

## 2019 Pre-Filed Testimony

# HOSPITALS AND PROVIDER ORGANIZATIONS

As part of the Annual Health Care Cost Trends Hearing

#### **Notice of Public Hearing**

Pursuant to M.G.L. c. 6D, § 8, the Massachusetts Health Policy Commission (HPC), in collaboration with the Office of the Attorney General (AGO) and the Center for Health Information and Analysis (CHIA), holds an annual public hearing on health care cost trends. The hearing examines health care provider, provider organization, and private and public health care payer costs, prices, and cost trends, with particular attention to factors that contribute to cost growth within the Commonwealth's health care system.

The 2019 hearing dates and location:

Tuesday, October 22, 2019, 9:00 AM Wednesday, October 23, 2019, 9:00 AM Suffolk University Law School First Floor Function Room 120 Tremont Street, Boston, MA 02108

The HPC will call for oral testimony from witnesses, including health care executives, industry leaders, and government officials. Time-permitting, the HPC will accept oral testimony from members of the public beginning at approximately 3:30 PM on Tuesday, October 22. Any person who wishes to testify may sign up on a first-come, first-served basis when the hearing commences on October 22.

The HPC also accepts written testimony. Written comments will be accepted until October 25, 2019, and should be submitted electronically to <a href="https://hpc-ncstimony@mass.gov">https://hpc-ncstimony@mass.gov</a>, or, if comments cannot be submitted electronically, sent by mail, post-marked no later than October 25, 2019, to the Massachusetts Health Policy Commission, 50 Milk Street, 8th Floor, Boston, MA 02109, attention Lois H. Johnson, General Counsel.

Please note that all written and oral testimony provided by witnesses or the public may be posted on the HPC's website: www.mass.gov/hpc.

The HPC encourages all interested parties to attend the hearing. For driving and public transportation directions, please visit the <u>Suffolk University website</u>. Suffolk University Law School is located diagonally across from the Park Street MBTA station (Red and Green lines). Parking is not available at Suffolk, but information about nearby garages is listed at the link provided. The event will also be available via livestream and video will be available on the <u>HPC</u>'s <u>YouTube Channel</u> following the hearing.

If you require disability-related accommodations for this hearing, please contact HPC staff at (617) 979-1400 or by email at <a href="mailto:HPC-Info@mass.gov">HPC-Info@mass.gov</a> a minimum of two weeks prior to the hearing so that we can accommodate your request.

For more information, including details about the agenda, expert and market participant witnesses, testimony, and presentations, please check the <u>Annual Cost Trends Hearing page</u> on the HPC's website. Materials will be posted regularly as the hearing dates approach.

#### **Instructions for Written Testimony**

If you are receiving this, you are hereby required under M.G.L. c. 6D, § 8 to submit written pre-filed testimony for the 2019 Annual Cost Trends Hearing.

You are receiving two sets of questions — one from the HPC, and one from the AGO. We encourage you to refer to and build upon your organization's 2013, 2014, 2015, 2016, 2017, and/or 2018 pre-filed testimony responses, if applicable. Additionally, if there is a point that is relevant to more than one question, please state it only once and make an internal reference. **If a question is not applicable to your organization, please indicate so in your response.** 

On or before the close of business on **September 20, 2019**, please electronically submit written testimony to: <a href="https://example.com/HPC-Testimony@mass.gov">HPC-Testimony@mass.gov</a>. Please complete relevant responses in the provided template. If necessary, you may include additional supporting testimony or documentation in an appendix. Please submit any data tables included in your response in Microsoft Excel or Access format.

The testimony must contain a statement from a signatory that is legally authorized and empowered to represent the named organization for the purposes of this testimony. The statement must note that the testimony is signed under the pains and penalties of perjury. An electronic signature will be sufficient for this submission.

If you have any difficulty with the templates or have any other questions regarding the pre-filed testimony process or the questions, please contact either HPC or AGO staff at the information below.

