AST Use Permit Renewal Form (FP-102)

for an aboveground storage tank, in excess of 10,000-gallon gross capacity, for the storage of fluids other than water.

Pursuant to Massachusetts General Law (MGL) c. 148, s. 37, all aboveground storage tanks (AST), subject to the requirements of 502 CMR 5.00, shall be inspected at a frequency established by the State Fire Marshal.

All information must be typed or neatly printed, and all fields completed or this form will be returned.
