For parcel mapping updates, a status of "PRELIM" indicates one of the fo	bllowing:	

¹⁾ MassGIS has confirmed with staff in the relevant municipal department (often, but not always, the Assessing Department) that the required update is under development and will be delivered in 2019.

For address updates, a status of "PRELIM" indicates that MassGIS has been informed by staff in the relevant municipal department that address updates will be provided OR is aware that the regional PSAP Director is working with all their municipalities to ensure that MassGIS will receive address updates going forward.

²⁾ MassGIS has received an update but that update has not yet met the requirements of MassGIS' parcel mapping standard. Failure to achieve compliance means the status automatically reverts to "N" for the FY 2021 grants.

³⁾ A regional PSAP/RECC has one or more communities that are not meeting the requirement.
