Award Notification	November 2022
Performance Period	January 1, 2023 - December 31, 2023

1.2 Funding Overview

OGR expects to award up to **\$5.1 million** in **FY23 Emerging Adults Reentry Initiative** grant funds to not more than **six (6) non-profit organizations**. An applicant should not seek more than **\$1,000,000** in funding. Each award will support programs that serve participants from one or more MA Department of Correction (DOC) and/or Sheriff's facilities. This is a competitive award process; OGR may award full funding, partial funding, or no funding.

1.3 Applicant Eligibility

An **applicant must be a nonprofit 501(c)(3) organization** and provide a memorandum of understanding (MOU) from the Sheriff's Office(s) and/or the MA DOC validating an applicant's collaborative relationship (include any previous collaborative relationship) and attesting to such future collaboration as it relates to the submitted application. A nonprofit who does not submit a MOU will not be considered for funding. Each award will support programs that serve participants from one or more MA DOC and/or Sheriff's facilities.

1.4 Funding Allocation Parameters and Project Duration

Successful applicants selected for funding will be eligible for an additional four (4) years of continuation funding, essentially making this a possible five-year award. The continuation funding will be contingent upon OGR receiving annual state funding, subrecipient success in meeting their project deliverables, and ability to adhere to all state rules and regulations.

Per legislative language, applicants may utilize up to 7.5% of the total amount being requested for administrative costs. Examples include a percentage of Executive Director, Chief Financial Officer and other like position's salary costs, rent, utility bills, etc.

All funding decisions are made at the discretion of the Executive Director of OGR and Secretary of Public Safety and Security.

SECTION 2 - GRANT COMPLIANCE DETAILS

2.1 Fund Disbursement

Funds will be disbursed in two installments. 50% of the award will be released upon execution of the required contract with the Commonwealth of Massachusetts, and 50% will be awarded upon the completion of the awardee's required Q1 Financial Report.

FY22 Emerging Adult Reentry awardees will need to return any unspent FY22 funds to OGR prior to

the release of the second installment.

2.2 Project Duration

Applicants must apply for up to approximately 12 months of funding. The anticipated funding cycle for projects will begin on or about **January 1, 2023 and end on December 31, 2023.**

2.3 Grant Recipient Requirements

Recipients must abide by the grant requirements below and the OGR Subrecipient Grant Conditions which will be provided at the time of contracting.

Grants Management

- Submission of satisfactory and timely quarterly progress reports and quarterly financial reports with all required back-up documentation.
- Cooperation during OGR monitoring endeavors, including site visits and desk reviews.
- All costs paid with grant funds must be direct and specific to the execution of the funded program.
- No consultant or trainer may be paid more than \$650 for an eight-hour workday or \$81.25/hour without the prior written approval from OGR. Requests for a waiver of this requirement with documented justification must be made in writing at the time of application.

Other Requirements

- In addition to the requirements set forth above, subrecipients will be required to agree to and abide by all state rules, regulations, and conditions pertaining to the receipt, administration, and management of grant funding.
- OGR subgrant conditions must be signed by an authorized official and dated at the time of award.

Equipment and Technology

- Equipment costs are allowable with the prior approval of OGR. Equipment having a useful life of more than one year or a current per-unit fair market value of \$5,000 or more must be tracked. In addition, during the period of the contract with OGR, insurance on the equipment is allowable. Equipment serving in an administrative capacity during operation must be charged against the allowable 7.5% administrative costs cap. A subrecipient shall use and manage equipment in accordance with their own procedures if the equipment is used for reentry services for the targeted program participants only.
- Subrecipients are responsible for replacing or repairing the property, which is willfully or negligently lost, stolen, damaged, or destroyed. Any loss, damage, or theft of the property must be investigated and fully documented and made part of the official project records. A copy of the report must be forwarded to the OGR.

