Transmittal Letter HCBS-4
November 2016

TO: Home- and Community-Based Services Waiver Providers Participating in MassHealth

FROM: Daniel Tsai, Assistant Secretary for MassHealth 

RE: *Home- and Community-Based Services (HCBS) Waiver Manual* (Revised provider regulations)

This letter transmits revisions to the regulations at 130 CMR 630.000. These revisions to 130 CMR 630.000 update the regulation to align it with the current Acquired Brain Injury and Money Follows the Person waivers as approved by the Centers for Medicare and Medicaid Services (CMS), and provide additional clarity around the provision of HCBS waiver services. In particular, these revisions:

- Delete references to community-based substance abuse treatment services, as these services are no longer provided pursuant to the HCBS waivers or this regulation. These services are now available as state plan services, and not waiver services.
- Clarify that providers of shared home supports must be licensed by the Department of Developmental Services.
- Update the lists of services available under the ABI waivers, to align with the list of services available under the ABI waivers as approved by CMS.
- Clarify the procedures for waiver service planning to align with current practice.
- Clarify that supported employment services are not covered when provided in settings that are comprised solely of individuals with disabilities, also known as sheltered workshops.
- Extend the period of time under which transitional assistance services may be provided before a waiver participant's discharge from a facility.
- Clarify that locations at which home- and community-based waiver services are provided must comply with site requirements of the waiver operating agencies.

These regulations are effective December 2, 2016.
