NOTES:

- EEC has established standard daily base rates for the provision of early education and care services in the Commonwealth. EEC will reimburse providers up to the base daily reimbursement rate shown on the rate charts above depending on the region and type of care provided, unless the provider is also eligible for an add-on rate detailed below. All Infant, Toddler, Preschool, Family Child Care, and Full Day Rates for School Age, Head Start, and Kindergarten assume full time reimbursement for up to 10 hours of care per day. Care for 6 or fewer hours is considered part time care. Reimbursement for part time care is 60% of the full-time rate.
- Family child care systems are expected to reimburse affiliated system providers at a rate that is equal to or greater than the regional family child care provider rate shown in the rate chart.
- Informal Care for 6 or fewer hours per day is considered part time child care; More than 6 hours per day is considered full time child care.
- Reimbursement for programs holding Supportive, Teen Parent, and Homeless contracts includes the standard daily base rate by program type and region, plus any applicable add-on rates, plus additional reimbursement for support services as shown above.

DAILY REIMBURSEMENT RATES - FISCAL YEAR 2023 (continued)

QRIS LEVEL 2 AND ABOVE - QUALITY ADD-ON RATES FOR INFANTS AND TODDLERS

Providers who have self-assessed at Level 2 or above in the Quality Rating and Improvement System (QRIS) are eligible for a 3% add-on rate, calculated off of the base rate, for each child who is **up to 2.9 years**. The increase is based on the age of the child and the standard daily base rate charged for that child. CCFA will calculate the child's age and will calculate a 3% add-on rate to the standard daily base rate (3% of current rate multiplied by the number of days). Please note that the 3% add-on rate is applied to the family child care standard daily rate only and is not applied to the administration rate for Systems. The values listed below detail the total payment a provider can expect to be paid daily when the 3% QRIS add-on rate for Infants and Toddlers is added to the standard daily base rate.

QUALITY ADD-ON RATES FOR CENTER BASED AND FCC SYSTEM ADMINISTRATION

All Center-Based programs and FCC System Administrative rates are eligible for a daily 8.5% quality add-on rate, calculated off of the base rate, for each child. The increase is based the standard daily base rate charged for that child, not including any QRIS Infant/Toddler quality add-on rate. CCFA will calculate an 8.5% add-on rate to the standard daily base rate (8.5% of current rate multiplied by the number of days). Please note that the 8.5% quality add on increase is applied to the Family Child Care System Administration rate only and is not applied to the Family Child Care standard daily rate. The values listed below detail the total payment a provider can expect to be paid daily when the 8.5% quality add-on rate is added to the standard daily base rate.
