## BACKGROUND

On October 1, 1981, the Federal Department of Health and Human Services established the Title XX – Social Services Block Grant, as one of the seven block grant programs authorized by the Omnibus Budget Reconciliation Act of 1981 (P.L. 97-35).

The Social Services Block Grant is intended to consolidate Federal assistance to states for social services into a single grant, increase State flexibility in using social service funds, and encourage each state to furnish services directed toward the goal of:

- Achieving or maintaining economic self-support to prevent, reduce, or eliminate dependency;
- Achieving or maintaining self-sufficiency, including reduction or prevention of dependency;
- Preventing or remedying neglect, abuse, or exploitation of children and adults unable to protect their own interests, or preserving, rehabilitating or re-uniting families;
- Preventing or reducing inappropriate institutional care by providing for community-based care, home-based care or other forms of less intensive care; and
- Securing referral or admission for institutional care when other forms of care are not appropriate or providing services to individuals in institutions.

The Omnibus Budget Reconciliation Act of 1981 amended the former Title XX legislation. The main effects of the change over from the Title XX – Social Services Block Grant were the following:

- A reduction in the Federal allocation to the States. Nationally, the allocation dropped from \$2.9 billion in Federal FY1981 to \$2.4 billion in Federal FY1982. In Massachusetts, the decrease was from \$78.9 million to \$60.4 million. With the exception of some modest increases in a couple of years, the SSBG allocations for Massachusetts have decreased consistently over the last several years.
- The State has continued to receive Block Grant funds on an annual basis for over thirty years.
- Each year the State must submit a pre-expenditure report regarding the intended uses of Social Services Block Grant funds. The report must provide information on the types of activities to be supported and categories. This document is the Massachusetts pre-expenditure report for State Fiscal Year 2020.
- State agencies will continue to provide opportunities for public comment in planning for the expenditure of Block Grant Funds. A later section of this

document describes how the Massachusetts Department of Children and Families proposes to meet these requirements.

- The State may use the Block Grant to provide social services that address the five goals of the grant. The State selects the services that it wishes to provide. The funds, however, may not be used for:
  - The purchase or improvement of land, or the construction, or permanent improvement (other than minor remodeling) of a building;
  - The provision of cash payments for costs of subsistence or for the provision of room and board (other than the costs of subsistence during rehabilitation, room and board provided for a short term as an integral but subordinate part of a social service, or temporary emergency shelter provided as a protective service);
  - The payment of wages of any individual as a social service (other than payment of the wages of welfare recipients employed in the provision of child day care services);
  - The provision of medical care (other than family planning services, rehabilitation services, or initial detoxification of an alcoholic or drug dependent individual) unless it is an integral but subordinate part of a social service for which Social Service Block grants may be used;
  - Social services (except services to an alcoholic or drug dependent individual or rehabilitation services) provided in and by employees of a hospital, nursing facility, or prison, to any individual living in such an institution;
  - The provision of any educational service which the State makes generally available to its residents without cost and without regard to their income;
  - Any child day care services unless such services meet applicable standards of State and local law;
  - For the provision of cash payments as a services; or
  - Any payment of any item or service (other than in an emergency) furnished by or at the direction of an individual or entity from participation in the program as a result of program abuse.

The above restrictions are the same as those in the former Title XX program.

## **ADMINISTRATION OF THE SOCIAL SERVICES BLOCK GRANT IN MASSACHUSETTS**

In FY1982, the Governor designated the Department of Social Services to administer the Social Services Block Grant in Massachusetts on behalf of the Department of Social Services (DSS) and the Massachusetts Commission for the Blind (MCB). Since October 1, 1982, MCB has administered a separate program and has published a separate pre-expenditure report. In July 2008, the Department of Social Services was renamed the Department of Children and Families.

The Massachusetts Department of Children and Families, the Massachusetts Commission for the Blind, and the Executive Office of Health and Human Services (EOHHS) have an agreement by which the Block Grant funds will continue to be allocated annually between DCF and MCB. The historical SSBG allocations by federal fiscal year are as follows:

<b>FY2017 (Final)</b>	<b>FY2018 (Final)</b>	<b>FY2019 (Projected)</b>	<b>FY2020 (Projected)</b>
DCF: \$32,604,127 98%	DCF: \$32,619,340 98%	DCF: \$32,727,576 98%	DCF: \$32,727,576 98%
MCB: \$665,390 2%	MCB: \$665,701 2%	MCB: \$666,612 2%	MCB: \$666,612 2%
\$33,269,517 100%	\$33,285,041 100%	\$33,394,188 100%	\$33,394,188 100%

In FY1982, MCB received its funds through DSS; in FY1983, MCB began receiving its funds directly from Washington, D.C.

