

DESIGN PUBLIC HEARING

NOVEMBER 13TH, 2018

AT

DEERFIELD MUNICIPAL OFFICE – MAIN MEETING ROOM

SOUTH DEERFIELD, MASSACHUSETTS

7:00 PM

FOR THE PROPOSED

**DEERFIELD- WHATELY- RESURFACING & RELATED WORK ON ROUTES 5 &10,
FROM OLD STATE ROAD TO CONWAY ROAD (1.1 MILES)**

**Project No. 606011
Bridge No. D-06-036 (5LD)
Roadway Project Management**

IN THE TOWNS OF DEERFIELD AND WHATELY, MASSACHUSETTS

**COMMONWEALTH OF MASSACHUSETTS
MASSACHUSETTS DEPARTMENT OF TRANSPORTATION
HIGHWAY DIVISION**

**JONATHAN GULLIVER
HIGHWAY ADMINISTRATOR**

**PATRICIA A. LEAVENWORTH, P.E.
CHIEF ENGINEER**

**THE COMMONWEALTH OF MASSACHUSETTS
MASSACHUSETTS DEPARTMENT OF TRANSPORTATION – HIGHWAY DIVISION
NOTICE OF A PUBLIC HEARING**

Project File No. 606011

A Design Public Hearing will be held by MassDOT to discuss the proposed resurfacing and related work on Routes 5 & 10, from Old State Road to Conway Road in Deerfield and Whately, MA.

WHERE: Deerfield Municipal Office – Main Meeting Room
8 Conway Street
South Deerfield, MA 01373

WHEN: Tuesday, November 13th, 2018 @ 7:00 PM

PURPOSE: The purpose of this hearing is to provide the public with the opportunity to become fully acquainted with the proposed resurfacing and related work project on Routes 5 & 10. All views and comments made at the hearing will be reviewed and considered to the maximum extent possible.

PROPOSAL: Work for the Routes 5 and 10 resurfacing project in Deerfield and Whately will consist of milling the existing paved surface and resurfacing with hot mix asphalt pavement. Work will also include new sidewalks, crosswalks and pedestrian signals at Elm Street, replacing signs and guardrail as needed, repairing hot mix asphalt berm, and new pavement markings. The project limits are as follows: Route 5 & 10 from Old State Road to Conway Road (1.1 Miles).

A secure right-of-way is necessary for this project. Acquisitions in fee and permanent or temporary easements may be required. The Commonwealth of Massachusetts is responsible for acquiring all needed rights in private or public lands. MassDOT's policy concerning land acquisitions will be discussed at this hearing.

Written views received by MassDOT subsequent to the date of this notice and up to five (5) days prior to the date of the hearing shall be displayed for public inspection and copying at the time and date listed above. Plans will be on display one-half hour before the hearing begins, with an engineer in attendance to answer questions regarding this project. A project handout will be made available on the MassDOT website listed below.

Written statements and other exhibits in place of, or in addition to, oral statements made at the Public Hearing regarding the proposed undertaking are to be submitted to Patricia A. Leavenworth, P.E., Chief Engineer, MassDOT, 10 Park Plaza, Boston, MA 02116, Attention: Roadway Project Management, Project File No. 606011. Such submissions will also be accepted at the hearing. Mailed statements and exhibits intended for inclusion in the public hearing transcript must be postmarked within ten (10) business days of this Public Hearing. Project inquiries may be emailed to dot.feedback.highway@state.ma.us

This location is accessible to people with disabilities. MassDOT provides reasonable accommodations and/or language assistance free of charge upon request (including but not limited to interpreters in American Sign Language and languages other than English, open or closed captioning for videos, assistive listening devices and alternate material formats, such as audio tapes, Braille and large print), as available. For accommodation or language assistance, please contact MassDOT's Chief Diversity and Civil Rights Officer by phone (857-368-8580), fax (857-368-0602), TTD/TTY (857-368-0603) or by email (MassDOT.CivilRights@dot.state.ma.us). Requests should be made as soon as possible prior to the meeting, and for more difficult to arrange services including sign-language, CART or language translation or interpretation, requests should be made at least ten (10) business days before the meeting.

