY19** (\$304 M over 5-year)
- Expanding existing highway, transit, and rail system
- Bicycle and pedestrian improvements
- Includes \$80M in FY 19 for South Coast Rail (bond cap portion only)

### Other

- Planning studies
- Pre-apprenticeship Program
- Shared Services – Security, Facilities, etc.

# Funding Sources for MassDOT and MBTA

- **Bond Cap:**
  - **\$959.1 M** in FY19; \$4,515M total, including:
    - **\$87.1 M** in FY19 (\$4,435M over 5-year)
    - **\$80 M** in FY 19 for SCR
- **Non Bond Cap: REP Bonds and ABP Funds**
  - **\$344 M** in FY19 (\$1,391M over 5-year), including:
    - **\$71 M** in FY19 (\$92M over 5-year) for Accelerated Bridge Program (ABP)
    - **\$273 M** in FY19 (\$1,244M over 5-year) for Rail Enhancement Program (REP)
- **Federal: \$1,360.3M** in FY 19; (\$7,758M over 5-year)
  - Highway/Planning (FHWA): \$3,775M total
  - Transit (FTA): \$24.1M total
  - Rail/Planning (FRA): \$4.5M total
  - Aviation (FAA): \$133.0M total
  - MBTA (FTA): \$3,819M total
- **Operating:**
  - Toll Revenues: **\$795.4M** over 5-year
  - Operating Assistance (MBTA): **\$560.0M** over 5-year
- **Other:**
  - Local & Private Funds, PTC Loans & CARM: **\$938.5M** over 5-year

# Requested program sizes and sources vs. uses

- Initial cash flow runs forecast that program sizes are affordable
- Dependent upon bond cap request materializing and discretionary federal sources being awarded

## MassDOT ▼

Source millions	Total
<b>Federal</b> available	<b>\$3,939</b>
spending estimate	\$3,939
<b>Tolls</b> available	<b>\$795.4</b>
spending estimate	\$581.2
<b>ABP</b> available	<b>\$86.6</b>
spending estimate	\$86.6
<b>Bond</b> requested	<b>\$4,214*</b>
spending estimate	\$4,214*
<b>REP</b> available	<b>\$147.3</b>
spending estimate	\$147.3
<b>CARM</b> available	<b>\$385.8</b>
spending estimate	\$169.0
<b>Gaming</b> available	<b>\$30.0</b>
spending estimate	\$0

## MBTA ▼

Source millions	Total
<b>Federal</b> available	<b>\$3,819</b>
spending estimate	\$3,682
<b>T Bond</b> available	<b>\$1,855</b>
spending estimate	\$1,855
<b>T Pay-Go</b> available	<b>\$560</b>
spending estimate	\$560
<b>State</b> available	<b>\$1,104</b>
spending estimate	\$1,104
<b>State</b> available	<b>\$301</b>
spending estimate	\$301
<b>Other</b> available	<b>\$494</b>
spending estimate	\$494

Leveraging all federal sources  
(subject to discretionary awards) ►

Tied to annual pay-go available ►

Final program spending ►

Subject to A&F approval of request ►

Tied to capacity of CTF ►

Uses subject to FHWA approval ►

Estimated downward from last plan  
and timing uncertain ►

◀ Leveraging federal resources  
(includes carryover; uses to be identified)

◀ Tied to capacity of bonding

◀ Tied to operations discipline

◀ Includes REP, ABP & Gaming

◀ Includes State bond cap

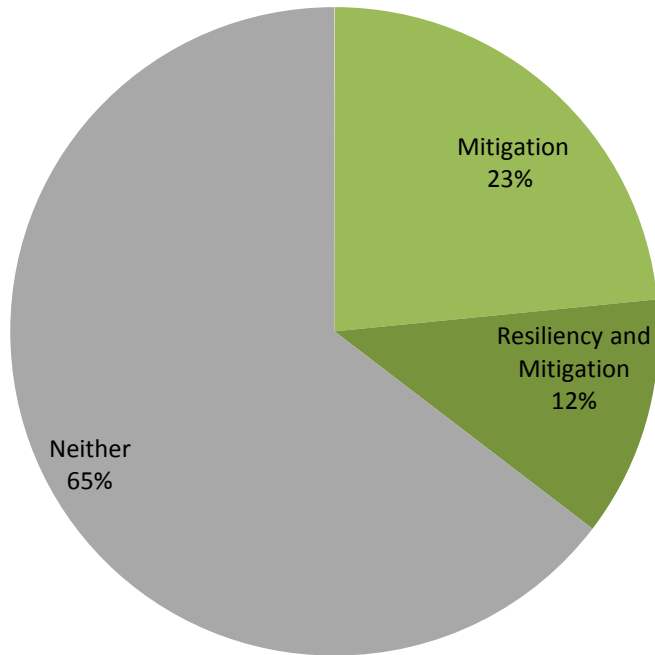

◀ Reimbursables, PTC financing,  
and local contributions

\*Available bond cap includes preliminary estimate for SCR (\$80M in FY19); spending estimate anticipated to tie to available cap (a work in progress)

# Climate Change Mitigation and Resiliency

## Climate Change Mitigation and Resiliency (Bond cap and REP funds)

- **48%** of MassDOT capital plan (bond cap and REP funds) includes program investments to mitigate impacts of climate change
- MassDOT has been conducting several pilot and systematic state-wide climate change vulnerability assessments
  - Focus has been on climate stressors that are most likely to affect critical assets
    - Coastal flooding due to rising sea levels and storm surges (up to 2070)
    - Inland flooding due to extreme precipitation events (up to 2100)
  - Results of the studies will inform the extent to which our critical infrastructure and operations are likely to be affected by such future events
  - Climate impacts are being assessed for significant projects that require NEPA and MEPA reviews
  - Long-term modal transportation plans currently being updated consider potential climate risks and will include high-level adaptation recommendations
- As part of the current project selection process MassDOT and the MBTA use PSAC scoring criteria to evaluate new projects considered for investment
  - *System preservation*, which takes into account climate change mitigation and resiliency needs, is heavily weighted in the overall scoring process
- South Coast Rail program, for example: the work on the Middleboro Secondary will specifically address the future long term flooding concerns of the Taunton River

