

Scope of CCBHC Services:

- 24/7 crisis mental health services
- Care coordination
- Screening, assessment, diagnosis, and referrals to appropriate levels of care
- Patient-centered treatment planning
- Outpatient mental health & substance use disorder services
- Primary care screening & monitoring
- Targeted case management
- Psychiatric rehabilitation services
- Peer support, counseling, & family support services
- Services for active members of the military, their families, & veterans

Providing treatment & recovery services to individuals with mild, moderate, and the most serious/complex mental and substance use disorders

What is CCBHC?

ACCESS.

STABILIZATION.

TREATMENT.

It's all about receiving timely access to much needed services, which leads to stabilization and treatment.

Assessment staff based at High Point's New Bedford Outpatient clinic helps to increase patient access to screening and assessments for mental health, substance use, and co-occurring treatment services.

This is the first step in helping stabilize individuals in crisis and providing them with necessary treatment.

Individual & Family-centered integrated services provided to all individuals, regardless of ability to pay

How to Access Services

Referrals accepted from

- community-based providers, state, and local agencies
- local Emergency Department
- self-referral

What is the Process?

1. Call or walk in during 'open access'
2. Set up transportation to the clinic
3. Meet with a recovery coach/clinician to be screened
4. Get fast-tracked to High Point's continuum of care or be referred to community provider/s
5. Receive ongoing support throughout treatment
