

Join the Healey-Driscoll Administration Maternal Health Listening Sessions

Have you given birth in Massachusetts, or taken care of someone who has?

The Massachusetts Department of Public Health (DPH) invites you to join virtual or in-person public listening sessions. We want to hear directly from people who have experienced difficulty with our maternal health system in order to learn, make recommendations to improve services, and help more people give birth safely.

Did you face any barriers to getting pregnancy, delivery, and post-partum care services in your area?

What kind of care did you or your loved one receive while pregnant and for the first year after birth?

Listening sessions (all sessions except Leominster are 6:00-7:30 p.m.):

- **Brockton**: Friday, October 20, at West Middle School Auditorium
271 West Street, Brockton MA 02301
- **Springfield**: Monday, October 23, at Community Music School of Springfield
7 State Street, Springfield, MA 01103; Concert Hall
- **Lynn**: Tuesday, October 24, at Northshore Community College Lynn Campus
300 Broad St, Lynn, MA 01901; Lynn East Gymnasium
- **Virtual (General Public)**: Wednesday, October 25
- **Virtual (Disability Self-Advocates)**: Thursday, October 26
- **Leominster**: Thursday, October 26, 5:30-7:30 p.m. at Leominster City Hall
25 West St, Leominster, MA 01453

Interested participants can register for virtual sessions or sign up to speak and submit written testimony using this link:
