At this public meeting DCR will present the updated design for the Gronk Playground that is proposed for the former Charlesbank Playground area on the Charles River Greenway near the MA State Police Department, at the intersection of Storrow Drive and Monsignor O'Brien Highway. The goal is to create a new playground with a fitness theme that will include exciting new playground features with extensively incorporated universal access. This meeting is following the prior public meeting hosted by DCR on February 16th, 2023, and material presented at that meeting can be accessed by following [this link](#).

The public will be invited to ask questions and provide feedback on the presentation by unmuting their microphones, or the chat functionality that will be available through the virtual participation platform. After the meeting, the presentation will be available for viewing at <https://www.mass.gov/dcr/past-public-meetings>. DCR encourages the public to share additional feedback, with a deadline for receipt of comments by DCR of November 16th, 2023. Comments may be submitted online at <http://www.mass.gov/dcr/public-comment>. Please note that the content of comments you submit to DCR, along with your name, town, and zip code, will be posted on DCR's website. Additional contact information required when commenting, notably email address, will only be used for outreach on future updates on the subject project or property.
