Board of Registration in Nursing**

244 CMR 6.08(1)(g): Grounds for Board of Registration in Nursing (Board) review of a program's approval status and site visit shall include ongoing annual NCLEX pass rate less than 80% for first-time writers.

Guideline for NCLEX Self-Evaluation Report Related To 244 CMR 6.08(1)(g)

Programs with an annual NCLEX pass rate less than 80% for first-time writers for any second year within a three-year period will conduct a self-evaluation for compliance with all Board regulations at 244 CMR 6.04(1)-(5).

NCLEX Self-Evaluation Purpose:

In submitting a NCLEX self-evaluation report (NCLEX Report) related to 244 CMR 6.08(1)(g): ongoing annual NCLEX pass rate less than 80% for first-time writers, faculty are directed to evaluate and provide satisfactory evidence of the program's compliance with all Board regulations at 244 CMR 6.04 (1)-(5) with the intent to:

- guide the program faculty and administration in examining all aspects of the program in order to identify factors that may have contributed to the pass rate;
- facilitate faculty and administration with identification of program strengths and weaknesses; and
- assist the faculty and program administrator to develop a corrective action plan.

NCLEX Report Format:

1. A table of contents should be included and pages should be numbered sequentially, including the appendices.
2. This document should be attached to the report with page numbers and table numbers entered into the spaces provided.
3. All sections in the report should be clearly labeled and sequential in relation to the regulation being addressed.
4. State the regulation followed by a narrative description of compliance. At a minimum the narrative must address the essential questions for each regulation.
5. A hard copy and an electronic version of the NCLEX Report must be submitted by the due date.
6. The report should conclude with identification of: regulatory compliance and non-compliance; factors contributing to the program's NCLEX performance based on analysis of the data and evidence presented in each section; a clear description of the corrective measures for each factor; and a timeline for implementation and reevaluation.
7. Do NOT include student names (use codes or legends to identify students)
8. Include a current electronic version of the following: nursing student handbook, faculty handbook, and college catalog.
9. Reports that are not submitted in the correct format will be returned to the program for revision.
