

Is your child:

- Having serious problems at home?
- Frequently absent, or having serious problems at school?
- Running away from home, or being exploited?

Family Resource Centers (FRCs) can help.

FRC services are voluntary, confidential, community-based, and tailored to meet your family's needs.

FRC services are convenient, with some programs available during evenings and weekends.

Family Resource Centers

Offering parenting programs, support groups, assessment services, and information and referral resources.

What is a Family Resource Center (FRC)?

Family Resource Centers (FRCs) help families and individuals resolve challenges, strengthen their bonds, connect to others, and engage in their communities. FRCs are located in each of the 14 Massachusetts counties.

What does the Family Resource Center do?

FRCs offer parenting programs, support groups, information and referral resources, assessment services, early childhood services and education programs for families whose children range in age from birth to 18 years old.

FRCs also have specific services for families with children who may be frequently absent or have serious problems at school, have serious problems at home, have run away from home, or are being exploited.

FRCs work with parents, children, teens, grandparents, guardians, caregivers, or any other family member or member of the community who may be involved with the family.

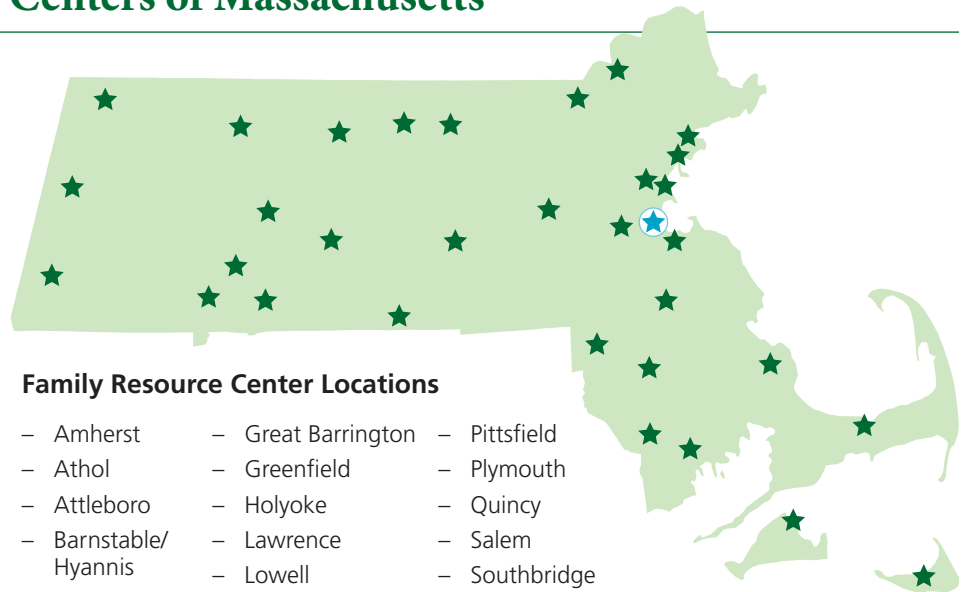

FRC staff will assess the needs of the family members, recommend FRC services, and help with access to other community services if needed.

For more information regarding services available at a particular FRC, please contact the FRC directly. Contact information for FRCs can be found at www.frcma.org
