

Online Insurance Archive Search Instructions

The Department of Industrial Accidents (DIA) has converted the insurance coverage information that were previously available on microfilm to a digital format. The new digital format will be accessible through the DIA website via **DIA Insurance Archive portal**. The information contained in these records dates from approximately 1940 through 1986. For matters after 1986, the DIA's Case Management System would have the insurer of record for all compensable injuries that were reported to the agency.

The search tips below are designed to assist with navigating the new portal.

The portal home page:

The screenshot shows the top navigation bar with "Accessibility" on the right. Below it is the "Department of Industrial Accidents" logo and name. A breadcrumb trail reads "Home / Microfilm". A blue banner with "MICROFILM" is followed by the heading "Insurance Policy Coverage Search". The search form includes four input fields: "Insurer", "Employer" (with a "Required" label), "Policy Begin Date" (with a date format hint "mm/dd/yyyy"), and "Policy End Date" (with a date format hint "mm/dd/yyyy").

Search Tips- Required Fields:

- Employer's name is required.
- Search variations of a particular name may be necessary to obtain a match. For example, a company named John Sullivan and Sons, may appear as J Sullivan and Sons or J Sullivan & Sons or John Sullivan & Sons, etc.
- Policy begin and end dates must be in this format - 06/01/1979.
- If the date range is not available, enter the company name or partial company name. The system will search for all records containing that string automatically.

This screenshot shows the same search form as above, but with an example search. The "Insurer" field is empty. The "Employer" field contains the text "sullivan". The "Policy Begin Date" and "Policy End Date" fields are empty. A "SEARCH" button is visible at the bottom of the form.

Example – Sullivan search:

Search Tips-Refine Search Results:

- To narrow the results, refine the search string by adding relevant terms with an asterisk between them, for example Sullivan*Brothers, or Sullivan*Electrical, etc. The asterisk (*) helps with a more accurate search.

Search Tips- To View the record:

- To view the insurance record, click on the Download link under that column. Depending on the Internet browser being used, a download window like this may appear (Microsoft Edge shown):

- Click on the “open file” link and you will get the downloaded insurance record.
