**To:** DPH-DL - DoN Program  
**Subject:** Lawrence Memorial building plans

**Please delay approval of the Lawrence Memorial Hospital Surgical Center** until the numerous concerns of the neighborhood are met. We still have many concerns regarding off site parking, traffic concerns etc,

**When the Lawrence Memorial calls a meeting in August when they know many neighbors are away, we know they are not serious about our concerns.** If they were **not** trying to railroad us, they would have had their meeting in September when all neighbors could participate. **This is the MO of the hospitals past construction plans----have an August meeting and say you included the neighbors.**

**Please allow us the opportunity to get more information from them before approving their plans.**

Thanks you,

Fran Kirwan [REDACTED]