# Discussion of Project Changes in 2019-2023 to 2018-2022

- Analysis underway of proposed projects for 2019-2023 to determine any significant changes to cost and/or schedule
- Analysis will be presented as part of discussion of proposed projects in May
- Consistent with the presentation by the Highway Division on Major Projects (January 2018) we will identify the following:
  - For any projects \$15 million or greater in total cost, costs that have increased by 10% or more
  - Any changes in ad date by more than one year

# SFY 2018 Accomplishments (MassDOT and MBTA)

## MBTA

- Major project milestones:
  - Green Line Extension \$1 billion Design-Build contract awarded in November 2017 with notice to proceed in December 2017; first Green Line pilot cars arrived March 2018
  - First new Orange Line pilot cars arrived for testing in December 2017; construction began on Orange Line and Red Line infrastructure improvements
  - Positive Train Control hardware and software installation continues in advance of December 2018 deadline
  - AFC 2.0 contract awarded November 2017 and reached financial close in March 2018
  - State of good repair construction contract awards projected to exceed \$450M in FY18; three times the amount awarded in FY16 and 37 percent higher than FY17

## Highway

- All electronic tolling (AET) successfully implemented November 2016; as of February 2017:
  - 156.8 M transactions processed
  - 86% of transactions processed with an E-Z Pass
  - Average of 12 minutes saved on eastbound trips along I-90 from I-495 to South Boston
- 92% of construction contracts completed on or under budget in FY17
- 2.2% of interstate pavement in poor condition in FY17, meeting current target of less than 5%
- 97% of the construction program spending on statewide reliability/maintenance and modernization investments was delivered
- **Rail**
  - Purchased and distributed 33,000 tons of ballast stone
  - Installed 77,000 crossties and 1,100 switch timbers
  - Inspected 200 bridges and culverts; made major repairs to 17 bridges, replaced one bridge and three existing culverts
  - Reconstructed and upgraded 19 grade crossings and made signal upgrades to 8 crossings
  - Surfaced, lined, and tamped 210,000 feet of rail track (approximately 35 miles)
  - Reconstructed track, paving, and electric power for Cape Flyer trainset at Hyannis Yard

# SFY 2018 Accomplishments continued

## Information Technology

- ATLAS
  - MassDOT IT planned, developed and delivered a number of projects to support the go-live of ATLAS including:
    - Provision of credit/debit card payment options for all RMV services
    - Supporting expansion of RMV services to AAA locations (34)
    - Transitioning of RMV payment processing to new vendor resulting in lower processing fees
    - Worked with ATLAS team to ensure simultaneous use of legacy RMV (ALARS) system in parallel to ATLAS to deliver new driver licensing technology 18 months sooner
- Workforce Productivity
  - Developed an electronic field inspection report application for Highway field engineers to standardize processes and procedures of recording and approving daily inspection reports for all highway projects; eliminates the manual recording of a daily activities through hardcopy reporting in daily project ledgers.
  - Electronic application provides electronic document of record to support contract activities and for use in investigation of any vendor claims.

# SFY 2018 Accomplishments continued

- **Chapter 90**

- \$872 M in expected reimbursements for municipal transportation improvements from FY15 through FY18
- Program provides funding to all 351 cities and towns in the Commonwealth based on the formula established by the Legislature (Road miles – 58.33%, Population – 20.83%, Employment – 20.83%)

- **Municipal Bridge Program**

- A total of \$21.2 M has been awarded for 48 municipal projects since inception (FY17)
  - 36 awards in March 2017 for \$16 M
  - 12 awards in January 2018 for \$5.2 M

- **Complete Streets Program – since inception (February 2016)**

- \$4.2 M technical assistance grants have been awarded to 112 municipalities
- \$27.4 M in construction grants have been awarded to 71 municipalities (\$23.2 M in executed construction grants)
- 152 municipalities have approved Complete Streets policies as of January 2018

# SFY 2018 Accomplishments continued

- **RMV**
  - **ATLAS**
    - Release 1 went live on March 26, 2018
    - Registry began offering federally compliant REAL ID credentials
  - Opened 3 new Service Centers in Brockton, Plymouth, and Leominster to provide enhanced customer experience
  - Added 10 more AAA locations so that all 34 AAA locations in the state are offering Registry services
- **Transit**
  - Funded a total of 181 replacement vehicles for the RTAs
    - 45 >30 ft buses replaced
    - 135 <30 ft buses replaced
  - Funded the Lowell RTA's Gallaher Intermodal Center (Terminal Improvement) project which included addition of 1000 sq. feet of interior terminal space, new energy efficient LED lighting, improved customer amenities for seating, ticketing and technology, and new safety and surveillance features
  - Provided construction funding (\$39 million) for Year 2 of 3 for PVRTA Cottage Street operations & maintenance facility
- **Aeronautics**
  - Reconstructed Runway 5-23 and Runway Safety Areas (RSAs) at Lawrence Municipal Airport, to extend the pavement useful life and to provide safe and unobstructed runway access for crash, fire, and emergency rescue equipment
  - Installed security cameras at (5) public use airports to halt aircraft break-ins, and provide clear runway & gate visibility
  - Began the build-out (second floor addition) of the snow removal equipment building at Norwood Airport for \$1.5M that will include additional office space for airport management and eliminate the need for a new airport administration building at a cost savings of \$2.5M.

---

# FY2019-2023 CIP update: Appendix

## Sources, program sizes and spending

April 18, 2018

# MassDOT sources (Preliminary Draft)

Projected sources (in millions)	<u>FY19</u>	<u>FY20</u>	<u>FY21</u>	<u>FY22</u>	<u>FY23</u>	<u>Total</u>
<b>Federal sources of funds</b>						
Federal Highway (FHWA) reimbursements**	\$661.1	\$803.5	\$770.8	\$746.0	\$794.4	\$3,775.8
Federal Transit (FTA) reimbursements***	\$4.6	\$4.7	\$4.8	\$4.9	\$5.1	\$24.1
Federal Aviation (FAA)** reimbursements and grant draws	\$27.1	\$26.5	\$27.1	\$25.1	\$27.5	\$133.3
Federal Rail (FRA) reimbursements and grant draws	\$4.6	\$1.0	\$0.0	\$0.0	\$0.0	\$5.6
<b>Subtotal federal sources*</b>	<b>\$697.4</b>	<b>\$835.7</b>	<b>\$802.7</b>	<b>\$776.0</b>	<b>\$827.0</b>	<b>\$3,938.8</b>
Bond cap	\$898.2	\$835.4	\$830.5	\$852.5	\$797.5	\$4,214.0
Accelerated Bridge bonds	\$69.5	\$17.2	\$0.0	\$0.0	\$0.0	\$86.6
Rail enhancement bonds	\$57.9	\$34.5	\$34.9	\$20.0	\$0.0	\$147.3
CARM****	\$385.8					\$385.8
Metropolitan Highway system (MHS) pay-go	\$56.3	\$54.5	\$45.5	\$44.0	\$41.7	\$242.0
Western Turnpike (WT) pay-go	\$83.5	\$81.8	\$80.5	\$78.4	\$76.7	\$401.0
Tobin Bridge (Tobin) pay-go	\$29.9	\$30.2	\$30.6	\$30.8	\$31.0	\$152.5
Gaming*****	\$0.0	\$30.0	TBD	TBD	TBD	\$30.0
Municipal and local funds	\$1.9	\$1.8	\$1.7	\$1.7	\$1.7	\$8.8
Reimbursable and 3 <sup>rd</sup> parties	\$2.3	\$1.9	\$1.8	\$10.4	\$12.1	\$28.6
Public private partnerships						
<b>Subtotal of non-federal sources*</b>	<b>\$1,585.3</b>	<b>\$1,087.2</b>	<b>\$1,025.6</b>	<b>\$1,037.8</b>	<b>\$960.8</b>	<b>\$5,696.6</b>
<b>Total sources*</b>	<b>\$3,997.6</b>	<b>\$1,922.9</b>	<b>\$1,828.3</b>	<b>\$1,813.8</b>	<b>\$1,787.7</b>	<b>\$9,635.8</b>

\* Totals may not add due to rounding | \*\*Recent omnibus spending bill passed included additional funding for FHWA and FAA, however, since no new apportionment amounts have been distributed to the regions any additional funding is not included. | \*\*\*FTA reimbursements for MassDOT projects only; RTA federal funds are not included | \*\*\*\*Requires FHWA approval to spend funds. | \*\*\*\*\*Awaiting further guidance.

# MBTA funding sources (preliminary draft)

Projected sources (in millions)	Funds on Hand (as of 7/1/18)	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023	Total
<b>Federal sources of funds</b>							
Federal Highway (FHWA) reimbursements	\$25.4	\$32.4	\$28.2	\$23.8	\$0.0	\$0.0	<b>\$109.9</b>
Federal Transit (FTA) reimbursements (prospective)	\$554.7	\$292.7	\$297.7	\$297.7	\$297.7	\$297.7	<b>\$2,038.2</b>
Existing FTA reimbursements and grant draws	\$700.2	\$0.0	\$0.0	\$0.0	\$0.0	\$0.0	<b>\$700.2</b>
FTA Full funding grant agreement (GLX FFGA)	\$518.8	\$150.0	\$150.0	\$100.0	\$46.1	\$0.0	<b>\$965.0</b>

Reimbursable and 3 <sup>rd</sup> parties	\$8.3	\$9.4	\$8.9	\$16.0	\$25.7	\$15.6	<b>\$84.0</b>
Additional State Assistance*	\$99.9	\$150.0	\$150.0	\$150.0	\$150.0	\$150.0	<b>\$849.9</b>
Capital maintenance fund	\$10.6	\$0.0	\$0.0	\$0.0	\$0.0	\$0.0	<b>\$10.6</b>
<b>Subtotal of non-federal sources</b>	<b>\$449.6</b>	<b>\$598.3</b>	<b>\$820.6</b>	<b>\$893.2</b>	<b>\$873.7</b>	<b>\$678.6</b>	<b>\$4,313.9</b>
<b>Total Sources</b>	<b>\$2,254.7</b>	<b>\$1,073.4</b>	<b>\$1,296.6</b>	<b>\$1,314.7</b>	<b>\$1,217.5</b>	<b>\$976.3</b>	<b>\$8,133.1</b>

Note: The use of Revenue Bonds in each year of the CIP includes both cash on hand and new issuances. It does not represent the amount of new issuances anticipated each year. \*Includes \$60M in State bond cap each year. | \*\* Totals may not sum due to rounding

---

# Reliability programs

# Reliability / Aeronautics / Airport Pavement Management System

## Program purpose and need statement:

This program maintains the quality of pavement “inside the airport fence” at an adequate level. This program is necessary to continue safety and maintenance programs at public airports.

## Status of asset management system:

Pavement Management System Inspections, PCI Index: The FAA requires that every 3 to 5 years, the PCI is updated. In the interim, MassDOT personnel will be able to track the PCI in the following ways: each year, the engineering staff will evaluate pavements at airports during their annual inspection; and when a pavement has been reconstructed, the PCI will be adjusted.

## Program performance:

### Tracker target\*

2018 – 72% PCI  
2020 – 85% PCI  
Long Term – 85%  
average PCI\*\*

### PfP tool forecast

87 average PCI for  
airport pavement  
by 2023\*

**FY2018-2022 size:** \$114.3 million over five years

**FY2019-2023 size request:** \$123.3 million over five years

## Justification for FY2019-2023 program size:

- Independent pavement analysis (2017) shows a decrease in the pavement condition index (PCI) at our public use airports (PCI 70 in FY13, PCI 68 FY17). Actual investment of \$17 million per year (\$23 million ask) not adequate to improve PCI and additional investment is warranted.

## Estimated spending over five-years:

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
Bond	\$5.0	\$4.9	\$3.4	\$2.9	\$4.2	\$20.4
FAA	\$18.7	\$21.2	\$12.2	\$24.9	\$19.2	\$96.2
Local	\$1.3	\$1.6	\$1.1	\$1.4	\$1.1	\$6.4
<b>Total</b>	<b>\$25.0</b>	<b>\$27.8</b>	<b>\$16.7</b>	<b>\$29.3</b>	<b>\$24.3</b>	<b>\$123.0</b>

Staff recommends CPC accept program size as requested;  
Federal funding subject to FAA approval

*Totals may not add due to rounding*

\* Tracker targets published in MassDOT’s Annual Performance Report, November 2017

\*\* This PfP forecast is based on new data collected from 2017

# Reliability / Aeronautics / Airport Capital Improvement

## Program purpose and need statement:

This program includes a full range of airport state of good repair projects. This program is necessary to continue safe and efficient airport operations and services.