2.3.1 Grants Management

Applicant must be a community-based nonprofit organization and may submit proposal(s) for the Emerging Adults Reentry Initiative which meets the following criteria:

1. Proposed program is an evidence-based program or practice, as defined by the criteria in the **Definition for Research/Evidence-based Programs and Practices** section below.
2. The program provides pre- and post-release release reentry services for emerging adults (specifically tailored to the needs of individuals 18-25 years of age) returning to Commonwealth cities and towns from state prison or a county correctional facility.
3. Have a demonstrated commitment from the MA DOC and/or Sheriff's Office to work collaboratively to deliver services in their respective facilities. Commitment may be demonstrated with a signed Memorandum of Understanding (MOU) that must be submitted with the application.
4. Provide a continuum of programming from the state prison and/or county correctional facility into the community.
5. Provide pre-release services to participating individuals that include transition plans, education programs, workforce readiness and life skills programs and counseling.
6. Provide post-release services that include case management for not less than 12 months after participating individuals have been released.
7. Provide a plan for ensuring that proposed programs shall be implemented with adherence a research-based or evidence-based program design.

Definition for Research/Evidence-based Programs and Practices

A program or practice with levels of effectiveness determined as a result of rigorous evaluation such as randomized controlled trials, statistically controlled evaluations that incorporate strong control or comparison group designs, or a single large multi-site randomized study. Typically, these programs have specified procedures that allow for successful replication.

Programs may include practices such as screening, assessment, case management, monitoring service delivery, referring and linking clients to services, and other activities targeted to recidivism reduction. For programs, applicants are expected to focus on treatment needs that are driving an individual's criminal behavior, such as criminal thinking and poor impulse control. Programs should target their resources solely on the specific factors of an offender's behavior and cognition that are related to risk for recidivism.

Resources for Research/Evidence-Based Program or Practice

To assist in determining project activities for this initiative, applicants are encouraged to visit:

- a) the National Institute of Corrections' *What Works in Reentry Clearinghouse* website at: <https://whatworks.csgjusticecenter.org/>;
- b) the Office of Justice Programs' National Institute of Justice's *Crimesolutions.gov* website at www.crimesolutions.gov; or
- c) the Results First Clearinghouse Database at <http://www.pewtrusts.org/en/research-and-analysis/issue-briefs/2014/09/results-first-clearinghouse-database>

Applicants may use the clearinghouse database to identify the evidence-based program or practice for which they are seeking funding to implement or expand.

Related Program Requirements

1. Progress Reporting and Performance and Outcome Measures

Subrecipients will be required to demonstrate progress toward meeting proposed goals and objectives through quarterly financial and programmatic reports submitted to OGR.

Subrecipients must provide quarterly data in response to the performance metrics outlined in **Appendix A: Reentry Performance and Outcome Measures**.

2. Program Fidelity

Grant recipients will be required to demonstrate efforts to ensure program fidelity. Program fidelity is defined as staying true to the original program design, and not changing or adapting evidence-based programs or practices during implementation.

3. Implementation Oversight and Fidelity Monitoring

To ensure proper implementation, grant recipients should establish strong monitoring systems for all funded programs, including those administered by vendors. This monitoring should ensure that evidence-based programs or practices:

- Are carried out with fidelity to their design;
- Incorporate the elements that are critical to their effectiveness; and
- Use information gathered through monitoring to make any necessary adjustments.

4. Technical Assistance

An Emerging Adults Reentry Program Technical Assistance Provider will also be selected to work directly with recipients of the Emerging Adults Reentry Program. Grant recipients will receive direct assistance and support from the TA Provider on effectively implementing their program, tracking progress and reporting outcomes and performance. By entering into an agreement with OGR, successful awardees consent to sharing data with OGR's selected research partner.