#### **HPC Contact Information**

For any inquiries regarding HPC questions, please contact General Counsel Lois H. Johnson at <a href="https://example.com/HPC-Testimony@mass.gov">HPC-Testimony@mass.gov</a> or (617) 979-1405.

#### **AGO Contact Information**

For any inquiries regarding AGO questions, please contact Assistant Attorney General Amara Azubuike at <a href="mailto:Amara.Azubuike@mass.gov">Amara.Azubuike@mass.gov</a> or (617) 963-2021.

#### **Pre-Filed Testimony Questions: Health Policy Commission**

#### 1. STRATEGIES TO ADDRESS HEALTH CARE SPENDING GROWTH:

Since 2013, the Massachusetts Health Policy Commission (HPC) has set an annual statewide target for sustainable growth of total health care spending. Between 2013 and 2017, the benchmark rate was set at 3.6%, and, on average, annual growth in Massachusetts has been below that target. For 2018 and 2019, the benchmark was set at a lower target of 3.1%. Continued success in meeting the reduced growth rate will require enhanced efforts by all actors in the health care system, supported by necessary policy reforms, to achieve savings without compromising quality or access.

- a. What are your organization's top strategic priorities to reduce health care expenditures? What specific initiatives or activities is your organization undertaking to address each of these priorities and how have you been successful?
   Gosnold's top priority to reduce expenditures has been to focus organizational effort on reducing re-admission to acute treatment services (ATS medically monitored detoxification). We have engaged administrative and clinical initiatives to accomplish this. When patients complete detoxification they are more likely to advance to a less restrictive level of care, continue treatment, and readmit fewer times to acute treatment. Gosnold also has expanded Medication Assisted Treatment and has added Partial Hospitalization to offer more robust community-based services to help individuals sustain recovery.
- b. What changes in policy, market behavior, payment, regulation, or statute would most support your efforts to reduce health care expenditures?
   Greater funding for residential and other community-based services would help individuals continue treatment across the continuum and reduce costly re-admission to acute treatment services.

## 2. STRATEGIES AND POLICIES TO SUPPORT INVESTMENT IN PRIMARY CARE AND BEHAVIORAL HEALTH CARE:

The U.S. health care system has historically underinvested in areas such as primary care and behavioral health care, even though evidence suggests that a greater orientation toward primary care and behavioral health may increase health system efficiency and provide superior patient access and quality of care. Provider organizations, payers, employers, and government alike have important roles in prioritizing primary care and behavioral health *while still restraining the growth in overall health care spending*.

- a. Please describe your organization's strategy for supporting and increasing investment in primary care, including any specific initiatives or activities your organization is undertaking to execute on this strategy and any evidence that such activities are increasing access, improving quality, or reducing total cost of care.
  Gosnold serves as a Behavioral Health Community Partner and integrates with ACOs, MCOs, and associated PCPs to better serve adults with complex mental health, substance use, and other physical health problems.
- b. Please describe your organization's top strategy for supporting and increasing investment in behavioral health care, including any specific initiatives or activities your organization

is undertaking to execute on this strategy and any evidence that such activities are increasing access, improving quality, or reducing total cost of care.

Gosnold continues to develop its continuum of care to include community-based supports, such as recovery coaching, care management, emergency department navigation, and overdose outreach intervention. Many of these services continue to rely on private and philanthropic payments to remain viable.

- c. Payers may also provide incentives or other supports to provider organizations to deliver high-functioning, high-quality, and efficient primary care and to improve behavioral health access and quality. What are the top contract features or payer strategies that are or would be most beneficial to or most effective for your organization in order to strengthen and support primary and behavioral health care?
  - There has been increased attention to continuing care planning and communication with PCPs across most all payers.
- d. What other changes in policy, market behavior, payment, regulation, or statute would best accelerate efforts to reorient a greater proportion of overall health care resources towards investments in primary care and behavioral health care? Specifically, what are the barriers that your organization perceives in supporting investment in primary care and behavioral health and how would these suggested changes in policy, market behavior, payment, regulation, or statute mitigate these barriers?
  - Despite continued effort toward integration, behavioral and physical health systems operate quite differently.