## Status of asset management system:

MassDOT does not own any airports but prioritizes projects using the FAA's National Priority Rating System criteria. FAA develops the state's priorities for airports with commercial service while the Aeronautics Division determines the priority ratings for general aviation airports. The Aeronautics Division meets with FAA to combine the two capital project lists which is sent to FAA HQ for final approval.

## Program performance:

Tracker target

Not established  
in Tracker

PfP tool forecast

Not forecasted in  
PfP tool

**FY2018-2022 size:** \$155.0 million over five years

**FY2019-2023 size request:** \$146.0 million over five years

## Justification for FY2019-2023 program size:

- Program dollars at 36 public-use airports is not adequate to maintain the existing airport system for the existing programs. Decreased preventative maintenance investment will result in the need for major future capital investment in the long run. Planned investments such as vegetation management (obstruction removal), and airport security cameras and fencing are necessary to ensure safe aircraft arrivals and departures.

## Estimated spending over five-years:

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
Bond	\$8.0	\$3.4	\$2.2	\$7.7	\$2.5	\$23.8
FAA	\$18.3	\$20.8	\$16.8	\$27.3	\$30.1	\$113.3
Local	\$1.6	\$1.0	\$0.9	\$1.5	\$1.8	\$6.7
<b>Total</b>	<b>\$27.8</b>	<b>\$26.2</b>	<b>\$19.9</b>	<b>\$36.5</b>	<b>\$34.4</b>	<b>\$143.8</b>

Staff recommends CPC accept program size as requested; Federal funding subject to approval of FAA

*Totals may not add due to rounding*

# Reliability / Highway / All-electronic tolling

## Program purpose and need statement:

This program converted the I-90 corridor from the New York border to Boston from a cash, toll booth system to a cashless system. Included in the program was the demolition of the former toll booths and realignment of exits and interchanges on the I-90 corridor.

## Status of asset management system:

Not applicable

## Program performance:

### Tracker target

2018 – 90%  
2020 – 92%  
Long Term - 95% E-Z  
Pass payment rate (vs.  
pay-by-plate)

### PfP tool forecast

Not forecasted in  
PfP tool

**FY2018-2022 size:** \$66.6 million over five years

**FY2019-2023 size request:** \$0 million; program complete

## Justification for FY2019-2023 program size:

- Project spending is complete; no spending anticipated over the 2019-2023 plan; project will be closed out.

## Estimated spending over five-years:

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
Tolls	\$0.0	\$0.0	\$0.0	\$0.0	\$0.0	\$0.0
Total	\$0.0	\$0.0	\$0.0	\$0.0	\$0.0	\$0.0

Staff recommends CPC accept program size as requested

Totals may not add due to rounding

# Reliability / Highway / Bridge

## Program purpose and need statement:

This program maintains, reconstructs and replaces state and municipally owned bridges across the Commonwealth.

## Status of asset management system:

Program is included in PONTIS and general Highway Asset Management Plan

## Program performance

### Tracker target

2018 - <14%  
2020 - <13%  
Long Term <10% NHS  
deck area in structural  
deficiency

### PfP tool forecast

Under  
development

**FY2018-2022 size:** \$1,998.6 million over five years

**FY2019-2023 size request:** \$2,281.2 million over five years

## Justification for FY2019-2023 program size:

- Program size includes new fifth year (FY2023) and assumptions of carryforward spending from FY2018
- New Tracker deck target is under development for FY2019
- Estimated program size is based on updated FFY 2019-2023 STIP targets and the new fifth year of the program. Estimated spending is based on advertisement program and includes allocation of \$253.5 million in design/project management costs.

## Estimated spending over five-years:

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
Bond	\$130.4	\$176.3	\$150.7	\$196.7	\$124.1	\$778.1
ABP	\$69.5	\$17.2				\$86.6
REP	\$6.4					\$6.4
FHWA	\$202.6	\$283.2	\$193.7	\$204.6	\$150.7	\$1,034.9
CARM	\$1.1					\$1.1
Tolls	\$49.4	\$48.2	\$42.8	\$28.6	\$27.6	\$196.4
<b>Total</b>	<b>\$459.4</b>	<b>\$524.8</b>	<b>\$387.2</b>	<b>\$429.8</b>	<b>\$302.4</b>	<b>\$2,103.7</b>

Staff recommends CPC accept program size as requested

Totals may not add due to rounding

# Reliability / Highway / Design, Environmental and Right of Way

## Program purpose and need statement:

Costs associated with this program have been allocated to appropriate CIP programs supported by this effort and will no longer be included as a separate program. Costs associated with this effort include individual design, environmental permitting, and land taking contracts for approved projects.

## Status of asset management system:

Not applicable

development

**FY2018-2022 size:** \$281.7 million over five years

**FY2019-2023 size request:** \$316.9 million over five years

## Justification for FY2019-2023 program size:

- Program size includes new fifth year (FY2023) and assumptions of carryforward spending from FY2018 and allocation of \$35.2 million for design/project management costs

## Estimated spending over five-years:

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
Bond	\$29.4	\$17.9	\$5.2	\$5.1	\$11.1	\$68.8
FHWA	\$89.0	\$48.9	\$17.9	\$22.9	\$49.4	\$228.1
Toll	\$24.4	\$6.3	\$15.9	\$10.9	\$2.3	\$59.8
<b>Total</b>	<b>\$142.7</b>	<b>\$73.1</b>	<b>\$39.1</b>	<b>\$38.9</b>	<b>\$62.8</b>	<b>\$356.6</b>

Staff recommends CPC accept program size as requested

*Totals may not add due to rounding*

# Reliability / Highway / Municipal Bridge

## Program purpose and need statement:

This program assists municipalities in repairing and replacing town owned bridges with a span length of less than 20 feet.

## Status of asset management system:

These assets are not under the jurisdiction of MassDOT, but Highway works cooperatively to inspect and rate the condition of small bridges located across the Commonwealth. These inspections are recorded and maintained by the department.

## Program performance:

Tracker target

Not established  
in Tracker

PfP tool forecast

Not forecasted in

**FY2018-2022 size:** \$50.0 million over five years

**FY2019-2023 size request:** \$50.0 million over five years

## Justification for FY2019-2023 program size:

- Current recommendation is to level fund this grant program.
- Spending is based on initial grant awards and future awards could result in spending post-CIP
- Highway is working with municipalities to effectively advance project awards.