In case of inclement weather, hearing cancellation announcements will be posted on the internet at <http://www.massdot.state.ma.us/Highway/>

JONATHAN GULLIVER
HIGHWAY ADMINISTRATOR

PATRICIA A. LEAVENWORTH, P.E.
CHIEF ENGINEER

Dear Concerned Citizen:

The Massachusetts Department of Transportation (MassDOT) is committed to building and maintaining a transportation infrastructure that is both safe and efficient for all who use our roadways, bridges, bicycle facilities and pedestrian paths, while maintaining the integrity of the environment.

As part of the design process for this project, we are conducting this public hearing to explain the proposed improvements, listen to your comments and answer any questions you may have. At the conclusion of the hearing, MassDOT will review all of your comments and, where feasible, incorporate them into the design of the project.

We recognize that road and bridge construction can create inconveniences for the public. MassDOT places a great deal of emphasis on minimizing the temporary disruptive effects of construction.

MassDOT encourages input from local communities and values your opinions. Please be assured that we will undertake no project without addressing the concerns of the community.

Sincerely,

Patricia A Leavenworth, P. E.
Chief Engineer

WHAT IS A PUBLIC HEARING?

WHY A PUBLIC HEARING?

To provide an assured method whereby the Commonwealth of Massachusetts can furnish to the public information concerning the State's highway construction proposals, and to afford every interested resident of the area an opportunity to be heard on any proposed project. At the same time, the hearings afford the Commonwealth an additional opportunity to receive information from local sources which would be of value to the State in making its final decisions to what design should be advanced for development.

WHY NOT A VOTE ON HIGHWAY PLANS?

The hearings are not intended to be a popular referendum for the purpose of determining the nature of a proposed improvement by a majority of those present. They do not relieve the duly constituted officials of a State highway department of the necessity for making decisions in State highway matters for which they are charged with full responsibility.

WHAT DOES A PUBLIC HEARING ACCOMPLISH?

It is designed to ensure the opportunity for, or the availability of, a forum to provide factual information which is pertinent to the determination of the final alternative considered by the state to best serve the public interest, and on which improvement projects are proposed to be undertaken.

It is important that the people of the area express their views in regard to the proposal being presented, so that views can be properly recorded in the minutes of the meeting. These minutes will be carefully studied and taken into consideration in the determination of the final design.

TO SAFEGUARD THE PROPERTY OWNER

If your property, or a portion of it, must be acquired by the State for highway purposes in the interest of all people of the Commonwealth, your rights are fully protected under the law. Briefly, here are some of the answers to questions you might ask.

1. WHO CONTACTS ME?

Representatives of the Right of Way Bureau of the Massachusetts Department of Transportation's Highway Division. They will explain the impacts and your rights as protected under Massachusetts General Laws Chapter 79.

2. WHAT IS A FAIR PRICE FOR MY PROPERTY?

Every offer is made to ensure that an equitable value is awarded to you for the property, or to appraise the "damage" to the property as a result of the acquisition. MassDOT appraisers, independent appraisers, MassDOT "Review Appraisers" and a Real Estate Appraisal Review Board may all contribute in arriving at an award of damages. The State also pays a proportionate part of the real estate tax for the current year for fee takings, and interest from the date the property is acquired to the payment date, on all impacts.

3. MUST I ACCEPT THE DEPARTMENT'S OFFER?

No. If, after the figure established as market value has been offered to the owner, the owner feels he or she is not being offered a fair price, he or she has the right, within three years, to appeal to the courts. Pending a court decision, he or she can be paid on a "pro-tanto" basis (or "for the time being") that in no way prejudices the court appeal.

4. WHAT WILL HAPPEN TO MY HOUSE?

The owner will have the opportunity to buy back his or her house, provided he or she has a location to which it can be moved, and the proper permits for its removal. If the owner does not wish to repurchase, the house will be advertised for bids. The highest bidder, who must also have a location and permits for removal, will be awarded the house. Otherwise, the structure will be slated for demolition.

5. WHAT HAPPENS IF I MUST RELOCATE?

In addition to the market value of the property, the Department pays certain relocation benefits for both owners and tenants of acquired residences and businesses who meet eligibility requirements. Assistance in relocation is also provided. Department brochures are available for details on these benefits.