#### 3. CHANGES IN RISK SCORE AND PATIENT ACUITY:

In recent years, the risk scores of many provider groups' patient populations, as determined by payer risk adjustment tools, have been steadily increasing and a greater share of services and diagnoses are being coded as higher acuity or as including complications or major complications. Please indicate the extent to which you believe each of the following factors has contributed to increased risk scores and/or increased acuity for your patient population.

Factors	Level of Contribution
Increased prevalence of chronic disease among your patients	Major Contributing Factor
Aging of your patients	Not a Significant Factor
New or improved EHRs that have increased your ability to document diagnostic information	Minor Contributing Factor
Coding integrity initiatives (e.g., hiring consultants or working with payers to assist with capturing diagnostic information)	Not a Significant Factor
New, relatively less healthy patients entering your patient pool	Minor Contributing Factor
Relatively healthier patients leaving your patient pool	Not a Significant Factor
Coding changes (e.g., shifting from ICD-9 to ICD-10)	Not a Significant Factor
Other, please describe:	Level of Contribution
Click here to enter text.	

□ Not applicable; neither risk scores nor acuity have increased for my patients in recent years.

#### 4. REDUCING ADMINISTRATIVE COMPLEXITY:

Administrative complexity is endemic in the U.S. health care system. It is associated with negative impacts, both financial and non-financial, and is one of the principal reasons that U.S. health care spending exceeds that of other high-income countries. For each of the areas listed below, please indicate whether achieving greater alignment and simplification is a **high priority**, a **medium priority**, or a **low priority** for your organization. Please indicate **no more than three high priority areas**. If you have already submitted these responses to the HPC via the June 2019 *HPC Advisory Council Survey on Reducing Administrative Complexity*, do not resubmit unless your responses have changed.

Area of Administrative Complexity	Priority Level	
<b>Billing and Claims Processing</b> – processing of provider requests for payment and insurer adjudication of claims, including claims submission, status inquiry, and payment	High	
Clinical Documentation and Coding – translating information contained in a patient's medical record into procedure and diagnosis codes for billing or reporting purposes	Priority Level	
Clinician Licensure – seeking and obtaining state determination that an individual meets the criteria to self-identify and practice as a licensed clinician	Priority Level	
Electronic Health Record Interoperability – connecting and sharing patient health information from electronic health record systems within and across organizations	Priority Level	
Eligibility/Benefit Verification and Coordination of Benefits – determining whether a patient is eligible to receive medical services from a certain provider under the patient's insurance plan(s) and coordination regarding which plan is responsible for primary and secondary payment	High	
<b>Prior Authorization</b> – requesting health plan authorization to cover certain prescribed procedures, services, or medications for a plan member	Priority Level	
<b>Provider Credentialing</b> – obtaining, verifying, and assessing the qualifications of a practitioner to provide care or services in or for a health care organization	Priority Level	
<b>Provider Directory Management</b> – creating and maintaining tools that help health plan members identify active providers in their network	Priority Level	
<b>Quality Measurement and Reporting</b> – evaluating the quality of clinical care provided by an individual, group, or system, including defining and selecting measures specifications, collecting and reporting data, and analyzing results	Priority Level	
<b>Referral Management</b> – processing provider and/or patient requests for medical services (e.g., specialist services) including provider and health plan documentation and communication	Priority Level	
Variations in Benefit Design – understanding and navigating differences between insurance products, including covered services, formularies, and provider networks	High	

Area of Administrative Complexity	Priority Level
Variations in Payer-Provider Contract Terms – understanding and navigating differences in payment methods, spending and efficiency targets, quality measurement, and other terms between different payer-provider contracts	Priority Level
Other, please describe: Click here to enter text.	Priority Level
Other, please describe: Click here to enter text.	Priority Level
Other, please describe: Click here to enter text.	Priority Level

## 5. STRATEGIES TO SUPPORT ADOPTION AND EXPANSION OF ALTERNATIVE PAYMENT METHODS:

For over a decade, Massachusetts has been a leader in promoting and adopting alternative payment methods (APMs) for health care services. However, as noted in HPC's 2018 Cost Trends Report, recently there has been slower than expected growth in the adoption of APMs in commercial insurance products in the state, particularly driven by low rates of global payment usage by national insurers operating in the Commonwealth, low global payment usage in preferred provider organization (PPO) products, and low adoption of APMs other than global payment. Please identify which of the following strategies you believe would most help your organization continue to adopt and expand participation in APMs. Please select no more than three.