## Estimated spending over five-years:

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
Bond	\$9.0	\$14.2	\$13.9	\$8.4	\$4.5	\$50.0
Total	\$9.0	\$14.2	\$13.9	\$8.4	\$4.5	\$50.0

Staff recommends CPC accept program size as requested

*Totals may not add due to rounding*

# Reliability / Highway / Non-Interstate pavement

## Program purpose and need statement:

This program resurfaces and performs related work on non-interstate roads owned by MassDOT. This program is necessary to fund system-wide and site-specific projects to improve pavement condition.

## Status of asset management system:

Program is included in existing pavement management system.

## Program performance:

### Tracker target

2018 – 62%  
2020 – 62%

Long term - 62% of  
pavement in good or  
excellent condition

**FY2018-2022size:** \$235.8 million over five years

**FY2019-2023 size request:** \$265.3 million over five years

## Justification for FY2019-2023 program size:

- Program size includes new fifth year (FY2023), assumptions of carryforward spending from FY2018 and allocation of \$29.5M for design/project management costs.
- Program includes Work Zone Safety Program

## Estimated spending over five-years:

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
Bond	\$15.5	\$14.5	\$8.8	\$7.7	\$3.0	\$49.5
FHWA	\$22.7	\$29.9	\$25.2	\$25.2	\$10.9	\$113.9
Toll	\$11.4	\$27.6	\$4.9			\$43.8
<b>Total</b>	<b>\$49.8</b>	<b>\$71.9</b>	<b>\$38.9</b>	<b>\$32.9</b>	<b>\$13.9</b>	<b>\$207.2</b>

Staff recommends CPC accept program size as requested

**FY2018-2022 size:** \$350.0 million over five years

**FY2019-2023 size request:** \$393.8 million over five years

## Justification for FY2019-2023 program size:

- Program size includes new fifth year (FY2023), assumptions of carryforward spending from FY2018 and allocation of \$43.8M for design/project management costs.
- Updated needs assessment for the MHS Tunnel system is underway, including focus on critical safety improvements.
- Tunnel Lighting P3 and CARM projects will be included in this program once the procurements are finalized.

## Estimated spending over five-years:

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
CARM	\$20.5	\$58.4	\$57.8	\$9.3	\$5.1	\$151.0
Tolls	\$30.8	\$44.9	\$6.0	\$11.6	\$13.1	\$106.3
Total	\$51.3	\$103.3	\$63.8	\$20.8	\$18.1	\$257.3

Staff recommends CPC accept program size as requested

*Totals may not add due to rounding*

# Reliability / IT / Asset Management

## Program purpose and need statement:

This program delivers tools and processes to document, report on and manage MassDOT assets. These tools provide data on the asset life cycle. This program is necessary to maintain the reliability of Commonwealth assets by supporting a consistent approach to asset review and remediation.

## Status of asset management system:

IT has completed implementation of MassDOT/MBTA enterprise self-service, project delivery, and associated tracking tools on the ServiceNow platform. The next step will build out the Change Management module of the platform. This will populate known IT asset information and identify additional assets to track as part of Configuration Management. The last step will be to link them to financial reporting systems to track cost of ownership and improve lifecycle management for these technical assets.

# Reliability / IT / Desktop Experience

## Program purpose and need statement:

This program delivers best in class, highly resilient technologies and services related to desktop and personal computing, conformance and mobile solutions/devices, and network and internet connectivity. This program is necessary to maintain best practices and state of good repair in desktop IT at MassDOT.

## Status of asset management system:

IT has completed implementation of MassDOT/MBTA enterprise self-service, project delivery, and associated tracking tools on the ServiceNow platform. The next step will build out the Change Management module of the platform. This will populate known IT asset information and identify additional assets to track as part of Configuration Management. The last step will be to link them to financial reporting systems to track cost of ownership and improve lifecycle management for these technical assets.

# Reliability / IT / Digital Infrastructure

## Program purpose and need statement:

This program does a range of digital infrastructure work, including state of good repair hardware upgrades and support of operations in the Cloud. This program provides a modern, application-independent information architecture. This program is necessary to meet MBTA's and MassDOT's technology goals by sustaining the core computer, storage, telecommunications and network infrastructure.

## Status of asset management system:

IT has completed implementation of MassDOT/MBTA enterprise self-service, project delivery, and associated tracking tools on the ServiceNow platform. The next step will build out the Change Management module of the platform. This will populate known IT asset information and identify additional assets to track as part of Configuration Management. The last step will be to link them to financial reporting systems to track cost of ownership and improve lifecycle management for these technical assets.

**FY2018-2022 size:** \$19.9 million over five years

**FY2019-2023 size request:** \$19.9 million over five years

## Justification for FY2019-2023 program size:

- Program size will allow for the institution of best practice state of good repair policies for hardware and software replacement and integration. Migration to cloud hosting with integration, testing and security certification (2 projects annually). Support for remaining hybrid environments.

## Estimated spending over five-years:

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
Bond	\$3.2	\$3.0	\$3.5	\$3.95	\$3.95	\$17.6
Total	\$3.2	\$3.0	\$3.5	\$3.95	\$3.95	\$17.6

Staff recommends CPC accept program size as requested

*Totals may not add due to rounding*

# Reliability / IT / Cyber/Information security

## Program purpose and need statement:

This program keeps IT infrastructure and software compliant with best practices and digital security standards to protect both agency and customer data. This program is necessary to maintain customer confidence when making secure transactions.

## Status of asset management system:

IT has completed implementation of MassDOT/MBTA enterprise self-service, project delivery, and associated tracking tools on the ServiceNow platform. The next step will build out the Change Management module of the platform. This will populate known IT asset information and identify additional assets to track as part of Configuration Management. <b>Total</b>	<b>\$91.4</b>	<b>\$119.0</b>	<b>\$81.4</b>	<b>\$59.8</b>	<b>\$0.0</b>	<b>\$351.6</b>

\*FTA's Transit Economic Requirements Model (TERM); scale of 1 to 5 with 5 being the highest rating

Staff recommends CPC accept program size as requested

# Reliability / MBTA / Revenue vehicles

## Program purpose and need statement:

This program rehabilitates and replaces the MBTA revenue fleet, which includes commuter rail, heavy rail, light rail, bus and ferry units.

## Status of asset management system:

MBTA Transit Asset Management Plan and Asset Inventory and Condition Assessments under development, consistent with FTA requirements. Full review of vehicle assets completed for Integrated Fleet and Facilities Plan. Planning full upgrade to Asset Management system for revenue and non-revenue transit vehicles.

