The LWCF program is a *reimbursement* program. Grant recipients are reimbursed after invoices have been paid. The total project cost must be raised or appropriated by the municipality or department shortly after project approval if it has not already been appropriated. Costs incurred prior to grant approval and contract execution are not eligible for reimbursement, including appraisal and/or design costs. Force account labor is also ineligible, as are donations and volunteer hours. Mention any *previous*, *pending*, or anticipated financial assistance on this project. Refer to the LWCF Manual Chapter 5 for eligible cost details. A sample budget can be found in Attachment E. Please note that LWCF grants have a maximum 50% reimbursement rate with a maximum \$1,000,000 and minimum \$50,000 grant request. The specific reimbursement rate for the project subject to this application will be based on what percentage the grant award is of the total eligible project cost. For acquisition projects without an appraisal at the time of the grant deadline, use best estimates here. Final details will be worked out when appraisal is submitted.