$\boxtimes$	Expanding APMs other than global payment predominantly tied to the care of a
	primary care population, such as bundled payments
	Identifying strategies and/or creating tools to better manage the total cost of care for
	PPO populations
	Encouraging non-Massachusetts based payers to expand APMs in Massachusetts
	Identifying strategies and/or creating tools for overcoming problems related to small
	patient volume
$\boxtimes$	Enhancing data sharing to support APMs (e.g., improving access to timely claims
	data to support population health management, including data for carve-out vendors)
$\boxtimes$	Aligning payment models across payers and products
	Enhancing provider technological infrastructure
	Other, please describe: Click here to enter text.

#### Pre-Filed Testimony Questions: Attorney General's Office

- For provider organizations: please submit a summary table showing for each year 2015 to 2018 your total revenue under pay for performance arrangements, risk contracts, and other fee for service arrangements according to the format and parameters reflected in the attached <u>AGO</u>
   <u>Provider Exhibit 1</u>, with all applicable fields completed. To the extent you are unable to provide complete answers for any category of revenue, please explain the reasons why. Include in your response any portion of your physicians for whom you were not able to report a category (or categories) of revenue.
- 2. Chapter 224 requires providers to make price information on admissions, procedures, and services available to patients and prospective patients upon request.
  - a. Please use the following table to provide available information on the number of individuals that seek this information.

Health Care Service Price Inquiries Calendar Years (CY) 2017-2019					
Year		Aggregate Number of Written Inquiries	Aggregate Number of Inquiries via Telephone or In- Person		
	Q1				
CY2017	Q2				
C12017	Q3				
	Q4				
	Q1				
CY2018	Q2				
C 1 2018	Q3				
	Q4				
CY2019	Q1				
C12019	Q2				
	TOTAL:				

- b. Please describe any monitoring or analysis you conduct concerning the accuracy and/or timeliness of your responses to consumer requests for price information, and the results of any such monitoring or analysis.
  - We very rarely have any patient requests for policy or procedures related to admission. Gosnold has a centralized Patient Access Department with expertise in all insurance products.
- c. What barriers do you encounter in accurately/timely responding to consumer inquiries for price information? How have you sought to address each of these barriers?
   We have no barriers in this realm.

- 3. For hospitals and provider organizations corporately affiliated with hospitals:
  - a. For each year 2016 to present, please submit a summary table for your hospital or for the two largest hospitals (by Net Patient Service Revenue) corporately affiliated with your organization showing the hospital's operating margin for each of the following four categories, and the percentage each category represents of your total business: (a) commercial, (b) Medicare, (c) Medicaid, and (d) all other business. Include in your response a list of the carriers or programs included in each of these margins, and explain whether and how your revenue and margins may be different for your HMO business, PPO business, and/or your business reimbursed through contracts that incorporate a per member per month budget against which claims costs are settled.
  - b. For **2018 only**, please submit a summary table for your hospital or for the two largest hospitals (by Net Patient Service Revenue) corporately affiliated with your organization showing for each line of business (commercial, Medicare, Medicaid, other, total) the hospital's inpatient and outpatient revenue and margin for each major service category according to the format and parameters provided and attached as **AGO Provider Exhibit 2** with all applicable fields completed. Please submit separate sheets for pediatric and adult populations, if necessary. If you are unable to provide complete answers, please provide the greatest level of detail possible and explain why your answers are not complete.
