1. Am I eligible for assistance through Mass HAF?

You may qualify for Mass HAF if you meet all the following requirements:

- You own and live in a single-family home, condominium, or 2- 3- or 4-family home located in Massachusetts. This home must be your primary residence.
- Because of the COVID-19 pandemic, your income went down, or your living expenses went up, on or after January 21, 2020. You may have lost your job, have fewer work hours, are paying more for childcare, were sick, or were unable to work because you had to take care of a family member.
- You have missed at least 3 or more home mortgage payments since January 21, 2020. The payments do not need to be consecutive. However, at least 3 or more of the missed payments must be outstanding at the time of application.
- Your mortgage is not currently in forbearance or loss mitigation.
- Your mortgage, at the time of origination, had a principal balance that did **not** exceed than the Fannie Mae conforming loan limit. Please view question 3 for more information.
- If you are behind on your mortgage by at least three months, you may also qualify for assistance with certain property charges such as outstanding payments for taxes, insurance, condominium fees, municipal charges like water and sewer. The program does **not** guarantee that these charges will be covered and the delinquent charges must be related to preventing a foreclosure on your home.

2. What types of expenses can be covered by Mass HAF?

Applicants must have missed at least 3 or more home mortgage payments since January 21, 2020 to be eligible for the Mass HAF program. These missed payments must be outstanding at the time of application. You will be asked to submit your mortgage statement as part of your application. If approved, households are eligible for up to \$50,000 in assistance.

Other expenses, such as insurance, condominium fees, and municipal charges, may be eligible in limited circumstances where there is a lien on the property, or could be a lien, because of the unpaid other charges. The assistance to help with these charges must be related to preventing a foreclosure on your home.

This limitation is in effect to enable Mass HAF to assist as many homeowners as possible.

3. What types of mortgage loans are eligible for assistance through Mass HAF?

Homeowner's mortgage loan cannot exceed what's called "conforming loan limits." The mortgage loan for which the homeowner is applying cannot be above the limits listed [here](#) when they took out the loan (the original amount of the mortgage loan). Loans that are currently in forbearance are not eligible until the forbearance ends.