2.3.2 Procurement

- Applicant must agree to collaborate with MA DOC and/or Sheriff's Office(s) to deliver services in their respective facilities. Commitment may be demonstrated with a signed Memorandum of Understanding (**MOU**), for each site, that must be submitted with the application. The MOU(s) must be signed and dated by an authorized official, no more than 30 days prior to date of application submission, from both the applicant nonprofit organization and the MA DOC and/or Sheriff's Office, and included with the application as **Attachment D**.
- Procurement of services, equipment and supplies must follow M.G.L. Ch. 30B for local units of government and non-profit entities, and the Operational Services Division (OSD) Purchasing Guide for state agencies. Local units of government must ensure that subcontracts with private organizations have provisions ensuring any goods and services provided by the subcontractor are consistent with M.G.L. Ch. 30B procedures.

- It is the responsibility of the recipient to report alleged waste, fraud or abuse including any alleged violations, serious irregularities, sensitive issues or overt or covert acts involving the use of public funds in a manner not consistent with related laws and regulations or appropriate guidelines for purposes of the grant. Reports should be made to the Offices of the Massachusetts Inspector General or State Auditor:

To provide OGR the best opportunity to fairly evaluate requests for funding, applicants are encouraged to be clear and concise in their application.

The Application Template must be completed and submitted as outlined in Attachment A. Applications will be considered invalid (not considered for funding) unless an agency official from the applicant agency has signed and dated the cover page. Below is an overview of information requested in the template.

Section I. Applicant Information

- B. Describe your agency's qualifications in implementing successful projects. Include a summary of relevant prior experience in your application.
- C. Provide information about personnel, resources and capacity that qualify the applicant to conduct the proposed activities.

Section II. Program Information

- **Program Name**
- **Program Type:** Identify the evidence-based program or practice on which your program is based.
- **Program Abstract:** not to exceed 250 words summarizing the program activities.
- **Agency Official Signature:** agency representative, must sign and date.

Section III. Program Narrative

A. *Statement of the Problem/Needs Assessment (3-page limit)*

This section should describe the problem and the need for the proposed program.

1. Describe the need, nature and extent of the problem to be addressed and the problem's effect or consequences for the community and the target population and its impact on reducing recidivism. Support your statements with statistical or other factual information or relevant literature and cite references where possible. The sources or methods used for assessing the problem should also be described.
2. Describe the target population and geographic area served by the program or practice using demographic and other data where possible. Cite references whenever possible or applicable.
3. Identify how the proposed program or practice is supported by research that demonstrates its level of effectiveness as an evidence-based program or practice (cite references).
4. Specify the program model or design and the goals and objectives of the program (program logic model).
5. Identify the risk/needs assessment tool and protocol you will use to select participants for the proposed program or practice. Please include who will be responsible for screening, the elements to be included in the screening instrument, where in the process it will take place, and how the results of the assessment will be used. Attach any screening instruments that will be used by the program.
6. Explain how fidelity to the evidence-based program or practice is measured.
7. Provide an estimate of the number of participants expected to be served by the proposed program or practice and how you arrived at, or why you are using that particular number.

B. Program Description (3-page limit)

This section should address both the scope and intent of the program and how it will address the problem or need.

1. Clearly describe the evidence-based program or practice you intend to either implement or expand. If expanding, please describe any previous success implementing the model thus far.
2. Describe the activities to be conducted **and how they will address the needs/gaps stated in Section A: Statement of the Problem/Needs Assessment.**
3. Describe collaborations with MA DOC and/or Sheriff's Office(s), as well as the MA Parole Board and MA Probation Service. Applicants must submit Memoranda of Understanding (**MOUs**), signed by the authorized signatory of the applicant organization and the superintendent of the targeted MA DOC and/or Sheriff's Office facilities. Each MOU must outline the respective roles and responsibilities of the applicant and their partner facility. The MA DOC and/or Sheriffs must commit to working with the MA Parole Board to assist with identifying eligible program participants. All parties must agree to track the participant identifiers, program data, and participation dates so that follow-up recidivism rates may be measured, in accordance with legislative intent (see **Appendix A: Reentry Performance and Outcome Measures** for the minimum information required for tracking program participants). Submit the signed MOU(s), marked as **Attachment D**, with the completed application.
4. Program participants returning to the community must be objectively assessed for risk to re-offend using a valid and reliable instrument. Releasing agency and program must use the information and data gained from inmate assessments to guide decision-making about individualized reentry plans for each offender. Identify the details of the risk assessment tool and protocol you will use to satisfy this requirement (e.g., who will be responsible for the assessment, the elements to be included in the assessment instrument, when it will take place, and how the results will impact decisions). Attach any risk assessment instruments that will be used by the program.
5. Describe what, how, where and when information will be collected for quarterly submission of progress on achieving goals and objectives and measuring performance (see **Appendix A: Reentry Performance and Outcome Measures**).

