Overview

The Healey-Driscoll Administration is pleased to open the FY2026 round of the Regional Economic Development Organization (REDO) Grant Program.

The program is administered by the Executive Office of Economic Development (EOED), in consultation with the Massachusetts Office of Business Development (MOBD) and is now accepting applications for Fiscal Year 2026.

EOED is seeking proposals from eligible organizations as defined in M.G.L. Chapter 23A, Section 3K to collaborate with EOED to support businesses in the Commonwealth, aligning with the Commonwealth's Economic Development Plan in supporting regionally based efforts to nurture and facilitate economic growth and prosperity in the Commonwealth.

Applicants should include ways their organization improves equity, affordability and competitiveness in their regions.

What's New in FY2026

In FY2026, EOED will continue awarding grants to support the work of the various organizations throughout the Commonwealth that are implementing the goals of the REDO Program. Applications will be accepted via the Submittable platform and in a similar format to last year. However, given the shorter timeframe for this procurement and for the organizations to carry out their projects, EOED has updated the review process. The goal is to expedite the application review, grant allocation and disbursements, contracting, and year-end reporting.

Notable updates/changes include:

- ❑ Each applicant organization will be required to demonstrate their eligibility as a REDO and identify their regional coverage area made up of no less than 11 contiguous municipalities. While applicants may identify all municipalities it serves, it must include more than 10 that are contiguous, per the statute. Applicants will be required to elaborate on the common characteristics and economic independence of the municipalities in the identified region.
- ❑ Each applicant organization will be required to identify at least five (5) of the statutory deliverables that will be included in their workplan. Applicants will need to elaborate on their work on the selected deliverables. Additional deliverables may be included. However, the year-end report will require the grantee to primarily outline their progress on achieving the statutory deliverables.
- ❑ The Performance Period for all grants will be January 1, 2026, through June 30, 2026. Grants may be used to cover any and all expenses incurred by the REDO to complete the necessary work related to identified deliverables during this timeframe.

FY2026 RFP – Evaluation Criteria

Only organizations that meet the eligibility requirements will be considered. Per the statute, EOED may make up to 12 grant awards to eligible entities.

Once deemed eligible, each applicant organization will be awarded a grant amount determined as a prorated ratio of the grantee's award in one or both of the past two grant rounds, at EOED's discretion, and based on the available funds.

In the case that more than 12 applicant organizations submit eligible applications, EOED will rank the applications on the following criteria and scoring rubric (based on a 100-point scale):

FY2026 RFP – Evaluation Criteria (*continued*)

- ❑ Organization Description (up to 25 points)
 - Extent to which the applicant organization has established and applicable experience in economic development.
- ❑ Organization Experience (up to 25 points)
 - Extent to which the applicant organization demonstrates experience in promoting and facilitating business development in the identified region.
- ❑ Community Needs (up to 25 points)
 - Extent to which the applicant organization outlines specific economic challenges and needs that are directly addressed in the region.
- ❑ Interaction with MOBD Regional Directors (up to 25 points)
 - Extent to which the applicant organization describes its regular engagement and interaction with EOED's regional business representatives and/or other regional entities.
