MAURA T. HEALEY
GOVERNOR

KIMBERLEY DRISCOLL
LIEUTENANT GOVERNOR

April 2, 2025

To the Honorable Senate and House of Representatives:

I am filing for your consideration a bill entitled *An Act Making Appropriations for Fiscal Year 2025 to Provide for Supplementing Certain Existing Appropriations and for Certain Other Activities and Projects*.

This legislation provides additional resources for our most time-sensitive deficiencies to ensure the continuation of critical state services and programs. The Administration continues to prioritize good fiscal management of the budget, which has been even more important during these times of high inflation and federal uncertainty.

The bill appropriates \$756.3 million gross (\$544.7 million net cost to the state) to ensure the maintenance of vital programs, pay for our obligations in a timely manner, and keep our commitments to key priorities.

I am recommending \$189.6 million for our child care financial assistance programs to support the significant progress that we have made in helping families access affordable care. This investment will ensure that our providers receive the aid needed to offer our children the best care possible.

This budget also includes \$60 million (\$0 net cost to the state) for the Executive Office of Aging & Independence's most vital direct care services, including home care services. This additional funding will ensure continued access for our aging residents in need of acute care.

In addition, I am proposing \$42.9 million for the Residential Assistance for Families in Transition (RAFT) Program, which provides resources to keep families at risk of eviction in their homes. This bill also provides \$15.5 million (\$7.8 million net cost to the state) for the replacement of electronic benefits transfer cards with more secure cards to help combat food benefit theft.

I am also seeking \$10 million to provide enhanced support for our local and regional emergency medical services providers. This new funding will reimburse providers for extraordinary costs incurred to provide services.

Other key appropriations include:

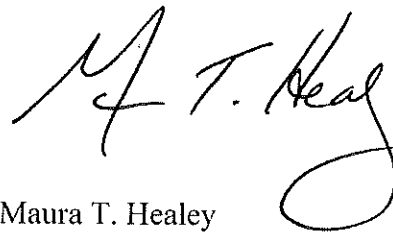

- \$240 million for state employee health care costs under the Group Insurance Commission
- \$134.5 million for supplemental payments to safety net hospitals through the Medical Assistance Trust Fund, which are wholly offset by federal reimbursements
- \$15 million for grants and marketing supports related to the 250th anniversary of the American Revolution
- \$5.8 million for annuity payments to veterans, recently increased under the HERO Act
- \$4.2 million for the State Police Crime Lab to ensure the timely review of evidence

Additionally, notable outside sections include:

- Permitting MEMA vehicles to use red and blue lights when responding to emergency situations
- Increasing construction procurement thresholds for DCAMM projects in line with recent recommendations from the Public Construction Working Group
- Makes technical corrections to recently passed legislation

I want to reiterate my support for this legislation and the funding recommendations contained within. Sufficient revenues are available to finance the appropriations and other proposed measures, and I urge you to promptly consider and enact this legislation.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'M. T. Healey', with a large, stylized loop at the end.