Functional Design Report

Resurfacing & Related Work on Route 5/10 – Deerfield & Whately, Massachusetts

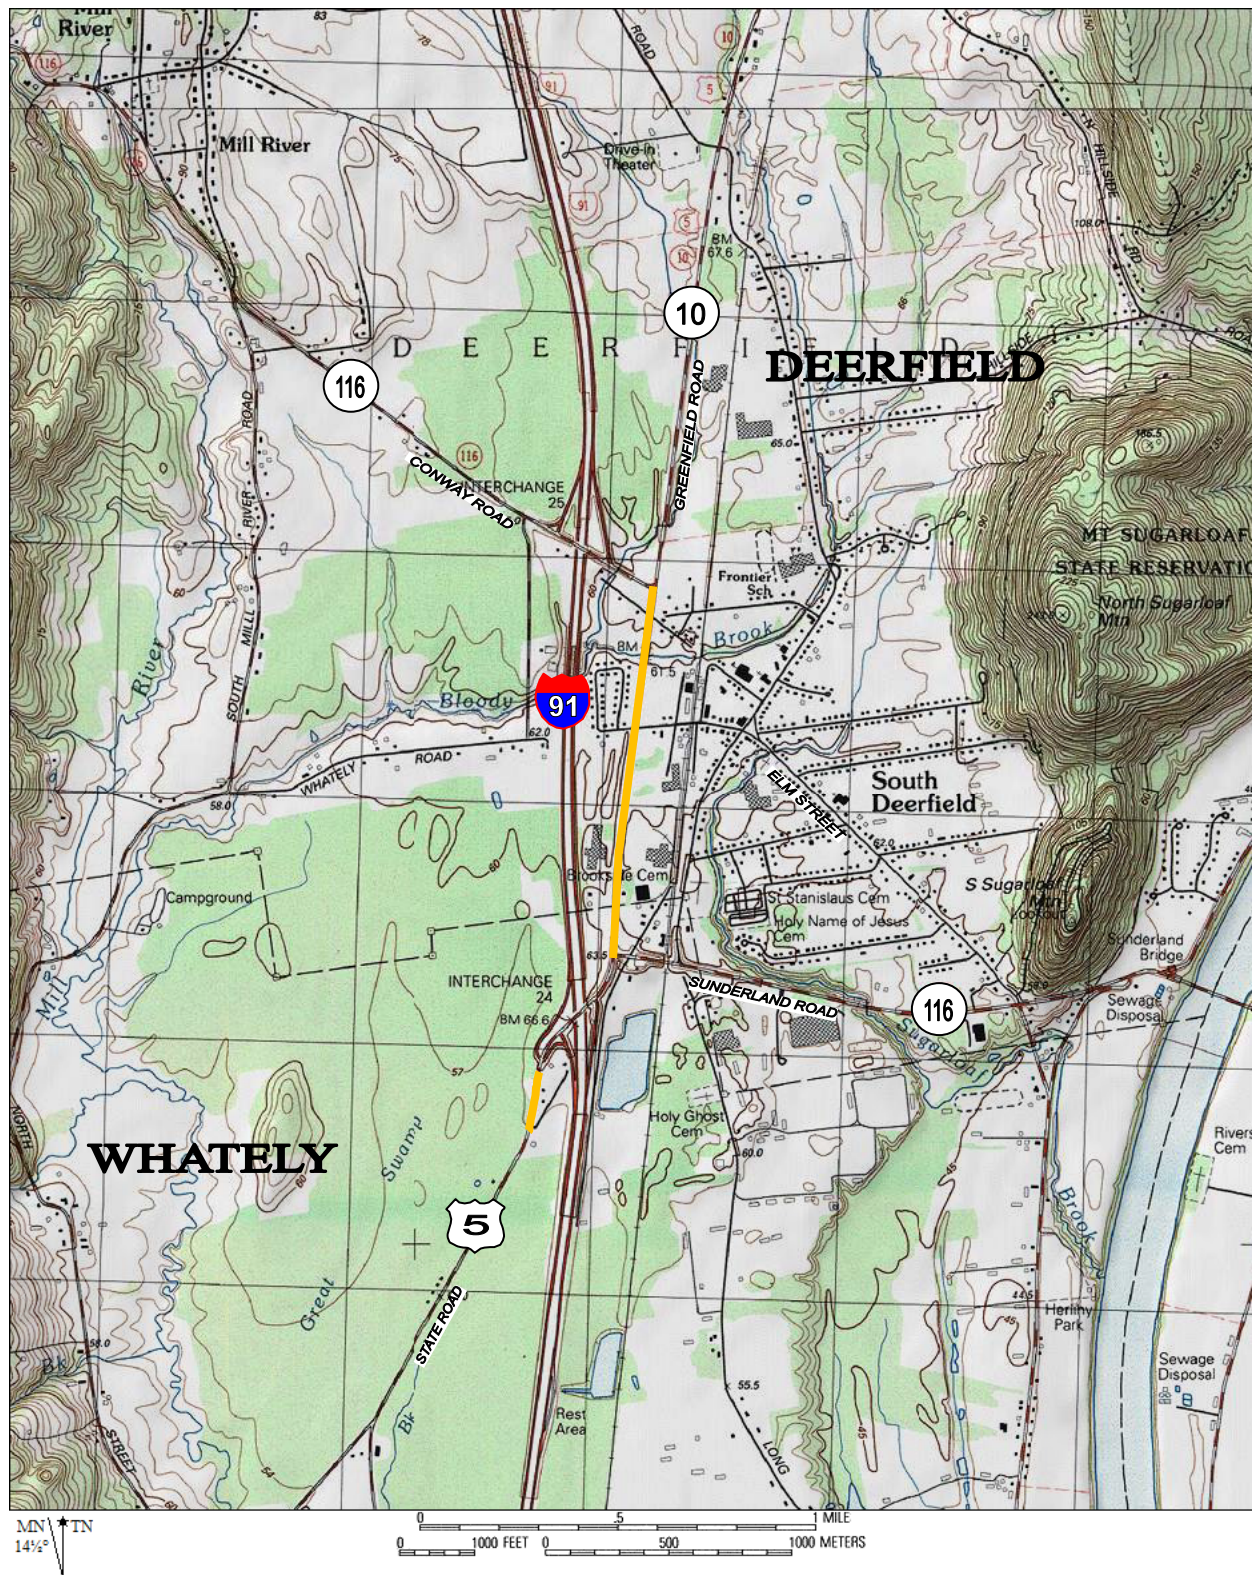

Figure 1
Site Location Map

The project consists of pavement resurfacing and widening to accommodate appropriate shoulders, as well as pedestrian and bicycle accommodations, enhanced pavement markings, and traffic signal upgrades.

The project area includes 0.2 miles of Route 5 in Whately and 0.9 miles of Route 5/10 in Whately and Deerfield. The two project areas are separated by a segment of roadway and Bridge No. W-33-20 over Interstate 91 (I-91), which are not included as part of this project. The work along Route 5 will begin approximately 0.35 miles south of the Route 5 overpass and continue north for approximately 0.2 miles, terminating prior to the overpass. The segment of work on Route 5/10 will begin north of the I-91 overpass at the intersection of Route 5/10 and Route 116 (Sunderland Road) and continue north to just beyond the intersection of Route 5/10 and Route 116 (Conway Road). At both the northern and southern extents of this section of the project, the limits will match an existing pavement joint. Also included in the project is the reconstruction of the Old State Road Right-of-Way located just south of the Whately Diner.

The purpose of the project is to upgrade the roadway surface conditions while improving vehicular safety and capacity, as well as pedestrian and bicycle accessibility throughout the corridor. The project includes resurfacing and minor widening to provide a consistent cross-section, consisting of 11-foot travel lanes and 5-foot shoulders along Route 5/10 north of Sunderland Road (Route 116). Sidewalks will be constructed along the west side of Route 5/10 between the Whately/Deerfield town line and Elm Street, and on the east side of Route 5/10 between Elm Street and Conway Road (Route 116). The cross-section for the 0.2-mile segment of Route 5 south of I-91 will consist of two 12-foot travel lanes and 6- to 9-foot shoulders. Sidewalks will not be included along this segment of the project.