## Program performance:

### Tracker target

% of units beyond Useful Life  
Benchmark

### PfP tool forecast

Not forecasted in PfP

**FY2018-2022 size:** \$1,702.7 million over five years

**FY2019-2023 size request:** \$1,289.9 million over five years

## Estimated spending over five-years:

### Justification for FY2019-2023 program size:

- RL/OL vehicle procurement moved to RL/OL Improvements program (-\$585M)
- Net increase to overall vehicles investment to align with estimated annual investment needed for fleet requirements identified in the Integrated Fleet and Facilities Plan

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
FTA	\$156.4	\$218.6	\$235.1	\$181.2	\$233.7	\$1,025.0

# Reliability / Rail / Grade crossings

## Program purpose and need statement:

This program repairs or replaces grade crossings to avoid deterioration, keep or restore class of line, or maintain the crossing's utility. Prioritization of projects in this program will reflect federal guidelines, most recent inspections, type of usage (ex: hazardous cargo), and any contractual or regulatory requirements for action. This program is necessary to maintain a safe and reliable rail system.

## Status of asset management system:

Consultant services engaged to prepare asset management plan.

## Program performance:

**Tracker target**

1.79 highway-rail incidents/1000 grade crossings

**PfP tool forecast**

54% of grade crossings in desired state

**FY2018-2022 size:** \$36.5 million over five years

**FY2019-2023 size request:** \$36.5 million over five years

## Justification for FY2019-2023 program size:

- Program size accounts for new federal OA spending available (plus state match) and other projects funded with solely with state funds
- Program sized to address number of identified grade crossings.

## Estimated spending over five-years:

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
Bond	\$7.6	\$5.1	\$1.8	\$1.7	\$4.0	\$20.2

# Reliability / RMV / Operations maintenance

## Program purpose and need statement:

- This program maintains and improves existing operating systems that support service delivery, application platforms, and electronic records retention.

## Status of asset management system:

Not applicable

## Program performance:

Tracker target

Not established  
in Tracker

PfP tool forecast

Not forecasted in  
PfP tool

**FY2018-2022 size:** \$0.9 million over five years

**FY2019-2023 size request:** \$1.1 million over five years

## Justification for FY2019-2023 program size:

- Program adjusted for 2019-2023 to reflect activities programmed for 2019

## Estimated spending over five-years:

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
Bond	\$0.3	\$0.2	\$0.2	\$0.2	\$0.2	\$1.1
Total	\$0.3	\$0.2	\$0.2	\$0.2	\$0.2	\$1.1

Staff recommends CPC accept program size as requested

*Totals may not add due to rounding*

# Reliability / Transit / Mobility Assistance Program

## Program purpose and need statement:

This program purchases vans and related equipment used to provide transportation for elderly people and individuals with disabilities of all ages. This program uses funds from Councils on Aging, RTAs and non-profits.

## Status of asset management system:

Not applicable

## Program performance:

Tracker target

**FY2018-2022 size:** \$50.1 million over five years

**FY2019-2023 size request:** \$50.1 million over five years

## Justification for FY2019-2023 program size:

- Updated federal dollar estimates in the out years have resulted in a small increase in the program size. Bond cap amount remains flat for all five years.

## Estimated spending over five-years:

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
Bond	\$4.0	\$4.0	\$4.0	\$4.0	\$4.0	\$20.0
FTA	\$4.6	\$4.7	\$4.8	\$4.9	\$5.1	\$24.1
Total	\$8.6	\$8.7	\$8.8	\$8.9	\$9.1	\$44.1

Staff recommends CPC accept program size as requested

*Totals may not add due to rounding*

# Reliability / Transit / RTA facility and vehicle maintenance

**Program purpose and need statement:** The program addresses the maintenance, rehabilitation and upkeep of existing RTA facilities or vehicles.

**Status of asset management system:** Not applicable

## Program performance:

Tracker target

**FY2018-2022 size:** \$10.0 million over five years

**FY2019-2023 size request:** \$10.0 million over five years

## Justification for FY2019-2023 program size:

- This program is funded at a flat level for five years.

## Estimated spending over five-years:

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
Bond	\$2.0	\$2.0	\$2.0	\$2.0	\$2.0	\$10.0
Total	\$2.0	\$2.0	\$2.0	\$2.0	\$2.0	\$10.0

Staff recommends CPC accept program size as requested

*Totals may not add due to rounding*

# Reliability / Transit / RTA vehicle replacement

## Program purpose and need statement:

This program replaces existing Regional Transit Authorities' (RTA) vehicles so that they meet state of good repair standards.

## Status of asset management system:

The RTAs and MassDOT are working to implement the new FTA Transit Asset Management (TAM) plan. TAM is due in October 2018 to FTA.

## Program performance:

### Tracker target

Not established - demand response vehicle age  
Not established - revenue vehicle condition

### PfP tool forecast

7.4 average fleet age in years (up from 4.9)

**FY2018-2022 size:** \$58.0 million over five years

**FY2019-2023 size request:** \$92.3 million over five years

## Justification for FY2019-2023 program size:

- The updated program size reflects the total need as identified by the RTAs. Bond funds leverage RTAs' federal funds.

## Estimated spending over five-years:

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
Bond	\$12.1	\$7.7	\$14.5	\$10.6	\$13.9	\$58.7

# Modernization programs

# Modernization / Aeronautics / Airport Administration Buildings

## Program purpose and need statement:

This program builds or renovates airport administration buildings as recommended by the 2010 Statewide Airport System Plan, which identified 17 airports that did not have existing, or adequate administration buildings. This program is necessary to provide adequate administrative spaces in airports, which is integral to improving the safety, efficiency, and business growth of the airport asset.

## Status of asset management system:

Program called for the building or renovating of 17 buildings over a period of 5 to 8 years.

## Program performance:

Tracker target

Not established

PfP tool forecast

Not forecasted in  
PfP tool

**FY2018-2022 size:** \$25.0 million over five years

**FY2019-2023 size request:** \$25.0 million over five years

## Justification for FY2019-2023 program size:

- The poor state of repair of legacy administration and terminal buildings are severely restricting the potential economic impact of successful airports, as well as impeding the positive momentum of marginal airports.
- Centralizing essential services provided by the administration buildings will position facilities as true nerve centers to improve safety, increase efficiency, promote business growth, attract and improve relations with the community, and overall optimization of the airport asset.

