

TO: Boards of Assessors  
FROM: Joanne Graziano, Chief, Local Assessment  
DATE: June 14, 2019  
TOPIC: CERTIFIED TELEPHONE VALUATIONS FISCAL YEAR 2020

---

The Commissioner of Revenue has determined and hereby certifies the full and fair cash valuation of taxable telephone machinery, poles, wires and underground conduits, wires and pipes of the centrally valued telephone companies, as of January 1, 2019. These [valuations](#) are certified for fiscal year 2020 under Massachusetts General Laws Chapter 59, Section 39. Generally, the property owner or the board of assessors with a claim that a certified value is substantially too high or substantially too low, as the case may be, must appeal the valuation to the Appellate Tax Board (ATB) on or before July 15, 2019.

#### *Centrally Valued Property*

The Commissioner values only those designated telephone assets that are taxable under the General Laws. With respect to machinery, telephone companies doing business as corporations, or partnerships, trusts, limited liability companies (LLCs) or other non-corporate entities that elect or are required to be treated as corporations for federal income tax purposes, are subject to central valuation for only electric generating machinery under M.G.L. c. 59, § 18, Second and M.G.L. c. 59, § 5, cl. 16(1) (machinery used in manufacture); Assessors of Springfield v. Commissioner of Corporation and Taxation, 321 Mass. 186 (1947). Telephone companies doing business as partnerships, trusts or LLCs are subject to central valuation on all machinery used to provide telephone service, including switching and routing machinery. M.G.L. c. 59, § 39; M.G.L. c. 59 § 18, First and Sixth; RCN-BecoCom, LLC v. Commissioner of Revenue, 443 Mass. 198 (2005).

All telephone companies, whether doing business as corporations, partnerships, trusts or LLCs, are subject to central valuation for poles, wires, underground conduits, wires and pipes over public and private property. M.G.L. c. 59, § 39; M.G.L. c. 59, § 5, cl. 16(1); M.G.L. c. 59, § 18, First, Fifth and Sixth. They are also subject to central valuation for taxable telephone personal property that is construction work in progress (CWIP) or owned but not necessarily in service. Verizon New England, Inc. v. City of Boston, 81 Mass. App. Ct. 444 (2012).

In addition, partnerships, trusts and LLCs not treated as corporations for federal income tax purposes are subject to local valuation on all other non-telephone personal property. Therefore, those companies must file a Form of List with the assessors in all communities where such other personal property is located. (See the posted list of FY2020 Centrally Valued Telephone Company Addresses to identify these companies.)

#### *Central Valuation Appeals*

The statutory deadline for filing an appeal at the ATB from the Commissioner's central valuation is July 15, 2019<sup>1</sup>. The statute also provides, however, if a company or board that does not file its own appeal by that date receives notice that the other party filed an appeal, the company or board may file an appeal in response to that party's filing by July 30, 2019, or 15 days after receiving the notice, whichever is later. M.G.L. c. 59, § 39, as amended by St. 2016, c. 218, § 134 (Municipal Modernization Act).

---

<sup>1</sup> Consult your legal counsel for determination of the jurisdictional filing deadline as July 15<sup>th</sup> falls on a Sunday this year. See G.L. c. 4, § 9 ("Except as otherwise provided, when the day or the last day for the performance of any act, including the making of any payment or tender of payment, authorized or required by statute or by contract, falls on Sunday or a legal holiday, the act may, unless it is specifically authorized or required to be performed on Sunday or on a legal holiday, be performed on the next succeeding business day.")

### *FY2020 Company Reporting and Valuation Issues*

Calendar year 2018 was mostly a quiet year for acquisitions and changes in ownership. Please note any changes in address and contact information.

- BayRing Communication was purchased by TVC Albany, Inc. and is now reporting under the legal name TVC Albany, Inc., dba First Light.
- Level 3 Communications LLC: Level 3 acquired Global Crossing in 2011 and TW Telecom in 2014. Level 3 was acquired by CenturyLink in 2017. Level 3's reduction this year is due to conduit retired from service.
- MCI Communications Services, Inc. is a subsidiary of Verizon, Verizon notified the Commissioner that as a result of an internal restructure, XO Communications is a direct subsidiary of MCI Communications and is now reporting XO Communications Services, LLC's assets. This results in a substantial decrease because it qualifies for the corporate exemptions.
- RCN Telecom Services of Massachusetts, LLC, formally known as RCN BecoCom, LLC, decrease this fiscal year is due to the closing of their South Boston hub in 2018.

### *Overlay Account Provisions*

Assessors must ensure that the overlay is sufficient to cover any company appeals of the Commissioner's valuations.

### *New Growth and CWIP*

Communities may see significant [growth](#) numbers in the Verizon account. This is because all articles of personal property that are being assessed for *the first time in a community* as of January 1, 2019 qualify as FY20 tax base growth. Growth also includes utility or telecommunications company property that is construction work in progress or owned but not necessarily in service (CWIP). The Bureau values taxable CWIP. However, to avoid double counting last year's CWIP as new growth in the current year and to be as accurate as possible given the companies' reporting limitations, we subtract the prior year's CWIP number from the new growth identified by companies for each community in the current year. In the event that a company reports a larger amount of CWIP in the prior year than new growth in the current year, we net the community's new growth only to zero, never a negative number, we then add in the new CWIP to the Growth total. In the majority of instances, we believe that growth from items placed in service is higher than the prior year's CWIP due to the addition of indirect costs.

New growth will remain a completely separate calculation so as not to affect the DOR's mass appraisal valuation model.

### *Company Local Filing Requirements*

With respect to **local filing requirements**, telephone companies organized as partnerships, trusts, LLCs or other unincorporated legal entities are not entitled to any corporate property tax exemptions, unless they are treated as corporations for federal income tax purposes. M.G.L. c. 59, § 5, cl. 16; M.G.L. c. 63, §§ 30(1), 30(2), 39, 52A and 68C. Except for the centrally valued telephone property, they are subject to local valuation and assessment on all other personal property situated in the community.

Valuation may include dedicated cable TV and Internet access machinery of bundled carriers, but all property used for both telephone service and cable TV or Internet access should have been reported centrally and valued as part of this certification.

*DOR Categorical Listing of Data by Federal Communications Commission Codes (FCC)*

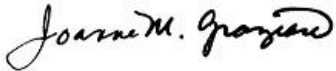

The [Additional Landline Telephone Personalty by FCC Code](#) by community for each of the centrally valued telephone companies by any applicable (FCC) categories we use, plus categories for CWIP and spares by community is available on our website in a second pivot table. That table is for informational purposes only and the numbers are not rounded. Only the data provided on the *FY2020 Centrally Valued Telephone Company Values*, also issued on June 12, 2019, should be used for billing purposes and for completing the FY2020 LA4 (Assessment Classification Report) for tax rate setting purposes.

*Company Lists and Addresses*

Centrally valued telephone company billing names and addresses as reported by the companies are posted on our [website](#) for your convenience.

Questions regarding valuations may be directed to John Gillet at 617-626-3605 or email at [gilletj@dor.state.ma.us](mailto:gilletj@dor.state.ma.us).

Sincerely,

Joanne Graziano, Chief  
Bureau of Local Assessment
