#### **GOLF FACILITIES**

## MA COVID-19 Checklist

These Phase 3 standards are issued for golf activities conducted outdoors and the associated facilities (e.g., pro shop, clubhouse). Indoor golf activities such as indoor driving ranges should follow Indoor Recreation guidance, available on the Reopening Plan website

In accordance with the <u>COVID-19 Order No. 53</u>, Requiring Early Closing for Certain Businesses and Activities Golf Facilities must close to the public by 9:30 pm and may not re-open to the public before 5:00 am the following day ("mandatory closing period"). During this daily mandatory closing period, Golf Facilities must not admit any customers, patrons, or members of the public. Golf Facilities may permit employees to stay on premises during the mandatory closing period.

Apply robust hygiene protocols
Ensure access to handwashing facilities on site, including soap and running water, and allow sufficient break time for workers to wash hands frequently; alcohol-based hand sanitizers with at least 60% alcohol may be used as an alternative
Supply workers at the workplace location with adequate cleaning products (e.g., sanitizer, disinfecting wipes)
Post visible signage throughout the facility to remind workers and customers of hygiene and safety protocols
Alcohol-based hand sanitizers with at least 60% alcohol must be made available at entrances, exits and throughout floor areas of the clubhouse or other indoor spaces for workers and customers
Avoid sharing equipment and supplies between workers
Disinfect shared equipment before use by another employee
Use single-use scorecards and pencils
Caddies and bag handlers are allowed, provided social distancing is maintained, cloth face coverings and gloves are worn, and hand sanitizer is used. Encourage caddies and bag handles to wipe down clubs and other equipment after each use
All shared and rental equipment, such as clubs, must be cleaned and disinfected after each use

## MA COVID-19 Checklist

### **STAFFING & OPERATIONS**

#### Include safety procedures in the operations

Provide training to workers on up-to-date safety information and precautions including hygiene and other measures aimed at
reducing disease transmission, including:

- Social distancing, hand-washing, proper use of face coverings
- · Self-screening at home, including temperature and symptom checks
- Importance of not coming to work if ill
- When to seek medical attention if symptoms become severe

Workers who fail to meet the above criteria must be sent home

- Which underlying health conditions may make individuals more susceptible to contracting and suffering from a severe case of the virus
- Facilities must screen workers at each shift by ensuring the following:
  - Worker is not experiencing any symptoms such as fever (100.0 and above) or chills, cough, shortness of breath, sore throat, fatigue, headache, muscle/body aches, runny nose/congestion, new loss of taste or smell, or nausea, vomiting or diarrhea
  - Worker has not had "close contact" with an individual diagnosed with COVID-19. "Close contact" means living in the same household as a person who has tested positive for COVID-19, caring for a person who has tested positive for COVID-19 for 15 minutes or more, or coming in direct contact with secretions (e.g., sharing utensils, being coughed on) from a person who has tested positive for COVID-19
  - Worker has not been asked to self-isolate or quarantine by their doctor or a local public health official
- Adjust workplace hours and shifts (working teams with different schedules or staggered arrival / departure) to minimize contact across workers and reduce congestion
- Maintain a log of workers and customers to support contact tracing (name, date, time, contact information) if needed
- CDC

  Workers who are particularly vulnerable to COVID-19 according to the Centers for Disease Control (e.g., due to age or underlying

Businesses are encouraged to offer exclusive hours or other accommodations for those in high-risk populations as defined by the

- conditions) are encouraged to stay home

  Workers are strongly encouraged to self-identify symptoms or any close contact to a known or suspected COVID-19 case to the employer
- Workers shall not appear for work or complete a shift if feeling ill
- Encourage workers who test positive for COVID-19 to disclose to the workplace employer for purposes of cleaning / disinfecting and contact tracing. If the employer is notified of any positive case at the workplace, the employer must immediately notify the local Board of Health (LBOH) in the city or town where the workplace is located. Employers must assist the LBOH with contact tracing efforts, including advising likely contacts to isolate and self-quarantine. Testing of other workers may be recommended consistent with guidance and / or at the request of the LBOH
- Post notice to workers and customers of important health information and relevant safety measures as outlined in Commonwealth's <a href="Maintainto:Mandatory Safety Standards">Mandatory Safety Standards for Workplaces</a>
- Facilities should maintain operating hours that allow for on-going off-hour sanitation and cleaning
  - Limit visitors and service providers on site; shipping and deliveries should be completed in designated areas
- Limit employee movement to discrete work zones to minimize overlap where possible
- Use of driving range, putting green and other practice facilities must follow social distancing protocols and must require use of masks or face coverings
- Require customers to reserve tee times in advance
- Ensure a sufficient gap between group tee times to allow for social distancing
- Allow water fountains / coolers to be used as refill stations only, provided that social distancing can be maintained. Customers and workers should bring their own water bottles

# MA COVID-19 Checklist

## **STAFFING & OPERATIONS**

#### Include safety procedures in the operations

- Additional on-site amenities and services may only open and operate when those amenities or services would otherwise be authorized to operate under the Commonwealth's Phased Reopening Plan and then must adhere to all sector-specific safety protocols, available on the <u>Reopening Plan website</u>, applicable to the amenity or service. Examples include:
  - Restaurants: Must follow the latest restaurant guidance
  - Bars: Must remain closed until Phase 4
  - · Pools: Outdoor and indoor pools must follow the latest EEA guidance
  - Gyms/Locker rooms: Must follow the latest health club and fitness center guidance
  - Spas: Must follow sector-specific standards (e.g., massages must follow the latest close contact business guidance, saunas or steam rooms must remain closed until Phase 4)
  - Pro shops: Must follow the latest retail guidance
  - Private events: Must follow the latest indoor and outdoor event guidelines

#### **CLEANING & DISINFECTING**

### **Incorporate robust hygiene protocols**

Clean commonly touched surfaces in restrooms (e.g., toilet seats, doorknobs, stall handles, sinks, paper towel dispensers, soap dispensers) frequently and in accordance with CDC guidelines
Conduct frequent cleaning and disinfection of site (at least daily, and more frequently if feasible)
Keep cleaning logs that include date, time, and scope of cleaning
Conduct frequent disinfecting of heavy transit areas, high-touch surfaces (e.g., doorknobs, railings, counters), shared equipment (e.g., bunker rakes, ball washers), and practice equipment (e.g., range balls, baskets)
In the event of a presumptive or positive case of COVID-19 at the golf facility, the clubhouse, pro shop, and other interior common areas must shut down for a deep cleaning and disinfecting of the workplace in accordance with current CDC guidance. Operations may continue at outdoor facilities provided that all interior spaces remained closed while being cleaned and sanitized in accordance with CDC guidance
Open windows and doors to increase airflow where possible
Disinfect golf carts and pull carts after each use