## Estimated spending over five-years:

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
Bond	\$8.0	\$4.9	\$4.5	\$2.9	\$3.7	\$24.0
Local	\$0.4	\$0.3	\$0.2	\$0.2	\$0.2	\$1.3
<b>Total</b>	<b>\$8.4</b>	<b>\$5.2</b>	<b>\$4.7</b>	<b>\$3.1</b>	<b>\$3.9</b>	<b>\$25.3</b>

Staff recommends CPC accept program size as requested

# Modernization / Highway / ADA Retrofits

## Program purpose and need statement:

This program improves the condition and accessibility of state owned sidewalks. This program is necessary to meet obligations identified under the MassDOT ADA Transition Plan.

## Status of asset management system:

An extensive inventory of curb ramps exists. The inventory is updated by highway district staff as locations are reconstructed.

## Program performance:

**Tracker target**

2018 – 40% reduction  
from FY 12  
2020 – 60% reduction  
from FY 12  
Long term - 0 failed or  
missing

**PfP tool forecast**

In development

**FY2018-2022 size:** \$19.4 million over five years

**FY2019-2023 size request:** \$21.8 million over five years

## Justification for FY2019-2023 program size:

- Program size includes new fifth year (FY2023), assumptions of carryforward spending from FY2018 and allocation of \$2.4 million for design/project management costs.

## Estimated spending over five-years:

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
Bond	\$1.4	\$3.7	\$5.9	\$3.3	\$0.2	\$14.5

# Modernization / IT / Customer Digital Experience

## Program purpose and need statement:

This program ensures that MassDOT and MBTA websites present clear, concise, and timely information to the public at all times. This program is necessary to ensure that transportation system users have successful interactions with MassDOT public facing websites.

## Status of asset management system:

IT has completed implementation of MassDOT/MBTA enterprise self-service, project delivery, and associated tracking tools on the ServiceNow platform. The next step will build out the Change Management module of the platform. This will populate known IT asset information and identify additional assets to track as part of Configuration Management. The last step will be to link them to financial reporting systems to track cost of ownership and improve lifecycle management for these technical assets.

PfP tool

**FY2018-2022 size:** \$0.0 million over five years

**FY2019-2023 size request:** \$104.0 million over five years

## Justification for FY2019-2023 program size:

- Included as part of "System Improvements" in 2018-2022 CIP; renamed to reflect projects that enhance customer experience through technology, signage, or other improvements
- Major projects underway are Park Street Wayfinding, T Digital Service, and Green Line Real Time Tracking.

## Estimated spending over five-years:

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
FTA	\$5.5	\$2.7	\$0.80=	\$0.0	\$0.0	\$9.0
MBTA Bond	\$11.4	\$13.7	\$20.2	\$8.0	\$0.0	\$53.3
MBTA Pay-Go	\$10.1	\$2.3	\$2.0	\$0.0	\$0.0	\$14.4
State	\$10.4	\$12.6	\$6.9	\$3.5	\$0.0	\$33.4
<b>Total</b>	<b>\$37.5</b>	<b>\$31.2</b>	<b>\$29.9</b>	<b>\$11.5</b>	<b>\$0.0</b>	<b>\$110.1</b>

**FY2018-2022 size:** \$0.0 million over five years

**FY2019-2023 size request:** **\$160.0** million over five years

## Justification for FY2019-2023 program size:

- Included as part of “System Improvements” in 2018-2022 CIP.
- AFC 2.0 is a high-profile and complex program that should be managed and monitored separately from other customer technology investments
- Total investment in \$407 million over life of the project; program size reflects MBTA payments within the five-year CIP window

## Estimated spending over five-years:

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
MBTA Bond	\$26.1	\$30.1	\$33.5	\$35.1	\$34.8	\$159.6

## FY2018-2022 size:

\$0.0 million over five years

## FY2019-2023 size request: \$1,565.7 million over five years

## Estimated spending over five-years:

## Justification for FY2019-2023 program size:

- The Red Line/Orange Line vehicle procurements, signals work, and infrastructure investments are a complex and high profile project with interdependencies across asset classes.
- Includes Red Line/Orange Line vehicle procurements previously in Revenue Vehicles program, Red Line Signals previously in Track, Signals, and Power program, and Cabot and Wellington Yard rebuild, previously in the System Improvements program.

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
FTA	\$9.9	\$37.0	\$56.3	\$60.0	\$34.8	\$197.8

Staff recommends CPC accept program size as requested

Totals may not add due to rounding

# Modernization / Rail / Bridge modernization

## Program purpose and need statement:

This program repairs or replaces bridges to upgrade capacity to current industry standards for the line or maintain their utility. Prioritization will reflect economic opportunities for the line, most recent inspections, type of usage (ex: hazardous cargo), any contractual or regulatory requirements for action and consistency with the Statewide Rail Plan. This program is necessary to maintain a safe, reliable, cost effective, and modern rail system (ex: 286,000 lbs).

## Status of asset management system:

Consultant services engaged to prepare asset management plan.

**FY2018-2022 size:** \$10.5 million over five years

**FY2019-2023 size request:** \$13.25 million over five years

## Justification for FY2019-2023 program size:

- FY 2019-2023 program sized to continue effort to modernize rail facilities to address regulatory and contractual requirements
- Includes completion of Springfield Union Station and Northampton and Greenfield Stations on the Knowledge Corridor
- \$6.5 million will be needed for Springfield Union Station's Platform "C" (\$10.5 million was included in FY2018)
- Delays with Amtrak approvals have extended the completion of the platform

## Estimated spending over five-years:

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
Bond	\$7.5	\$0	\$0	\$0	\$1.0	\$8.5

# Modernization / Rail / Track and right-of-way modernization

## Program purpose and need statement:

This program repairs or replaces assets within the rail right of way (typically ties, rail, ballast, switches, etc.) to upgrade their capacity to reflect current industry standards (ex: weight capacity to 286,000 lbs) for the line and maintain the line's utility. Prioritization of projects in this program will reflect economic opportunities for the line, most recent inspections, type of usage (ex: hazardous cargo), any contractual or regulatory requirements for action, and consistency with the Statewide Rail Plan. This program is necessary to maintain a safe, reliable, cost effective, and modern rail system.