C. Program Goals and Objectives, Activities, Timeline, Performance Measures

Applicants must clearly state the goals and objectives of what will be achieved with this funding.

Goals: Goals are broad statements that describe the program's intentions and desired outcomes. They suggest the desired end to which the program is directed. The goals of your program should be clearly stated, realistic, and must be attainable and measurable. *In stating your goals, be careful to describe the desired end and not the means to the end.*

Objectives: Objectives describe the activities that support the program's goal(s). They describe intermediate results or accomplishments to be achieved by the program in pursuing its goal(s). The objectives must be measurable and "SMART":

- Specific (what will be done?)
- Measurable (how will we know it's done?)
- Achievable (can we do it?)
- Relevant (why should it be done?)
- Time-oriented (when will it be done?)

The more specific your objectives are, the easier it will be to determine if your program has achieved them. Use numbers wherever possible.

Activities and Timeline: List the programmatic activities to be carried out within the proposed program period. Please include:

- Start and end dates and list of major tasks/activities for implementing your program;
- When and where program components will take place;
- Who will carry out the activities and a description of how long it will take to complete each activity;
- Who the program will serve; and
- Identification of program personnel involved and their duties. If the position is vacant, a description of the position and information pertaining to how and when the job will be filled must be included in the application.

Performance Measures: Realistic and adequate performance measures have been developed and may be found in **Appendix A: Reentry Performance and Outcome Measures**. In this section, applicants are expected to explain their plans to collect data and measure their program's progress. List the performance measures that will demonstrate progress toward achieving each of your goals. Performance measures provide program administrators with answers to critical questions regarding the operation of their programs. The purpose of developing performance measures is to determine the extent to which the program's funded activities have achieved the program's goals. Specifically, by collecting data and measuring progress, program administrators will be able to identify and document:

- The program's success/failure at meeting its goals and objectives;
- Whether the program is serving the intended target population (e.g., number of program participants who completed the substance abuse treatment program);
- Whether the volume of program participants is what was originally intended;
- Whether the program components were implemented as originally planned;
- Problems encountered in implementing the program; and
- Whether the program is achieving its desired impact.

Clearly explain data collection methodology, frequency, and analysis in relation to your program's performance measures, and how this strategy will be integrated into your overall program operations.

3.2.2 Budget Narrative and Budget Excel Workbook (*Attachment B*)

- This section should reflect the budget necessary to implement the proposed program and achieve its goals and objectives.
- Applicants may submit a budget for *up to approximately 12 months* of funding.
- Applicants must also complete a Budget Excel Workbook (Refer to **Attachment B**). Please be sure to complete both the summary sheet and detail worksheets when submitting your application response. (*See Table below for Allowable Cost Category Definitions*)
- Applicants must identify costs as either Programmatic or Administrative within the **Attachment B**.
 - **Administrative** costs are those expenses incurred by grant recipients or sub-recipients in support of the day-to-day operations of their organization. These overhead costs are the expenses that are not directly tied to a specific program purpose
NOTE: Per Chapter 126 of the Acts of 2022 – administrative costs **cannot exceed 7.5% of the total allocation**.
 - **Programmatic** costs are costs that are tied directly to the delivery of a particular project, service, or activity undertaken by a Grantee to achieve an outcome intended by the funding program.