## **THE BUDGET AND PLANNING PROCESS**

The Department of Children and Families (DCF) budget process for State Fiscal Year 2020 is reflective of an organizational structure that defines different and distinct roles for both DCF Central Office and DCF Area Offices. Within this framework, the Central Office coordinates the development of major policies and provides direction and guidance to the Area Offices on interpretation and implementation. Because it is a major management planning document, the coordination of the budget is a Central Office function, with supporting documentation provided by field management.

DCF Area Offices are responsible for direct service delivery to clients and are most knowledgeable about individual client needs. Therefore, client-specific decisions about the distribution of resources are made by Area Office managers in accordance with DCF's general policies and goals. This activity represents the critical linkage of resources to goals. The Area Offices will be supported in this process by the Area Boards whose unique understanding of community needs will enhance decision making.

The following is a chronology of events in the development of the Department of Children and Families' budget for State Fiscal Year 2020:

- August – October 2018: Department development and preparation of its State Fiscal Year 2020 budget request document;
- October 2018: Review and examination of the Department's budget request by the Executive Office of Health and Human Services (EOHHS) culminating in the Secretary's recommendations to the Executive Office of Administration and Finance (EOAF);
- November 2018: Review and examination of the Secretary of EOHHS recommendations to the Governor;
- December 2018: Ongoing discussions between EOHHS and EOAF on preliminary recommendations;
- January 2019: Publication of the Governor's budget recommendation to the legislature;
- March – April 2019: The House and Senate Committees on Ways and Means conduct hearings and analyze the Governor's recommendations. Each Committee reports separately a version of the budget to which its respective membership makes amendments and passes a final bill;
- April 2019: The House passes its version of the Fiscal Year 2020 budget;
- May 2019: The Senate passes its version of the Fiscal Year 2020 budget;
- June 2019: A joint legislative conference committee presents its final budget document to the Governor for his signature into law;
- July 2019: State Fiscal Year 2020 begins.

## **PUBLIC PARTICIPATION IN THE PLANNING AND BUDGET PROCESS FOR FY2020**

The citizens of the Commonwealth of Massachusetts have had an opportunity to review and comment on the DCF budget at several points in its development.

- By law, all Executive Offices must make available copies of the agencies' budget requests and hold public hearings. The Executive Office of Health and Human Services held public hearings on the agencies' SFY2020 budget requests in the fall of 2018.
- The House and Senate Ways and Means Committees held separate public hearings on the DCF budget in the winter of 2019.

- This report is being published as a pre-expenditure report based on the projected SFY 2020 General Appropriations Act. DCF held a public hearing in August 2018 to solicit comment on the agency's plans for the Title XX Social Services Block Grant for FY 2019. DCF will hold a public hearing in the summer of 2019 to solicit comments regarding the agency's plan for use of the SSBG funds for FY 2020.

## **TRANSFERABILITY OF FUNDS**

Federal statute permits a state to transfer up to 10 percent of its annual Social Services Block Grant allotment to other block grant programs. Currently, Massachusetts does not enact this provision; however, as previously noted, 98% of the Commonwealth's Block Grant is directly allocated to the Massachusetts Department of Children and Families and 2% is directly allocated to the Massachusetts Commission for the Blind.

While the Department does not plan to transfer funds out of the Social Services Block Grant to other block grant programs, the Department will receive a 10% transfer of the Temporary Assistance for Needy Families (TANF) Block Grant throughout SFY2020 into the Social Services Block Grant. Funding transferred from TANF to SSBG is projected to total \$45.8 million in SFY2020, an amount higher than the original SSBG grant. When combined, over \$78 million in funding will be available to support social service programs for needy children and families. The Department of Children and Families uses the TANF transfer to fund both foster care and residential services programs for children in the custody of the Department.

## **EXPENDITURES FOR FY2020**

The expenditure table on the SSBG portal identifies the services that will be supported by the Social Services Block Grant during SFY2020. This table details expenditures the Commonwealth of Massachusetts will make in accordance with the twenty-nine (29) SSBG supported categories.

Overall, the Department of Children and Families will use SSBG funds to support programs and services in eleven of the twenty-nine categories, including adoption services, case management, day care – children, education and training services, foster care – children, home-based-services, independent living services, information and referral services, protective services – children, residential treatment, and special services for at-risk youth. All of these expenditures will be purchased, including contracted services delivered by approved providers or non-contracted services delivered by individual vendors. No administrative costs will be funded with the Social Services Block Grant.

## **SERVICES AND TARGET POPULATIONS TO BE SUPPORTED BY THE BLOCK GRANT**

The recipients table on the SSBG portal describes services provided by the Department of Children and Families and target populations to which the services are directed. In addition to care and service need criteria, a special effort is being made to target services to linguistic and cultural minority groups.

## **CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS**

---

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

---

### **Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)**

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. For grantees other than individuals, Alternate I applies.
4. For grantees who are individuals, Alternate II applies.
5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

*Controlled substance* means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

*Conviction* means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

*Criminal drug statute* means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

#### **Instructions for Certification**

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. 10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