**FY2018-2022 size:** \$102.1 million over five years

**FY2019-2023 size request:** \$61.5 million over five years

## Justification for FY2019-2023 program size:

- Program size reflects status of project and expected completion in 2021 and all costs associated with FAST Enterprises contract
- Includes Crash System implementation and International Registrations as part of ATLAS in FY2019-2023
- Separate funding for ATLAS implementation provided by MassIT
- Total program size for ATLAS including prior years was \$125 million

## Estimated spending over five-years:

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
Bond	\$28.1	\$27.4	\$4.5			\$60.0

# Modernization / Registry / Alternative service channels

## Program purpose and need statement:

This program funds customer service improvements through installation of self-service kiosks and third party service channels including AAA locations. This program is necessary to improve customer experience.

## Status of asset management system:

Not applicable

## Program performance:

Tracker target

Percent of system-wide transactions conducted outside of Service Centers

PfP tool forecast

Not forecasted in PfP tool

**FY2018-2022 size:** \$2.5 million over five years

**FY2019-2023 size request:** \$2.25 million over five years

## Justification for FY2019-2023 program size:

- Kiosk initiative will not be launched until FY2019-2023 CIP
- Program size adjusted downward to reflect FY2019 adjustment
- Online transaction options, 3<sup>rd</sup> parties, and kiosks help to increase the number of customers serviced in Service Centers in 30 minutes or less by decreasing the customer volume of in-person visits

## Estimated spending over five-years:

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
Bond	\$0.25	\$0.5	\$0.5	\$0.5	\$0.5	\$2.25

# Expansion programs

# Expansion / Highway / Bicycle and Pedestrian

## Program purpose and need statement:

This program constructs multi-use paths and other trails that are independent from a roadway. In addition, this program will meet future needs identified through the ongoing statewide bicycle and pedestrian planning effort.

## Status of asset management system:

Not applicable

## Program performance:

Tracker target

In development

PfP tool forecast

1,041 miles of off-road bicycle and pedestrian facilities

**FY2018-2022 size:** \$220.5 million over five years

**FY2019-2023 size request:** \$180.6 million over five years

## Justification for FY2019-2023 program size:

- In FY2018-2022 program combined Bicycle and Multi-Use Path programs. A portion of the Bicycle and Pedestrian Program funded by bond cap only (\$60 million) has been shifted into a new Bicycle and Pedestrian Modal implementation Program under Planning and Shared Services
- Program size is based on forecasted federal aid pedestrian and multi-use path projects

## Estimated spending over five-years:

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
Bond	\$5.2	\$15.0	\$15.6	\$12.4	\$13.8	\$62.0

In development

**FY2018-2022 size:** \$220.5 million over five years

**FY2019-2023 size request:** \$180.6 million over five years

## Justification for FY2019-2023 program size:

- Existing program; no change in program size; in FY2018-2022 plan was combined with Multi-Use Paths under Highway / Bicycle and Pedestrian Program
- Spending will begin in FY19 as the bicycle and pedestrian modal plans will be completed in FY18; projects and programs will be informed by the final bicycle and pedestrian modal plans
- Priority projects and programs will meet current needs of our customers and work to attract more people to walk and bike to access destinations and transit.

## Estimated spending over five-years:

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
Bond	\$1.0	\$5.0	\$10.0	\$20.0	\$24.0	\$60.0
Total	\$1.0	\$5.0	\$10.0	\$20.0	\$24.0	\$60.0

Staff recommends CPC accept program size as requested

*Totals may not add due to rounding*

# Expansion / Rail / South Coast Rail

## Program purpose and need statement:

This program funds the Commonwealth's commitment to move forward with the South Coast Rail (SCR) project to more fully meet the existing and future demand for public transportation between Fall River/New Bedford and Boston, and to enhance regional mobility while supporting smart growth planning and development strategies in the affected communities.

**FY2018-2022 size:** \$100.0 over five years

**FY2019-2023 size request:** \$165.8 million over five years

## Justification for FY2019-2023 program size:

- FY2019-2023 program continues permitting, design and early action construction activities related to SCR and includes initial construction costs of the project in FY2019
- The project utilizes a phased approach to deliver the service while still proceeding with design and permitting of the Stoughton Electric Full Build alternative; phasing will shorten the time by at least 10 years to implement service
- Funding for FY2020-2023 costs still under discussion with ANF. The total project costs are not yet reflected in the program size pending discussions with ANF.

## Estimated spending over five-years:

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
REP*	\$25.8	\$20.0	\$20.0	\$20.0	\$0.0	\$85.8
Bond	\$80.0					\$80.0
Total	\$105.8	\$20.0	\$20.0	\$20.0	\$0	\$165.8

Staff recommends CPC accept program size as requested

*Totals may not add due to rounding*

*\*An additional \$2.2M per year (\$11M over 5 years) carried under MBTA non-GLX Expansion Program for MBTA related SCR costs*

# Expansion / Rail / Track and right-of-way expansion

## Program purpose and need statement:

This program repairs or replaces assets within the rail right of way (typically ties, rail, ballast, switches, etc.) to expand existing rail services, including the addition of passenger rail or freight rail. Prioritization of projects in the program will reflect economic opportunities for the new service, consistency with the statewide Rail Plan, and any contractual or regulatory requirements for action.

**FY2018-2022 size:** \$100.0 over five years

**FY2019-2023 size request:** \$0.0 million over five years

## Justification for FY2019-2023 program size:

- FY2018-2022 program was focused primarily on the South Coast Rail project; project is now in a separate program
- No additional projects programmed for 2019-2023

## Estimated spending over five-years:

Funding source	2019 millions	2020	2021	2022	2023	2019-2023

# Expansion / Rail / Vehicles expansion

## Program purpose and need statement:

This program repairs, replaces, or acquires rail equipment (locomotives, coaches, ballast cars, light duty vehicles, etc.) to expand existing rail services, including the addition of passenger rail or freight rail. Prioritization will reflect economic opportunities for the new service, consistency with the statewide Rail Plan, and any contractual or regulatory requirements for action.

**FY2018-2022 size:** \$32.0 million over five years

**FY2019-2023 size request:** \$31.0 million over five years

## Justification for FY2019-2023 program size:

- FY2019-2023 maintains existing program size as established in the FY2018-2022 plan

## Estimated spending over five-years:

Funding source	2019 millions	2020	2021	2022	2023	2019-2023
Bond	\$0	\$7.7	\$14.8	\$2.7	\$3.8	\$29.0
Total	\$0	\$7.7	\$14.8	\$2.7	\$3.8	\$29.0
