PLANT INVESTMENT ACCOUNTS

Show for all items of plant, classified in accordance with the prescribed Uniform System of Accounts, the particulars called for by the column headings.

Credits in column (d) for plant retired during the year should be fully explained in a footnote. Column (e), "Adjustments During Year" should be interpreted to mean modifications of entries made in prior accounting periods. When any adjusting entry is made in Column (e), the credit to the account should be shown in red; in case the amount is transferred to some other account in the same schedule, the debit amount should appear in the same column in black.

When the whole or any part of "Uninished Construction" is transferred to the Plant accounts, the amounts transferred should appear in Column (e) in red and the amounts should appear in Column (c) in black.

SUPPLY INFORMATION

Give a full and complete description of the source or sources from which water is obtained.
 State whether these sources are owned or leased by the company. If they are leased, quote the terms of the leases. Give the date of the latest opinion of the Department of Public Health regarding each of these sources of supply.

The Company owns the well located at 87 Blandford Road, which currently is its only source. MassDEP inspected this source on December 10, 2018.

2. Watersheds owned by the Company.

Location	Area	When Bought	Cost
157 Blandford Road	25.25 Acres	Oct-10	1,000
Church Cross Road	1.5 Acres	Dec-20	35
Church Cross Road	4.5 Acres	Sep-32	350

C.		. *		
D.				
E.				
F				

7. Describe the reservoirs, stating to what extent they are artificial; to what extent their bottoms were cleaned before being put into service; to what extent their slopes and bottoms are paved; what provisions have been made for raising the water level and increasing the capacity; and give the character of construction of any dams:

Cistern is 10' deep, masonry construction, sand floor with reinforced concrete roof. The cistern currently serves as emergency storage to a 15,000 gallon fiberglass tank. The fiberglass tank was installed in 2005.

Note: Cost means the original cost of installation, not the book value.

PUMPING INFORMATION

 Give a general description of the method employed for delivering the water to the consumers, stating whether gravity is utilized or not; whether the company owns a pumping station or not; and giving all other pertinent information:

Gravity by 6" cast iron main from fiberglass storage tank. Water is pumped fron 150' deep well installed in 1953.
