Citizens Commission
February 18, 2019 6:29 pm

Name	Gary Senecal
Address	[REDACTED] [REDACTED]
Phone	[REDACTED]
Email	[REDACTED]
Citizenship Affirmation	I am a U.S. Citizen
Residency Affirmation	I am a resident of the Commonwealth of Massachusetts
Statement of Intent	I intend to comply with and advance the policy established by this Act.
Statement of Interest	<p>As a Us Citizen I often ask others what the three principles of capitalism are and what form of government we have. Very few can answer correctly. I often ask my fellow citizens if they know the difference between US citizenship and American national State Citizenship? None thus far can answer. The Citizens commission needs representatives who understand the origins of our greatness to prevent them from swaying to far from the margin of our Constitutional rights. Article 5 Convention of States is really the only way we the people of the different sovereign states of our union can amend our Constitution. in my opinion we the body politic of The Massachusetts State should wait for such an election to counter any unlawful constitutional convention as called by congress that would potentially abrogate our rights under our Declaration of Independence , Constitution and Bill of Rights.</p> <p>To say that corporations do not have the same rights as US citizens is a contradiction. The US Citizen is a corporate citizen and is considered a corporation existing as a resident within federal territory and is subject to Federal Code or Admiralty Marshall Law.</p> <p>In my opinion the key to preventing corrupt corporate dark money is complete disclosure. I have some ideas and am exceptionally versed in current campaign finance laws in our Massachusetts State. Unless we want to be like Australia who is losing their sovereignty or England who is fighting to keep theirs we the people must STAND up</p>
